Bond Refunding Saves $73,000

BY LEWARD HOOD

In a move to save the City of Canyon $73,000 in future annual interest charges, City Commissioners Tuesday night agreed to excercise a call option and refund $455,000 in water works and sewer bonds issued in 1957.

The action came at the urging of the city's financial advisor, Bob Davis, who said "this is something that we (Columbian Securities Corp.) feel is good for the city."

The bonds originally were issued at an interest rate of 4.75 in 1957; the option call and refund action will guarantee a lower interest rate of 4.5, per cent, Davis told the commission.

The option call brings pay-off of bonds to a 1981 date, instead of the original pay-off date of 1987. Davis said the savings will result from the interest payments the city would otherwise have made during the 1981-1987 tenure.

Refunding of bonds also will bring a projected increase of $8,000 on annual payment of interest. The city will pay the increase from reserve funds through 1975, a year when debt service costs are expected to drop by $27,000, Davis said.

Speaking of current reserve funds, Mayor J. Manly Bryan remarked, "We have a good surplus, including $68,000 in the present budget for capital improvements." And of the commission's Tuesday action on refunding of bonds, he declared optimistically, "We are going to save $73,000 over the next ten years."

During discussion Davis pointed out that "Canyon is a growing community and enjoys one of the finest bond ratings possible. He said the refunding "should make it possible for the city to get at least an "A" rating on the bonds."

He suggested at least two representatives of city government travel to New York to confer with officials of Moody's Investor Service to seek the "A" rating for the city in light of the city's improved financial situation. Canyon now holds a "B-A„ rating.

Davis said it would cost Canyon taxpayers about $300 or $350 per person in trip expenses to New York. It would be well worth the investment, if city officials were to return with a "A" rating after convincing the New York bonding company's officials that Canyon deserves such a rating.

Talking to the New York officials directly, he said, should convince the bonding company of the city's sound financial condition in order to secure the higher rating.

Commissioners advised Davis they would take the matter under consideration and discuss it again at the next session of the commission. Commissioners indicated prospects for sending the two-man delegation to New York in mid-April or later were "favorable."

In other action, the commission re-appointed Dr. Edwin Low as City Health Officer. Dr. Low has served in the post for the past two years.

Two zoning requests were approved following public hearings Tuesday night. The city Planning and Zoning Commission had recommended approval of both requests, which included requests by Taylor-Foster Developers and Arch Hunsley to rezone areas on the south side of Foster Lane in Pioneer Estates, and respectively in Block 7 of Hunsley Hills. Final plat for the latter project was approved.

The request by Taylor-Foster asked a change from single-fami-

(See BOND, Page 7)

Moore Re-Elected

Dr. Dudley Moore was elected president of the school board Tuesday after being sworn in as a newly elected board member.

Dr. Moore, Walter Graham, and Richard Pruett were elected Saturday. Dr. Moore and Graham were incumbents, Pruett is a new board member.

Tom Keeling was elected vice-president, Ed Wieck, secretary, and Roscoe Richardson, associate secretary.

Pruett, Dr. Moore and Superintendent Jerry Jacobs were to meet at a later date so the workings of the school board could be explained to Pruett.

The next regular meeting of the school board was set for April 17. Board members were invited to attend a reception in honor of Mrs. Luci Johnson Nugent at 7 p.m. April 17 and to hear her speak to parents of children in special education classes.

The reception is by invitation only, according to Jacobs. The board will meet at 9 p.m. following Mrs. Nugent's speech.

During the educational portion of the board meeting, the girls and boys track programs, the golf program, the tennis program, and the baseball program were discussed by coaches of those sports.

Coach Bob Schneider said the girls track teams were competing in University Interscholastic League Competition for the first time this year.

In the seventh grade, 65 girls are running track, in the eighth grade, 60 girls and in the ninth

Schools To Change To New Three Quarter Plan

Canyon public schools will change to a new three-quarter yearly schedule in September of 1973.

Schools however will be operated just as they have been until that time, Superintendent Jerry Jacobs reported Tuesday.

New state law will make it mandatory for all Texas districts to adopt the new quarter system in 1973.

Some school systems in the state are expected to pilot test the new system this year, but Jacobs said no such test will be conducted here.

Jacobs said in 1973 Canyon schools will replace the traditional 180-day school system with a three-quarter plan which will divide the school year into three 12-week sessions of 60 days each.

"This will create a little confusion," Jacobs noted, "but it won't be as bad as some make it out to be. Our teachers will work the same number of days each year, and operation will be just about like it is now, we will just break it down to a tri-semester basis."

Jacobs said local school officials have not yet made out an exact calendar plan yet. "We will formulate our plans next year."

Tentative guidelines for school systems to follow have been approved by the State Board of Education, a release from the Texas Education Agency said. "Most Texas districts are expected to offer three quarters of instruction, at least during the first year. State funds allocated to districts under the Foundation School Program will cover only the usual 180 days of instruction plus 10 days for teacher in-service training."

Under the guidelines issued by the state board school districts may choose to operate a fourth quarter.

Jacobs said however that Canyon schools initially will in 1973 operate on the three-quarter setup.

More information concerning the upcoming changes in school-year scheduling will be available at a later date, as Canyon officials make their plans.

Thirty Day Eligibility Set For Voting

Persons who have resided in the state of Texas for 30 days are eligible to vote in any city, county, state or federal election, according to Bob Bullock, secretary of state.

Mrs. Audrey Bruse, tax assessor-collector, said persons are eligible to vote on the 31st day of residency.

The Texas Election Code still includes a one year residency requirement, Mrs. Bruse said, but the new ruling came from a U.S. Supreme Court case.

The decision of the court in

(See VOTERS, Page 7)

Light Voting In City Races

A total of 95 voters turned out Tuesday to re-elect Mayor J. Manly Bryan and two city commissioners during city elections in which all three incumbents were unopposed.

The voter turn-out reflected less than 10 per cent of the total eligible voters in the involved precincts 5, 6 and 7.

Those precincts contain 3,712 voters of record.

Six of the 95 votes were absentee votes, with 89 regular votes cast.

Mayor Bryan received 91 votes, commissioners said after votes were canvassed during a meeting of the City Commission. Two write-in ballots went to Bob Jackson and Don Max Vars.

Voters cast 95 votes for re-election of H. R. Fulton as commissioner, and 94 for commissioner Jim Christopher.

Members of the Advanced First Aid Course, being sponsored by the Canyon Fire Department, administered aid to victims Tuesday night as part of the test for the course. The fifth and final session of the course was held Tuesday. Participating in the course were members of the Canyon and Umbarger Volunteer Fire Department, nurses from Neblett Hospital, the Buffalo Lake Staff, and other interested citizens.

Contestants Chosen For News Campaign

Ten contestants have been selected to enter the $2100 subscription campaign now underway by the Canyon News.

The contestants represent all areas of Randall County and all are vying for the prize money to be given away at the end of the drive May 2.

First prize will be a check for $1,000 to the woman who sells the most subscriptions. Second prize is $500, third is $300, fourth is $200 and fifth place winner will receive $100.

In addition to the top prize money, each contestant will receive 20 per cent of each new subscription she sells.

As of last Sunday, both the Canyon News and the Canyon Sunday News will be delivered with the purchase of a subscription costing $8.40. Anyone presently having a subscription The Canyon News will automatically receive the Sunday paper free until the subscription expires.

Contestants will be contacting residents throughout Canyon and Randall, Potter and Swisher Counties, and persons wishing to give credit to a contestant should call the contestant

At Voting Seminar

Poff Blasts Moyer

By TROY MARTIN
and
BENNY TURNER

Don't send Hudson Moyer to the legislature, Rep. Bryan Poff admonished some 200 listeners at a political forum on the West Texas State University campus Tuesday night.

"If you can't send me, send one of my Republican opponents," Poff urged, "don't send that other Democrat."

As Poff spoke he gestured toward an empty chair with the name of Hudson Moyer in front of it.

"If he had been here I would have really unloaded on him," declared Poff in a later conversation. Poff is running against Moyer in the Democratic primary for the legislature, 65th District.

Moyer, whom Poff defeated in 1970, currently is involved in the legislature contingent expense fund controversy. Records show the former legislator drew $3,000 worth of postage stamps from that fund in the waning days of his 8-year tenure as a legislator from Amarillo.

Seven political hopefuls spoke at the League of Women Voters Voter Education Seminar. The WT government department also helped organize the affair.

The seven candidates included Poff, Bob Slough and Rhett Plank, Republican candidates for the 65th District seat; Rep. Ben Bynum and Greg Harms, Bynum's Republican opponent for the 67th legislative District; State Sen. Max Sherman, unopposed incumbent for the 31st Senatorial District; and Cong. Graham Purcell, candidate for the newly formed 13th congressional district.

Purcell said he hopes President Nixon's visit to China and his proposed visit to Russia will bear good fruit.

"It is good to get along with people if you can," he declared.

However, Purcell warned China and Russia will not change their ways and that it would be wishful thinking to believe they will.

"Ultimately the only way to get along with them is to keep ourselves strong enough to whip them," the Congressman from Wichita Falls declared.

On Vietnam he said he is ready to get out immediately.

"I used to be a hawk," he asserted, "But we have long since lost any chance to win there. Now I say get out."

Plank took a verbal slap at Poff saying the people of Randall, Potter and Carson counties need competent leadership in Austin. He told the crowd the Texas constitution was written in 1876 and should have been abandoned at the turn of the century.

"The legislature should not be the sole members of the constitutional convention. There should also be constitutional lawyers and college professors," Plank said. There will be an amendment on the ballot Nov. 7 in the general election which seats the legislature as the constitutional convention.

The Canyon attorney also proposed a new water plan providing water for agricultural, personal and industrial needs in

There was one empty seat in the rank of candidates for state legislature, 65th District. Pressing business was reported as having kept Hudson Moyer from showing up. Others from left are Rhett Plank, Bryan Poff, Bob Slough and Greg Harms. Harms, a Republican, inadvertently sat down behind a sign intended for Democrat Ben Bynum. The group made an appearance at a forum on the West Texas State University campus.

Commission Raises Insurance

Randall County Commissioners raised county employee's life insurance benefits Monday and gave their approval for employees to be approached about an annuity plan.

The county employee insurance benefits were raised from $3,000 to $5,000 on regular employees and from $3,000 to $10,000 for department heads.

Charles H. Fritch, Jr. of Mid-Continental Life Insurance Co., met with the Court and explained the new plan. The price of the insurance to the county would be lowered from 87 cents a thousand to 77 cents a thousand, Fritch said, at a total cost to the county of $377.65.

Seventeen department heads and 60 regular employees will be covered by the new benefits. The insurance will become effective May 1, Fritch said.

A motion allowing ITT-Hamilton to make a proposal for an annuity plan to county employees was also passed. Lou Stanislao, company representative, and Monty Roach, said each employee could put six per cent of their salary in the plan and the money would not be taxed until withdrawn from the plan.

The interest rate paid is guaranteed at 5 per cent for the first five years and thereafter at three and one half per cent.

The only cost of the county would be to make an additional payroll deduction from the participating employees check each month.

The court also discussed lighting plans for the district courtroom and asked Justice of the Peace W.A. (Bill) Wilson to obtain price quotations on a new lighting system. The prices are to be presented to the court Monday. The court also asked for prices on changing the lighting in the tax office annex.

The commissioners prepared a sealed bid for a tank being sold by Sherman County. The tank would be used in asphalting county roads.

Carl Baker, county road superintendent, said the cost to the

(See INSURANCE, Page 7)

Sales Tax Up 9.29 Per Cent

The sales tax check for the quarter ending Dec. 1, 1971, totaled $16,699.60 which is 9.29 per cent larger than the same quarter in 1970, according to George Loudder, city manager.

The check for the same quarter in 1970 totaled $15,251.77.

The check for July, August, and September was up 7.2 per cent over last year. The check was for $14,982.71 compared with $13,972.61 for the third quarter in 1970.

The check for the second quarter of 1971 increased 12.7 per cent over the second quarter in 1970. The second quarter check for 1971 totaled $14,815 as compared to $13,145 in 1970.

The first quarter check of 1971 totaled $14,156.

For Chambers Query

WTSU Panel Named

Dr. James P. Cornette appointed Tuesday a three member panel to participate in an administrative investigation into the allegations against former WTSU Security Officer Kennith L. Chambers.

The chairman of the panel is Dr. Ronald Huffstutler, chairman of the faculty council. Other members are Gary Blanscet of Pampa, president of the student body, and Weldon Trice, assistant dean of student life for men.

Dr. Huffstutler when contacted Wednesday morning, said the panel had made no definite plans to meet as yet. He said the panel is charged with making an investigation and presenting a final report to the President.

Dr. Huffstutler said no information about the investigation would be released until the final report is made.

Dr. Cornette said, "At my invitation the following individuals have consented to serve as a representative panel to assist in the evaluation of all information received on the 'Chambers matter.'"

Chambers resigned last week after three years as a member of the university police department.

A hearing on student allegations against Chambers was canceled after he resigned to accept employment with an Amarillo construction company. The hearing was to be Wednesday.

Dr. Cornette said even though the hearing was cancelled, he still has an "administrative interest in the matter and in the circumstances surrounding it."

Dr. T. Paige Carruth, vice president for student affairs at WTSU, said Tuesday he no longer has any connection with the investigation.

"The president is talking to people who have first hand knowledge of the situation and it is my understanding he has appointed a committee to investigate it," Dr. Carruth said.

Chamber Joins New Group To Boost Canyon Tourism

The Chamber of Commerce board of directors Monday voted unanimously to pledge $500 in funds and join the Panhandle Playground Association.

Aim of membership is to boost Canyon as the center of tourism in the Texas Panhandle. As Canyon is the home of West Texas State University and the Panhandle-Plains Museum, with nearby Palo Duro Canyon, it is only natural that tourists will find time well spent here, Chamber President David West pointed out.

Discussion of tourism highlighted the regular session of the board, held at the First National Bank Monday night.

The Panhandle Playground Association is an organization which will seek to advertise the significant historical sites throughout the entire area. That group, West said, will initiate a program of sign advertisement along major Panhandle tourists routes, such as I-40 to the north of Canyon.

It was pointed out during the meeting that every potential dollar tourists will spend in Canyon will yield an upturn in Canyon business, and hence more dynamic future growth.

West pointed out that he believed some 21 Panhandle cities already have joined the PPA. "This is to come, and we need to be represented," he declared just before the board gave approval.

West said the sign advertising program is similar to an earlier program which had been called the "Land of Coronado" program.

The PPA program will include publication and distribution of special, colorful brochures which are to draw attention to tourist attractions. Also, the PPA will feature an informative service which will answer inquiries about tourists attractions on a nationwide basis.

"They're reaching for a $10,000 budget," West continued. A portion of that would be spent on advertisement of Canyon's pre-eminent role in preservation of area history.

In other discussion Monday, board members discussed July 8 as tentative date for the traditional Canyon Day festivities. If that date is adopted, it

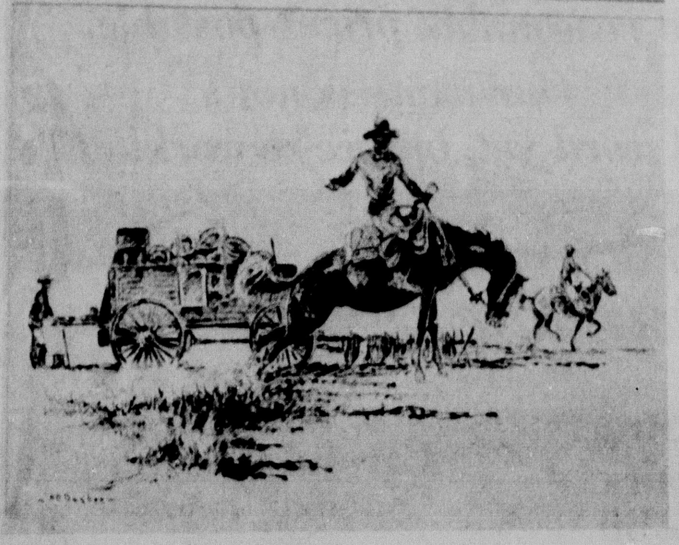
COVERING FUMBLES

by Dean Mitch Jones

His getting fired contributed greatly to his long, happy, and successful life; — but he never became grateful to those who fired him.

"Texas" Program Features Bugbee Sketches



The drawings of Harold Bugbee, with which he recorded ranch life in the Texas Panhandle, will be used in the 1972 souvenir program for "Texas." The covers will be reproductions of Bugbee paintings.

Pen and ink sketches by the late Harold D. Bugbee will be featured in the 1972 "TEXAS" souvenir program.

The announcement was made at the Wednesday noon meeting of the Panhandle Heritage Foundation by executive director Raymond Raillard.

Bugbee, who lived on the family ranch at Clarendon until his death in 1963, felt it was his purpose in life to record the complete story of the Texas Panhandle in the most authentic manner possible.

Each day he would sketch the part of Texas that he loved...and with it the life he lived.

Bugbee, Dean of the Texas Cowboys, was to gain national acceptance as a true Western artist while he was yet alive. His pen and ink drawings are considered to be historical tracings of life in the Panhandle.

Harold Bugbee was born to cultural-minded parents in Lexington, Massachusetts August 15, 1900. His Father, Charles, was one of the most accomplished clarinetists in the nation, being first chair in the Boston Grand Opera.

His mother, Grace Dow Bugbee, studied voice under Madame Long preparing for a concert career, and art under Frank Benson, Edmund Tarbell, and Phillip Hale at the Boston Museum of Art where she worked for two years. She later gave up a promising career to become a housewife.

As a youngster, Harold lived in New England where he played ice hockey, took private lessons and ballroom dancing and became skillful in the art of boxing (a trait he used frequently).

The Bugbees fulfilled a lifelong dream in 1914 when they moved to the Texas Panhandle to live on a newly purchased cattle ranch. Hockey and dancing were soon pushed aside as Harold took up riding, branding, and working cattle as a new way of life.

The personable Bugbee was elected class president his second year at Clarendon High School, graduating in 1917. That fall, he began his college career at Texas A&M, where he majored in Animal Husbandry. Unable to return the following year because of a temporary illness, he enrolled in Clarendon College. There he played starting tackle on the football team and participated in numerous rodeos.

Very much interested in art, the young cowboy soon took the recommendation of Taos, N.M. artist Bert Phillips and traveled to Des Moines, Iowa where he spent two years at Cumming School of Art. Charles Atherton Cumming was school director and head of the art department at the University of Iowa.

After Cumming had taught him all that he could, Bugbee returned to the Texas Panhandle to paint the vast country he loved ..the rugged Palo Duro Canyon, the windswept plains with its longhorn cattle, wild mustangs, Col. Goodnight's buffalo, and the ranch life of the cowboys.

Bugbee would sit and sketch for hours under the shade of scrub bush or big umbrella that he had rigged up to shield the hot sun from his back.

On occasion Frank Collinson or Charles Goodnight would suggest a detail change in the artist's work. The change would be taken from their memories of "how things were"

Some of the animals Bugbee desired to paint were not still in the region, thus he would travel to the zoos in such metropolitan areas as New York, Chicago, or Denver.

On one such trip James L. Clark, director of the American Museum of Natural History, offered him a position as their staff artist. It was an offer he felt he must decline.

Once while taking a train load of cattle to Kansas City, Missouri he stopped by the Findley Art Gallery to show some of his work. That gallery was the first to exhibit the paintings of the now famous Charles M. Russell. They immediately snapped up the opportunity to handle Bugbee's art.

The artist gained national reputation as an artist with the Young Art Gallery and the Venderhoot Gallery, both of Chicago; the Ferragil Art Gallery in New York City, and with Henson of Denver. These, coupled with his Taos connections and personal art sales in the Panhandle made the demand for his work nationwide.

His nationwide base broadened during the depression years when, in search of another market, he turned to pulp magazines in 1933. He became a frequent illustrator in such magazines as "Short Stories", "Cowboy Stories", "Western Stories", "The Quarter Horse Journal", "Country Gentlemen", "Progressive Farmer", "The Cattleman", "Field and Stream", and Ranch Romances, which carried

by Troy Martin

FROM THE CANYON RIM

Everyone in Canyon should have attended the political forum on the West Texas State University campus Tuesday night.

I was most interested in the candidates for legislature, 65th District of course. Except for Hudson Moyer, they were all there.

Rumors have been floating around that Hudson will quit the race. Contacted by telephone Moyer says he is still very much in the running.

Records show Hudson drew $3,000 worth of postage stamps in the waning days of his 8-year tenure in the legislature in 1970.

Walter Knapp, a fellow legislator at the time, is under indictment in connection with transactions involving postage stamps drawn from the legislative contingent expense fund.

Knapp showed up at the forum but did not speak. In conversation he said he has received increasing support since his indictment which he brands politically motivated.

Bryan Poff, incumbent legislator, took off the gloves when he referred to Moyer. He called on his listeners to under no circumstances send Moyer back to the legislature.

"If you can't send me, send one of these good Republicans," urged Poff. "Don't send that other Democrat."

"I would have really unloaded on him (Moyer) if he had been here," Poff confided later.

The two Republicans running for the 65th legislative post are Rhett Plank and Bob Slough.

Plank in his opening talk called for some action on providing water for this part of the state and urged a new constitution.

Next to speak was Poff who sailed into Moyer briefly and then told of some of the accomplishments of the mini-session of the legislature last week.

He said he voted for Rayford Price for speaker helping to get rid of convicted Gus Mutscher.

He referred to the group voting for DeWitt Hale as the Mutscher crowd. Three seats down from him sat Ben Bynum, another state representative from Amarillo, who fell into that category.

Bynum did not take up the argument when it came his turn to speak.

Greg Harms, WTSU student who is a candidate from the 67th District, did well in his opener boosting the two party system but then stubbed his toe during the question and answer session.

In answer to a question dealing with welfare, Harms went a long way around to say that he'd rather see even small children do almost anything before going that route for a living.

Harms told of a visit to Mexico City during which he saw even little children on the street "selling things" to make a living. Harms in effect said he thought this was preferable to welfare.

Congressman Graham Purcell put him down hard saying society should take care of little children rather than having them sell just anything on the street to make a living.

"We all know some of the things they are selling," said the congressman.

For the second time in the evening I found myself in agreement with Purcell.

Anyone who has visited Mexico City knows that small children sell all sorts of contraband including narcotics as well as sometimes their mothers and sisters.

Bob Slough did an excellent job in his opener. He said the people are tired of what they are getting from the Democratic Party in state government.

"The people are sick of what they see going on in Austin," he declared.

He poked fun at the special session saying it was like a dairy farmer keeping a filthy milk barn and then rushing in to clean it up a bit just ahead of the inspector.

***

I agreed completely with Purcell when he said it is time for us to get out of Vietnam because our last chance for victory is gone.

Only more grief awaits us there and is multiplied every day we stay.

I also was in accord when he said that regardless of overtures, the basic goals of Russia and China have not changed.

He spoke gospel when he said the only way to deal with them is to keep ourselves strong enough to whip them if it ever comes to that.

***

I can't conceive of Purcell and George McGovern being in the same political party.

If McGovern were nominated, which is not outside the realm of possibility what would a man of Purcell's convictions — pledged to support the nominee — do?

***

Governor Preston Smith is slipping and no one is more aware of this than the people in his inner circle.

A Dallas Morning News poll showed Preston running fourth behind Sissy Farenthold. Smith people say this is not an accurate assessment but they admit he is running third behind Barnes and Briscoe.

It's the Sharpstown scandal and do whatever they will neither Barnes nor Smith can explain it away. It's a funny thing, a million words can be written — each one a justification — and the people still will believe what they want to believe.

This is the dilemma of both Barnes and the governor.

As a man on the street said to me only this week: "I don't care whether either one of them had anything to actually do with it, they were both there."

Undoubtedly this attitude will haunt the governor and the lieutenant governor in the May primary.

In the meantime, things seem to be going well for Briscoe.

No less than The Dallas Morning News gave the lie to a story that Briscoe helped to bilk the Eagle Pass School District — a story being circulated by Barnes people having originated with H.M. Baggarly who is a Barnes supporter.

The Dallas newspaper checked out a story carried two weeks earlier by The Canyon News and found it correct in every detail.

BSP Elects

Mrs. Jack Sharp was chosen president of Chi Upsilon Chapter of Beta Sigma Phi in a meeting Mar. 22 in the home of Mrs. L.H. Benham.

Mrs. George Stevens was named vice-president; Mrs. Melvin Tucek, recording secretary; Mrs. Lewel Johnston, corresponding secretary; Mrs. Jerry Costley, extension officer, and Mrs. Benham treasurer.

Mrs. Sharp appointed Mrs. Carl Sims, Civil Defense officer and Mrs. Meade Michael, historian.

Representatives to the sorority's city council are Mrs. Sharp, Mrs. Sims, and Mrs. Michael, alternate.

A Girl of the Year, Pledge of the Year, and Husband of the Year were also chosen and will be named at the Founders Day anquet April 29.

The social committee announced plans for a salad supper to be held April 19.

Letter To The Editor

Dear Troy:

What is your reaction to the usage of school stationery, "Not printed or distributed at the taxpayer's expense", for political purposes?

TSTA members in this area recently received the enclosed materials from Mr. W.L. Mann, Superintendent, at Springlake Earth. The article by H.M. Baggerley was included with Mrs. Mann's letter and does not seem to be verified upon investigation.

Sincerely,
LaNelle B. Winn

BY CAROL CRAIN

A NEIMAN MARCUS Jewelry consultant related to a friend that the lady bugs and animals made into tiny jeweled pins may be worn as accent pieces at the wrist, at the shoulder, or on the upper sleeve of a dress.

My friend was wearing her bejeweled fellow about one inch above the sleeve's hem.

***

SALLY NESTER, bride elect of John Brantley, was honored at an announcement tea Saturday afternoon in the Nester home.

The couple are planning a June 10 wedding here.

****

PANHANDLE ODYSSEY 2000 has sent out at least that number of invitations to area community leaders.

Tickets for the April 21 affair are $7.50 per person with reservation deadline April 17.

Activities set for the evening include a reception at 6:30 p.m. at the Amarillo Civic Center, a dinner at 7:15 p.m., and a dance at 8 p.m.

Several Canyon residents will make arrangements to attend I would imagine.

***

WTSU PROFESSOR Dr. Thomas D. MacOwen's daughter, Sue, was one of twenty students in the state to receive an honorable mention in the DAR Good Citizen contest.

Sue represented Amarillo High School in the Miss Irish Rose Contest in Shamrock recently.

***

NO MATTER WHAT is scheduled in this town it seems that there is destined to be a conflict.

April 11 two outstanding speakers will be vying for an audience.

***

THE PHOENIX CLUB dinner will host artist Kenneth Wyatt as a speaker at their event slated at 7:30 p.m. in the WTSU Dining Hall.

Club members support the university by paying $60 per year into the ex-student coffers.

Highlights of the evening will include the presentation of the Faculty Excellence Award and with it $1,000 and the announcement of the WTSU Student Man of the Year.

I pause to wonder what the Women's Lib faction will think of this latter limitation. Perhaps, since AWS names the Woman of the Year the Exes board feels that only the masculline honor need be given here. (This depends on the honor requirements of the two, I suppose.)

***

ALSO SLATED ON the 11th is the Women's Division of the Canyon Chamber of Commerce meeting and salad supper at the community center.

The former political writer and editor of the editorial page for the Globe-News, Louise Evans, will be the guest speaker.

She will speak about state and local politics, an area in which she is well versed, to say the least.

***

MRS. WAYNE CONNALLY will be honored at a coffee tomorrow at the Amarillo Club by Mmes. Jim Jenkins, Charles Schmidt, Guyon Sanders, and L. P. Gilvin.

Mrs. Connally's husband is running for the lt. governor's seat and is the brother of Texas' former governor (now Sec. of Treasury) John Connally.

Invitations to the affair were mailed out this week.

***

INTERESTED IN THE ARTS? Don't forget that free chili supper at the new Amarillo Art Center Saturday from 5 to 8 p.m.

It's an opportunity to sample some of the world champion's chili plus see the center's first art show.

All of the WTSU art faculty members will be showing their works, I understand.

***

THELMA EVANS, wife of WTSU Board of Regent B. Raymond Evans, and first VP of the WTSU Exes Board received an honor in her hometown of Tulia last week.

The beautiful and gracious Mrs. Evans was given the Diana Award at the ESA "Fashions From the Heart" style show.

This was the first time in the twenty year history of the Tulia Chapter that the award has been given.

Thelma was chosen to receive the coveted award "because of her outstanding work in the community." In addition to being a member and past president of the Progressive Study Club, she has served as Co-Ordinator of Youth at the First Baptist Church where she supervises 185 youths and 30 workers. She was instrumental in establishing the youth center, "The Establishment". She works with the Sattellite School and entertains these pupils in her home at a Christmas party each year.

In addition, the tireless worker is the only woman selected to serve on the High Plains Baptist Hospital board. She is active as a member of the Delta Zeta Alumnae here as well as her bridge club and bowling league in Tulia.

Thelma has traveled in Europe as well as the United States; most recent was the Evans' trip to Spain.

***

SPEAKING OF TRAVELING, those Hawaii-bound Canyonites are now home.

Final tabulations on the travel list were Mrs. Audrey Sanders, Mrs. Dorothy Smith, Mrs. Mary Weeks, Mrs. Grace Knighton, Miss Kathryn Harris, Mr. and Mrs. H.W. Burrus, Mrs. A.K. Goodman, Mrs. Mary Greiner, Dr. and Mrs. Jack Walker, Rebecca Haley, Scott Johnson, Johnny Johnson, Mrs. Inez Cataldi, Mrs. Gladys Haines, Mrs. Mae Johnson, Mr. and Mrs. Art Roberts, Robert Valdez, David Acker, and Ricky Leatherman.

***

ALONG THE AZALEA TRAILS South to Florida the past 18 days or so were Mrs. Betty Rockwell, Mrs. Dorothy Olson, the Ray Metcalfs, and Mrs. Juanita Gruner.

The tour was all arranged by Continental Trailways' Dick Bynum of Amarillo. I heard very favorable compliments were given to him in regard to the tour.

***

TAKING A MEXICAN HOLIDAY were Mmes. Lenna Parker, Frances Foster, Tommie Pierce, Larry Holman, and Milton Morris.

The troup traveled by train, plane, and motor vehicle. They spent four of their ten days at Mazatlan, enjoying the secluded beaches, and dining on the fresh seafood.

***

THERE WERE MORE out-of-town than in town, during the holidays, I think. If took a trip, the readers are interested, so give me a call for next week's column.

***

KNOW OF ANY WORTHY causes for Betty Crocker coupons? If so, there are probably townswomen who would gladly give these up to help someone else get a kidney machine or other device.

Let me know and I'll run the info here.

***

UNDER THE I FORGET Dept. Mrs. Myrtle Knorpp mentioned last week that a couple who had won a date on the "Dating Game" were at Angel Fire for their ski vacation-type date...only there wasn't any snow.

They were having a good time anyway, I understand.

***

VIP RECIPE FIND: While I'm waiting on some letters to get back from some other VIP's within the state, I'll run one more from Mrs. Ben Barnes Recipe booklet.

"When I was growing up any meal became special when mother made popovers", she relates.

Popovers

2 eggs
1 c. milk
1 c. sifted flour
½ t. salt

Into bowl - add 2 eggs; 1 c. milk, flour, salt. Mix with spoon, just until eggs are well blended. Disregard the lumps. Fill 6 well greased 5 ounce glass custard cups ¾ full. Set in muffin tin for easy handling. Place in a cold oven. Set at 450 degrees. Do not open the oven for 30 minutes. Popovers should be tall and buttery brown. Remove from oven. Puncture on 4 sides of neck to let the steam out. Return to oven for 10 minutes, with the heat off to get crusty delicious. To reheat the popovers, place on the cookie sheet at 350 degrees for about 5 minutes.

Letter to the Editor

Dear Sir:

This is a letter regarding a Canyon resident and businessman. The person of whom I am speaking is Mr. J.D. Stephens who is the owner and operator of University Trophies and Engraving in Canyon. The story is as follows:

Last Friday, Saturday, and Sunday; March 24, 25, and 26; the Order of the Arrow of the Boy Scouts of America held its annual Area IX-A Conclave on the campus of West Texas State University. On Saturday morning some of my friends and I had some free time at the Conclave and so went downtown to look around in some of the stores. I entered Mr. Stephen's store where I purchased a couple of things. When I arrived back at the place where we were camping, I reached for my wallet and discovered it missing. It contained such things as my drivers license, identification cards, photographs, etc., as well as my spending money for the weekend. I immediately began to backtrack to every place I had been in hopes of finding it. It was then that I re-entered Mr. Stephen's store where we conducted a thorough search for the missing wallet but still no luck. After trying and searching in several other places, I just gave it up for lost. I then returned to the campus and was eating lunch when one of my good friends came in carrying the missing wallet. I was very happy and very relieved to find it and when I inquired about the finder I was given Mr. Stephen's card. Everything was in the wallet just like it had been when I had lost it. Mr. Stephens had looked and looked until he found it who knows where and brought it to the campus to be returned to me.

The reason that I wrote this letter is because I think that someone of Mr. Stephen's integrity deserved recognition for such an outstanding and considerate act. If your paper has some means of recognizing such people then I strongly recommend that this man be one. In days like today when there is so much dishonesty and trickery going on in the world, it is really something to find a man as honest and outstanding as Mr. Stephens. If there were more people in the world like him it would certainly be a much nicer place to live.

Sincerely,
Patrick W. Robertson

Damascus House Residents Are Guests

BY TOOTIE BYBEE

HELLO ONCE AGAIN FROM out this way to you all. Are you all still in one piece after the kiddoes' long holiday??? I'm not!!! Enjoy those kiddoes being out of school, but it sure is hard on the ole nerves. Hope you all had a very nice Easter and maybe spring really will get here at last.

SHIRLEY AND HOWARD Jones had a bunch in for Easter dinner. All the staff and residents of Damascus House spent the holidays with them. There were fourteen there all together. The directors, Harry Marshall and John Webber, and families were present also. A very enjoyable time was had by all and what a nice thing to do for a very wonderful and worthwhile organization.

THE I.J. TOWS spent the Easter vacation week at Lake Amistad down by Del Rio. They met some of Ann's folks there and they all had a real nice week together. They all went over into Mexico on a shopping trip and brought back some pretties. They swam and looked for arrow heads and just had a real great time.

THE TRACY COOPERS headed down to Albuquerque, New Mexico, to check on Tracy's sister who had surgery this past week. She is doing real well at this time. Funny, they came back pulling a lovely new boat. It is Tracy's brother's boat and they have moved to Albuquerque and told Tracy just to take the boat on home and use it til they wanted it. Now that is is a sweet brother, no less. Rick is ready to water ski and Tracy to fish, so we all know where we will find them this summer.

BARBARA EVANS LEFT Wednesday and spent the weekend at Brownfield with her folks. Her mom is in the hospital there and spent a good deal of the week in Intensive Care trying to get over a bout of the flu which has left her temporarily paralyzed. She was doing a lot better this Monday, and we all hope she will be up and around in a matter of short time.

THOSE LITTLE BLUE BIRDS have been buzzing around again this week. Barbara Moreland and myself took them into Shakey's Pizza Parlor for a tour and they all made their own pizzas. This was their Easter Party, and they all just had a great time together.

BLANCHE HUDSON LEFT LAST Friday and went to her parents home in Hayden, New Mexico for the holidays. She also visited her in-laws in Melrose, New Mexico. Husband Mike was gone on business for the Quarter Horse Journal but was able to fly into Clovis and meet them and they all had Easter dinner together.

JO ANN ROSS DROPPED BY Monday afternoon and brought me the announcement about the Panhandle Exhibitors Quarter Horse Show, All Youth, Sunday, April 30, beginning at 8 a.m. in the Bill Cody Indoor arena in Amarillo. The judge will be Ralph Guest of Adrian. Jean is the show secretary and you can address any correspondence to her at this address: P.O. Box 7593, Amarillo, Texas 79109 and the telephone is 806-355-8241 or 622-1800.

WHILE SHE WAS HERE, she told me, she made a quick trip to central Texas to pick up her two sons, Steve and Russell, who had flown down to Austin to do some fishing. She said the bluebonnets were in bloom and were just beautiful. She said that was really the reason she went to pick the boys up — to see the lovely bluebonnets. They were fishing at Lake Buchanan around Austin.

MIKE WHITEHEAD'S LITTLE sister spent days with her during the holidays from school. Said Julie and Shelley had a real nice time together. Roger has been real busy working on the addition to the house. He is on a three-week vacation and should really be able to get a whole lot done.

THE VAN LANDINGHAMS have been busy the last couple of weekends. Weekend before last they went with the Gene Webbs and Zetsche from Hereford and Wells from Amarillo to the Mountains. The Webbs have a cabin around Pecos and they hiked, played in the snow and, of course, scouted around in their four wheel drive vehicles. Sounds like they all just had a ball together. The Van Landinghams then spent the Easter holidays at June's brother's home, the Wayne Wallaces up on Washington Street. June's parents were there also from Mobeetie, Texas.

THE MALSONS HAD GUESTS this weekend from Amarillo. Her sister and husband, Mr. and Mrs. Jack Green, came out and spent the afternoon.

SWEET LITTLE OLE LORI Lee Laird came and visited with us after school Monday and I just have to admit she has the prettiest lunch pail I have ever seen and no wonder. That talented Mrs. Barron had painted the loveliest mountain scene on the front and back of Lori Lee's lunch pail. Just beautiful. It's a shame one can't frame a lunch pail or I would just about take it away from her and do so.

SAY, BY THE BYE, did you get your Girl Scout Cookies??? Boy, are they ever good and delicious and just murder on all of us weight watchers. Just have to say this even if it has already been in the paper once, congratulations to my two little friends, Cindy Todd and Tracie Bufkin for doing such a great job of selling cookies and being among the top sellers. Good Girls!!!

HAVE ANY OF YOU noticed those two precious colts of the Burdettes playing around in the pasture. They are just about as cute as they can be.

NOTICED THE BOYS ACROSS from the Burdettes had their old lawn just scraped up and whole brand new lawn put in; that is really nice.

I WANTED TO SAY I sure enjoyed my Easter holidays. Saw my brother, Bill Sharp from Tulsa, and visited with his two precious darlings, Shelley and Scarlette. Also, visited with my brother and his wife, Jimmy and Janice, and mother brother and family, Joe and Felicious and baby Jody. Also, with my inlaws, Billy and Jolette and baby Karen, and Claude and Betty Foster. Really enjoyed seeing my mom, too. Also visited with my husband's mom and dad, B.M. and Viola Bybee. I LOVE HOLIDAYS. I LOVE BIG FAMILIES! ESPECIALLY MINE.

OUR "FEATURED FAMILY" is a very special one this week as they had a brand new addition to their family this past Friday. Gene and Joyce Minor who live on Mescalero Trail between the Van Landinghams and Burdettes. Their new arrival is precious Marcy Alayne Minor born Saturday morning, March 25, at 8:34 a.m. and weighed 6 lbs. and 14 ounces and was 20 inches long. And is her daddy's pride and joy. Oh yes, her mom's too. She's a doll.

NOW, A LITTLE ABOUT mom and dad. Gene was born in Hickory, Oklahoma, and raised in California. Attended East Central State College and later received his Master in Education from W.T. He taught three years at Austin Jr. High in Amarillo and then served two years in the service. He is new Student Center Coordinator at West Texas State University. Joyce was born and raised at Ada, Oklahoma, and has her degree in Business Education from West Texas. She taught at Amarillo High and pioneered a new course of study there in Business Education. They have lived here in our little oasis now a year at Christmas. Both are precious people and I like them just a lot, especially Marcy.

HERE IS A RECIPE THAT CAME from Michael Whitehead's mother, Mrs. Pete Odom, in Amarillo and my family just loves it, so thought I'd just send it right along to you. It is called:

Fu Man Chew

Makes about 10 servings:

1 c. chopped onions
1 c. sliced celery

Put 2 tablespoons oil in a big skillet and saute these two things for five minutes, then add:

2 lbs. of crumbled ground beef.

When the beef is browned, add: 2 cans undiluted cream of mushroom soup; 1 c. uncooked rice, 1 can bean sprouts with liquid, 1 flat can of water chestnuts, drained and sliced, 4 tbsp. soy sauce, salt and pepper.

If you are making this in the morning, stop right there and finish it later.

If not, continue like this, pour it into a big casserole dish and bake it, covered for 30 minutes at 350. Then add:

1 pkg. frozen pea pods (thawed enough to separate) stir them in and top it all with 1 can of chow-mein noodles. Bake it, uncovered for another 30 mintues, at 350.

BELIEVE ME, THIS IS great to serve when you have a bunch in as it is really almost a complete meal. All you need is a green salad with it and you're about done.

WELL, SO LONG ONCE again, and hope all your times are good ones and remember you are your neighbors, neighbor, so be a good one.

OH, YES, ONE LAST word, (don't you believe it) To Mrs. Mills at Gene Howe: There are teachers and then there are TEACHERS and you're tops and you are GOOD PEOPLE. From me to you, thanks for the patience and good will. Thanks for truly loving and caring.

Three Arraigned -Felony Charges

William Keith Heathington, 21, of 905½ 5th Ave. in Canyon, and Dennis Tollett, 18, of Canyon, were arraigned Monday on charges of burglary of a coin operated machine.

Bond for each was set at $1,000 by Justice of the Peace W.A. (Bill) Wilson.

The two are charged with the March 24 burglary of the A&W Root Beer Drive Inn in Canyon. Taken in the burglary were $45 in cash and 30 packages of cigarettes valued at $15, according to Lt. Tom Rolen of the Canyon police department.

Shelly Trent Young, 17, of 1119 S. Polk, Apt. 301, in Amarillo, was arraigned on a charge of theft of $50 and bond was set at $500. Young is charged with the theft of a 1963 Chevrolet.

French Students Will Compete

Seven students of French from Canyon High School will compete in dramatic skits, poetry and prose recitations and dramatic readings at West Texas State University Saturday.

Hereford and Amarillo schools will also enter.

Canyon will be represented by Yvonne Dooley, Yvonne Coates, Michael Lee Raillard, Jerri Alicia Sisk, Teresa Engler, Lois Kelln, and Terry Jo Reynolds.

Phi Delta Phi, honorary French organization at WTSU, is sponsoring the competition. Winners will receive certificates.

News Brief

Mrs. Bertie Butler and son Homer, of Bard, New Mexico, and Mrs. Anna Petty and daughters, Pamela and Melodie, of Albuquerque, N.M., visited in the home of Mrs. W.R. Franklin over the weekend. Mrs. Franklin and her guests also visited Palo Duro Canyon.

Air Force Team To Visit WTSU

An Air Force Selection team headed by Capt. Charles Cope and TSGT Ken Fortenberry, will visit West Texas State University Thursday and Friday to interview prospective Air Force officers, according to the recruiting office in Lubbock.

The team will be located at the placement office and book store from 9 a.m. to 3 p.m.

Palisades Palaver

Holiday Travelers Home Safe

BY VICKI HOOKER

EASTER HOLIDAYS FINALLY CAME to an end, much to the dismay of the Palisades school-goers. And it showed in their faces as they stepped out Monday morning to fight the wind and try and find the school bus amidst the dirt and grime that was blowing ferociously across the roads. From all indications, everyone I talked to enjoyed the vacation, and everyone that travelled had safe trips. That much we can be thankful for, since some families in a neighboring town we re not so fortunate as to have their loved ones present on Easter Sunday. I think we should each pause for a moment and say a silent prayer for those families that lost loved ones in the Saturday night accident in Dimmitt. And I would hope that law enforcement officials there will come up with something more appropriatre than the fact that five of the ten lives lost that night were lost in the name of justice.

MOST OF OUR residents stayed home over the holiday weekend, but Jairrel and Nell Moore and their family traveled about 250 miles to Ulysses, Kansas, for a family reunion. After spending Saturday night with Jairrel's sister, Mrs. Harlene Smith who lives near Perryton, the Moores traveled on to Kansas Sunday and spent a very enjoyable day with Jairrel's family. Thirty-four members of the family met at Jairrel's nephew's home there. Nell said the weather was ideal and all the kids really enjoyed playing tennis, ping-pong and many other games in and around the cabin which is adjacent to Jairrel's nephew's home. We are glad they made it home safely, and they said they were very tired and glad to be back home.

SPEAKING OF BEING BACK home, Bob Walker returned to us last Thursday night after spending four weeks in a school in Dallas. By about the third week, Bob said he was getting pretty homesick, and to make matters worse, the school was extra difficult! We are all glad he's home again, though, (especially Joe Delle) and hope he won't have to go anywhere now for a long time. In fact, he'd better stay in the Palisades where there are no curbs! (Sorry, Bob, just had to pick on you a little!)

SOME OF YOU MAY HAVE noticed a new mobile at Lum and Lena Edwards? Yes, they still live there, and no, they don't have company. They took a little trip weekend before last to Ruidoso to see Lum's nephew and brought back a 1969 Ford Van, which he is making into a camping rig. While helping him set up a bed in the back of it, Lena heard something crack. She later found out she has a slipped cartilage in her rib cage, but she says feels fine as long as she doesn't breathe!

LUM'S OLD VAN? Well, he at first thought he'd be making a work truck out of it, but then he decided he didn't want to work!

TALKED TO JERRI THOMPSON and she said that John's sister who was in the hospital last week is home and doing fine. The Thompson s shared Easter Sunday with daughter-in-law, Garlene Thompson and her two children from Omaha, Nebraska, and daughter, Paula Davidson and her family from Amarillo. The big event of the day was of course, an Easter egg hunt for the children.

WE WERE VERY SORRY TO HEAR that Joanne Tucker's father, Mr. T.A Stephens, is in Northwest Texas Hospital with a serious heart ailment. Joanne has been spending most of her time there with her mother helping to keep a watch on Mr. Stephens. He has been in for about three weeks now, and certainly hope he recovers soon.

PHIL AND ELLIE BOOTHE and family are featured this week. The Boothes have four children; Dwight, 15, Susie, 13, Shari, 12, and Robert, 5. All four are very active.

DWIGHT IS IN THE Canyon High School Eagle Band and was very active in raising money for the band's trip to Vienna. Unfortunately, the band will not go to Vienna, but rather will spend several days in May at Six Flags Over Georgia where there will also be a band festival.

BOTH SUSIE AND SHARI are trampolene enthusiasts and they were on the same basketball team this year which went to the finals in regional play-offs. Susie also enjoys track and will begin entering meets this month.

ROBERT ATTENDS THE SMALL Fry School in Amarillo and he, too, enjoys the trampolene. At the school he learns all sorts of acrobatics, and it won't be long till he will probably give his sisters a little competition in the sports field.

PHIL IS IN BUSINESS with his father as a painting contractor. Ellie enjoys a job as administrative secretary to the Executive Director of the Texas Panhandle Community Action Agency. (Even Ellie has to say that one slowly!) The TPCAA serves 26 counties and some of its principal programs are Head Start, Neighborhood Youth Corps. Planned Parenthood, Manpower Emergency Food and Medical Services, free immunization, and the GED program for those who dropped out of high school and want to obtain a diploma. Ellie has a very interesting but also a very responsible job there, and between working and housekeeping, she attends a shorthand class at Amarillo College once a week.

THE BOOTHES ATTEND Trinity Baptist Church in Amarillo where Ellie teaches a Sunday School class. She said they have been wanting to attend services in Tanglewood, but their church has a wonderful youth department, and she hates for her children to miss it.

PHIL AND ELLIE used to square dance with the Harmony Hoedowners, but it got to be too time-consuming so they stopped. But as you can see, they are still a busy family, and we're glad they're our neighbors!

I FELT I NEEDED to mention this and any of you who know the people involved at all should get some enjoyment out of it. It all started about a month or so ago when Stan Hooker brought home a demestic hooded rat. At that time he was small and relatively harmless, but Stan's mother, June, disliked him nonetheless. The rat began to grow and even though Stan tried to keep him confined, he would somehow get out and scamper through the house, which absolutely terrified June. (Didn't do me any good either!) When the rat would escape, the cat, Puff, would play with it, but never once attempted to kill it.

ONE SATURDAY MORNING the rat got out and was nowhere to be found. After futile search, Stan decided to go down and see Jamie Walker. Meanwhile, June was making her bed. When she was nearly finished she noticed a lump under the spread. As she attempted to smoothe it, she felt something very soft under the covers and right away she knew what it was. "Stan-n-n-n-n!" she screamed. He and Jamie came racing up and recovered the rat.

ALL WAS WELL until Stan decided to get a baby rat to match the big rat. Now he keeps the two in an empty aquarium in his room and still the cat never makes a move to harm them.

OVER THE HOLIDAYS STAN and Tony Mitchell decided they'd go go into the chicken business. So Stan invested in three baby chicks. This was Wednesday and by Thursday two of them were dead; only the bones of one remained. By Sunday the other one died mysteriously. So much for Stan and Tony's egg business! Now it's Stan's theory that the cat killed the chicks, but aren't chickens supposed to be enemies of dogs and coyotes, and rats enemies of cats?

WELL IT SEEMS TO ME there is something strange about that set-up, but then no one ever said that June and Charlie's house was a dull place.

HAPPY ANNIVERSARIES TO Bill and Joanne Tucker on the 3rd, Mr. and Mrs. Guy Mulherin on the 4th, Mr. and Mrs. Larry Lynn on the 5th, Lena and Lum Edwards on the 9th, and JoDelle and Bob Walker on the 11th. Happy belated birthday to Gene Webb on the 3rd, and happy birthdays to Dwight Boothe and Susan Inman on the 8th.

DON'T FORGET BOARD meeting on Monday, the 10th, at Joyce McDonald's, 7:30 p.m. Hope to see you all there.

DO YOUR BIT for pollution this week. Put a muffler on your motorcycle!

New Business Opens In Area

A new business serving the cattle and agricultural industries in Randall County will open east of Canyon in about 10 days.

"W. A. (Pat) Patton announced this week he is constructing a custom Cattle Dipping vat facility two miles east of the city, near Washington's intersection with State Highway 217.

The business, he said, will for the first time offer a cattle-dipping facility which is open to the public. Opening of the business is especially timely, in the light of the serious hazard posed by scabies, a disease of cattle whose germs lie dormant during hot weather and flourish in winter.

Dipping of cattle in germ-killing chemicals destroys dormant scabies germs. As of June 6, law will demand all cattle going into or coming out of the county be dipped, in a state wide effort to head off a scabies problem next winter.

Cattle must be dipped if they are headed to packing plants.

Patton said crews began work on the dipping vat two weeks ago. The facility will be open to the public immediately upon completion in 10 days. It will cost about 40 cents per head to dip at the public facility, Patton pointed out. And dipping operations will be conducted daily.

"We will have holding pens where folks can leave cattle overnight, and they will be fed and watered," Patton said. "And later, we plan to put in a working chute where we can brand, dehorn, or vaccinate.

Patton explained other similar facilities are available in the countybut not on a public or commercial basis.

The business man pointed out attendants will be ready to serve all comers, following opening. Interested persons can telephone Patton at 655-2052 to schedule appointments or to obtain further information. An alternate number will be 488-3474.

Babe Ruth Tryouts Set For Friday

The Babe Ruth League baseball tryouts will be held at 5 p.m. Friday.

The tryouts, to be held at the Little League Park, are for boys 13, 14 and 15, according to president of the Babe Ruth League, Bill Cooper.

League play will begin May 6.

Minors Have New Daughter

Mr. and Mrs. Gene Minor, 117 Mescalero Trail, have announced the birth of a daughter, Marcy Alayne, Mar. 25 in Amarillo.

She weighed 6 pounds 14 ounces and was 20 inches long.

Minor is coordinator at the Student Activities Center for West Texas State University.

ALL THIS SPACE ABOVE AN ELECTRIC WATER HEATER IS

USEABLE !

There's nothing on top of an electric water heater because electric water heaters do not need flues. All space above an electric water heater is clear for storage.

Next time you need a water heater, call us for an electric. We'll take out the old, put in a sparkling new electric water heater, handle all the details and, if you wish, you can use our finance plan.

Get the space saver — of course, it's electric!

NOTICE OF PUBLIC HEARING

Notice is hereby given to all persons owning, claiming, or interested in property abutting upon the street projects listed below that the City Commission of the City of Canyon has determined that a public necessity exists for the permanent improvement of the streets listed by raising, grading and filling the same and by constructing thereon paving, and curb and gutters on the street projects, together with the necessary incidentals and appurtenances in accordance with the plans and specifications therefore prepared by the City Engineer.

The cost of the improvements on each street project shall be assessed against the adjoining property and the owners thereof in accordance with what is known as the "Front-Foot Plan" in proportion as the frontage of the property of each owner is to the whole frontage improved.

The streets ordered improved by the City Commission of the City of Canyon are listed below by name and under each is the estimated total cost of all improvements on such streets, together with the estimated amount per foot proposed to be assessed against the owner of the abutting property, as follows:

1. 9th Avenue from 5th Street to 8th Street

a. Estimated total cost of the improvements — $14,477.26.

b. Estimated amount per foot proposed to be assessed against the owners of the abutting property — $6.27.

2. 20th Street from 12th Ave. to 13th Ave.

a. Estimated total cost of the improvements — $3,763.80

b. Estimated amount per foot proposed to be assessed against the owners of the abutting property — $6.27

Notice is hereby given to the owners of abutting property and all persons interested in said improvements that a public hearing will be held before the City Commission in the City of Canyon in the Canyon Community Center, 300 16th Street, Canyon, Texas, at 7:00 p.m. on Thursday, April 20, 1972, at which time all of said owners, or their agents or attorneys or other interested persons are notified to appear and be heard on the question of benefits to said abutting property by reason of said improvements and the amount to be assessed against each owner and his abutting property or any other matter or thing in connection therewith, which hearing may be adjourned from day to day until fully accomplished.

The City Commission shall have the power to correct any inaccuracy, error or invalidity and supply or makeup any deficiency, to determine the amount of the assessments and all other matters relating thereto.

Signed this the 27th of March, 1972.

Glen R. Metcalf
City Clerk

CITATION BY
PUBLICATION

THE STATE OF TEXAS TO: LEONARD JOSEPH MOSS. Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filling a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 15th day of May A.D. 1972, to Plaintiff's Petition filed in said court, on the 19th day of November A.D. 1971, in this cause, numbered 11,514-A on the docket of said court and styled In the Matter of the Marriage of Glenda Lowana Moss, Petitioner, and Leonard Joseph Moss, Respondent.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce and custody of minor child as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 31st day of March A.D. 1972.

Attest: LaQuitta Polvadore
Clerk,
47th District Court
Randall County, Texas.
By Deputy

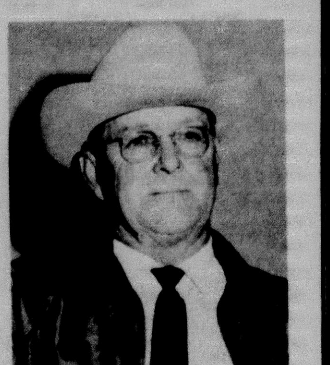
Gidden To Head Heritage Group

Joe Gidden was chosen to complete a one-year term as president of the Texas Panhandle Heritage Foundation at a meeting Wednesday at the Amarillo Club.



RAYMOND BATENHORST

I WILL APPRECIATE YOUR VOTE AND INFLUENCE

IN MY CAMPAIGN FOR COMMISSIONER PRECINCT 3

Bugbee...

(Continued from Page 1)

his art for some 18 years.

He was featured artist for nearly thirty books including J. Evetts Haley's "Charles Goodnight: Cowboy and Plainsman", J. Frank Dobie's "The Mustangs", and books by fifteen other notable authors.

Bugbee was also commissioned to illustrate a number of historic editions of area newspapers. He sketched illustrations for 28 issues of the Panhandle-Plains Historical Review, and such trade and company publications as Shamrock Oil and Gas Company's "The Shamrock".

During the summers of 1937 and 1938 Bugbee and Alexander W. Mack were employed by West Texas State University in addition to their regular staff. The artists conducted classes in the panoramic Palo Duro Canyon.

In 1951 Bugbee joined the staff at the Panhandle-Plains Historical Museum as Curator of Art. He took the position on a part-time basis so that he could continue to supply his customers with paintings.

During his stay at the museum Bugbee headed the society's committee of Fine Arts, scheduled displays in the fine arts hall, and painted a number of murals on the walls.

The museum collection of his works currently numbers over 200 and include murals, oils and pen and inks.

Part of the museum collection may be seen during the "TEXAS" season.

Museum director C. Boone McClure wrote in 1957 that Bugbee "insists that his wants, his needs, and his accomplishments are simple. Only his great modesty can explain his contention concerning accomplishments. More than any other artist, he is the artist of the Texas Panhandle."

Upon Bugbee's death in 1963 his wife Olive became art curator of the museum.

Harold D. Bugbee will become the seventh artist of note to be featured in the "TEXAS" souvenir program.

Each year the programs become more and more popular as collectors items as they serve as a portfolio of the artist's works.

Voters...

(Continued from Page 1)

Dunn V. Blumstein has invalidated state laws which require more than 30 days residency. The Texas law has now been enjoined by a federal court in the case of Whatley V. Bullock which was decided on March 31.

Persons entering the state may register immediately upon their arrival, Bullock said.

The deadline for registering to vote in the May 6 primary was Wednesday.

Insurance. . .

(Continued from Page 1)

county to contract road work as $582.42 per mile and Baker said with the purchase of $14,000 of equipment the county could do the asphalting for $220.40 per mile. Baker estimated the county could recover the original investment in three years.

Commissioner John Fulgenzi questioned whether government could do the work as cheaply as private enterprise. "I hate to wake up one morning and find out we've got all this equipment and it is costing us more than we could contract it for," Fulgenzi said.

Jim Fletcher said he didn't think there was a chance this would happen. Fletcher pointed out the county already has the employees and part of the equipment and could work on the roads when the road crews are not able to do other work.

Commissioners indicated if the county should buy the tank from Sherman County Randall County would be in the paving business.

The court authorized County Clerk LeRoy Hutton to employee two additional employees at $1.60 an hour immediately to help with elections and three more employees as they are needed.

Hutton reported absentee voting begins April 17 and ends May 3.

The court also authorized County Agent John Brazzil to hire a secretary at $1.60 per hour to fill-in for his regular secretary while she is on vacation.

News Brief

A.L. Triplett attended the funeral of Ed Robinson in Claude's Methodist Church Monday.

Kindergarten, Nursery School Registration Open

Fall registration for nursery school and kindergarten at First Baptist Church is now open, and forms are available in the church office.

Mrs. Wallace Johnston will teach 3-year-olds on Tuesday and Thursday mornings. Registration fee is $5 and monthly tuition is $8.75.

Mrs. Ken Baker is to teach 4-year-olds on Monday, Wednesday and Friday mornings. Tuition is $13 monthly with a $5 registration fee.

The kindergarten is to be taught by Mrs. Ronnie Waide Monday through Friday mornings with a tuition fee of $20 a month and a charge of $5.50 for registration.

Hours for each group are from 8:30 to 11:30 a.m.

Regents To Meet Today In Dallas

The Board of Regents of West Texas State University planned a special meeting at 3 p.m. today in the Petroleum Club in Dallas.

The meeting was called to approve the sale of $58.35 million in constitutional tax bonds of 12 state universities. West Texas State's share of the bond issues is $1.34 million.

The board also will be asked to approve employment of faculty and staff for the 1972-73 year as well as contracts with contractors for certain remodeling of the auditorium in the Old Administration Building.

Chamber...

(Continued from Page 1)

would follow the annual July 4 patriotic celebration and thus feature a full week of colorful activity. An alternative date, members said, should be April 21 and 22.

The board obviously favored the July 8 date, and agreement was expected to come from the board of the Randall County Sheriff's Posse.

The proposed week-long celebration would include fireworks, a parade and barbecue, and possibly a dress-Western theme and beard-growing contest.

The celebration would also be similar to other big Panhandle celebrations, such as the XIT, held at Dalhart, and hopefully would draw huge crowds, as does the XIT.

West also urged all C-C board members to attend the All-Sports Banquet, slated for 7:30 p.m. April 24 at the East Dining Hall at WTSU.

Finally, the C-C board briefly discussed the desirability of attracting Amarillo residents to Canyon, to shop and to build homes. The board also emphasized in discussion the importance of future C-C support of "Buy-in-Canyon" programs and of attempts to bring conventions to Canyon as it proves feasible in coming years.

Board member John Childs reported that 55 new individual memberships in the C-C have been recruited since a drive began Feb. 1. In addition, 28 new firm memberships have been secured.

Bond...

ly 1 to single-family 2 zone classification. SF-1 designation provides 10,000 square footage in length, and 75 feet in width, as compared to 7,000 square footage in length, and 60 feet in width for SF-2. Twelve lots are slated for development.

Hunsley's request involved a change from SF-1 designation to multi-family designation. No action on the plat was taken Tuesday, only approval of the rezoning. Hunsley plans condominium housing units.

Final action came when the commission agreed to change regular meeting dates from the first and third Thursdays of each month to the first and third Mondays of each month.

Next meeting of the commission will be held at 7 p.m. April 17.

All commissioners were present at Tuesday's session.

Contestants include (in alphabetical order) Mrs. Lorraine Bonds, 2303 Third Ave., Canyon, 655-3810; Mrs. Tootie Bybee, Rt. 2, 100 XIT Trail, Mescalero Park, 622-1471; Mrs. Carol Crain, 2704 Second Ave., Canyon, 655-7470; Mrs. Sherri Cates, 7922 Goodnight Trail, Amarillo, 355-2080; Mrs. Susan Dolle, Umbarger, 499-2782; Mrs. Mary Jo Griffin, Rt. 1, Box 84, Canyon, Sherman Acres, 352-2951; Mrs. Ernestine Harp, Rt. 2, Box 436, Canyon, 355-0028; Mrs. Mary Neal Henry, Rt. 1, Box 29 Happy, 764-2865; Mrs. Vicki Hooker, Box 43N38, Rt. 2, Amarillo, Palisades, 622-1439; and Mrs. Renee Owen Morgan, 2520 8th Ave., Canyon, 655-4056.

Board...

(Continued from Page 1)

grade 53 girls. Twenty nine girls are participating in the third period athletic program in high school and 18 of them are running track.

Schneider said the main problem with the track program was lack of equipment and a track for the junior high students.

Schneider said growth in the track program would have to come from the junior high level as high school girls are not yet track oriented.

Coach Phil Ehly said the boys track program had the same problems with equipment as the girls program. Twenty eight boys are participating in the high school track program with twenty running in track meets.

The coach said the boys program did not have a great deal of talent but fair depth. "The kids put out," Ehly said. He said there is no interest lagging in the sport but the Canyon teams do not have much speed and this is an exceptional year for Canyon's opponents.

In the junior high boys track program, 22 boys are running in the 9th grade, 56 in the seventh grade, and 47 in the eighth grade.

The problem with these teams is the lack of uniforms, the coach said, and he felt uniforms would instill more pride in the teams.

Coach B.B. Kendrick explained the boys golf program to the board. Twelve boys are playing golf in high school and 14 in junior high.

Kendrick said little time was spent on physical conditioning in the golf program and more time on individual skills and improvement. He said golf, more than any other sport, would be used by a student after he left school.

Jacobs announced at the board meeting he expected the UIL to approve a girls golf program next year.

The tennis program has 25 participants this year compared to seven last year. Twenty of the 25 this year are sophomores. The coach said the teams use the facilities at West Texas State University.

The tennis program is growing and with the caliber of junior high players, the coach said tennis should be a good varsity sport in Canyon.

Roy Winters, baseball coach, said the equipment for the baseball program was good and the team will begin district play next week.

He announced a student-faculty ballgame Friday night and invited board members to play for the faculty. He also said the team needed practice with left-handed pitchers.

The baseball team has 20 players this year which is an increase over last year.

Winters said in the past two years, the team won one ballgame and had to come back from a losing situation. The team has won two this year playing mostly 4-A competition.

The baseball program is organized into the Babe Ruth League, the junior varsity, and the varsity.

Ed Wieck presented a trophy from the Palo Duro Soil and Water Conservation District to Jan Henson for an essay she wrote on conservation. Miss Henson is the grandaughter of board member, Walter Graham.

Jacobs presented a revised code of ethics for board members from the American Association to School Boards to all the members of the board.

Seminar...

(Continued from Page 1)

the future.

Slough, Plank's opponent said, "I believe the people of Texas are looking around and are sick of what they are seeing in Austin, Texas. I think the people of Texas are going to clear the air.

Slough said the Texas legislature in their special session recently were trying to clean house before the inspector got there. But the inspector has already been there.

"It is ridiculous that a person should be limited by party lines in this day and time," said Slough. "We need an open primary to let the people of Texas vote for the candidate of their choice."

Harms, who will not be running in Randall County said that he felt the people of Texas want to see a two party system.

"I am young and relatively inexperienced, but I think it is time to put young people in offices of responsibility. This year people who previously have taken pot luck at the polls are going to take a closer look at the ingredients of the pot," asserted the 22-year-old, West Texas student.

Bynum, who will face Harms in the November election, but is unopposed in the May primaries said he felt there was an awakening in the Panhandle and that no longer could people in other parts of the Texas consider us separate state of the Panhandle.

"Last week in the three day war, (special session) the legislature started the road to real reform. For the first time the house and the senate enacted joint rules and limited the power of the conference committees. We limited the power of the speaker and reduced the number of committees from 46 to 25. We threw out a lot of the old timber," said Bynum.

"As long as we have a constitution that says the house can meet only once every two years for five months we are going to have the Sharpstown bills. We must have time to properly consider these bills. I urge you to support amendment number four to put the Texas government in the 70's.

Sherman siad that recently he had read a government report that said the small towns were dying." I'll do everything I can to rejuvenate the small towns in Texas," Sherman pledged.

He along with all other candidates present urged that Texas adopt a new constitution.

State Day

Zeta Tau Alphas from Canyon's alumnae and college chapters will be in Amarillo April 15 for the sorority's State Day at the Amarillo Country Club.

Mrs. Keith Jones and Mrs. Stan Elliott, president-elect of the alumnae chapter, are on the host committee.

Sherman Acres Area

Sherman Acres Residents Travel Over Easter

BY MARY JO GRIFFIN

THIS PAST WEEK HAS been quite a busy one around this neighborhood. We all enjoyed the school vacation and Easter holidays so much. So many of our people went places and others had guests in their homes.

MRS. HERBERT HALL (BETTY) and children, Dale, Randy, Stacy and Brenda went to Woodward, Oklahoma to visit Betty's sister, Mrs. Bill Luckett and family. They all went to the Alabaster Caverns near Woodward for a day out with picnic lunch and lots of hiking and climbing.

MR. AND MRS. JIM Warner were in Clarendon over Easter weekend with Mrs. Warner's parents, Mr. and Mrs. J.F. Rampy.

WE HAVE A couple of little boys with birthdays this week. They are April 8, Harvey Sims and his nephew Kelly Howington, April 9. Happy birthday to the two of you.

GUESTS IN THE TOM Delashaw home for Easter weekend were their daughter and granddaughter Mrs. Monte Farr and Jill of Folsom, New Mexico and a grandson, Sam Elkins who is in school in San Marcus. Others came during the day Sunday.

VISITING IN THE JIM Huneycutt home over the weekend were Jim's sister and husband Mamie and Bill Watson from Durango, Colorado and their daughter Debbie Watson who is a student at SMU in Dallas. Also guests of Jay and James Huneycutt were Steve and Greg Ford of Canyon. The boys all went to the Easter egg hunt in Conner Park.

MR. AND MRS. JAMES Anderson and family entertained 36 relatives for Easter Sunday dinner in their home. Mr. and Mrs. Verlin Beasley and Mrs. E.E. Beasley all of Raymondville, Missouri came for the occasion and to celebrate five generations in the family. The direct line in the five generations are Mrs. E.E. Beasley, Mrs. Otto Langston, Mrs. Willie Wesley, Mrs. Cecil Ray Mason and baby Wesley Mason. They report a real good time visiting.

MR. AND MRS. MURRAY LEITH and family visited Sunday in the home of Wanda's parents, Mr. and Mrs. Earnest Luedecke in Pampa.

WE SEE THAT PATRICIA Tilger is home this week with her parents. She is teaching second grade at Amherst and is out for the Easter vacation.

NELLIE BAGWELL AND children Randell, Susan and Kendall were visiting in the Panhandle last week. They were out here several times with different ones from Amarillo and Borger. Everett came to get them Sunday.

THE SHERMAN JONES family had a birthday party for Lee Don during the weekend while Marsha is home to help celebrate.

MRS. JOHN GASTON AND BOYS John Thomas and Michael were visiting during the week in Albuquerque, New Mexico with Oona's mother, Mrs. Michael Panici and other relatives. John was working in the southern part of the state and went fishing near Corpus Christi over the weekend. They all came home on Monday this week.

MR. AND MRS. WAYNE HOOD and children Steve and Christine had their Easter vacation in the Houston-Galveston vicinity. They toured the Astrodome and other interesting places and returned home Monday.

GUESTS RECENTLY IN THE James Brashears home were James' sister and family Mr. and Mrs. Jack Aaron from Shamrock, and other guests Sunday were Charlene's sister, Mr. and Mrs. Donald Davis from Canadian. Also her mother Mrs. Vera Clement of Amarillo.

MR. AND MRS. BILLY GRIFFIN and girls were in Lamb county to attend the Weaver family reunion at the home of Mr. and Mrs. Lige Griffin. Also we visited with my mother, Mrs. Herbert Roberson and were at the family gathering. She and a granddaughter Tonya Roberson are here to spend this week.

MRS. HERBERT HUTCHINS (Charlene) and children visited last week near Sayre, Oklahoma with her mother Mrs. Charlie Baker. They came home Saturday and went to Wellington to visit with Herbert's parents Mr. and Mrs. Vernon Hutchins.

MR. AND MRS. JOHN Rider and family were in Dacoma, Oklahoma, Audrey's home town over the weekend to attend the Dacoma High School Alumni celebration. Audrey's graduating class had a special gathering. They also attended church there Easter Sunday and had lunch with friends.

MR. AND MRS. CARLOS WILHITE and family travelled down to Childress to visit with Mary's mother Mrs. W.J. Clements last week. The children stayed with their grandmother while Carlos and Mary went on to Fort Worth. Mrs. Clement came home with them to visit for a while.

MRS. LARRY NASH (Betty) and children went to southwest Texas during the school vacation. They met Larry there and went to Pecos and saw sights including Judge Roy Bean's Cabin and then went on to Carlsbad Caverns. They report a real good time.

IF I MISSED YOU this week do give me a call and I'll get it in next time. Thank you for your time and interest to fill our column.

Cycle Flips; Youth Hurt

A young motorcycle rider was slightly injured in a mishap in an alley near 404 7th Ave. last Saturday.

The rider, identified by police as Carter Harvey of 2421 11th Ave., sustained a bruised arm when the cycle he was riding overturned and fell on him while he was driving over a wooden ramp, which gave way.

Young Harvey was hospitalized for two nights following the accident. Officials of Neblett Hospital said he was released Sunday following treatment.

Baseballers Win Five Of Eight On Tulsa Journey

West Texas State University's baseball team pushed its season record to 14-6 last week by winning five of eight games in the University of Tulsa Baseball Review.

No winner was determined in the review. Teams just met in Tulsa and played as many games as they wished in an eight-day period. Tulsa had nine wins, while West Texas played the next highest number of games and finished with a 5-3 record.

West Texas fell twice to Tulsa and once to Southwestern, Okla., in the tourney. The Buffaloes beat Southwestern, Arkansas twice, John Brown University and South Dakota State.

Mark Stanley, who pitched a two-hitter against Tulsa in losing 2-0, has a 2-1 pitching mark with a 1.23 earned run average. David Sharp is 2-0 with a 2.62 ERA, Charles Crouch as a 2-0 mark and a 0.74 ERA, David Lewis is 2-2 with a 2.97 ERA and Kenny Grounds stands 2-1 with a 3.82 ERA.

Jim Albracht, who has shared right field duties with Ground, leads the Buffaloes in hitting with a .436 average. Other high marks are Kerry Morgan .409, Lanny Phillips, .395, Allen Runyan, .358, Ground, .347, Rick Hamerick, .308 and Rick Rusten, .302.

Canyon Herd Ends Testing

The Holstein herd owned by Louis G. Hinders of Canyon has attained a new annual herd production average for milk and butterfat, report officials of the National Holstein Headquarters in Brattleboro, Vt.

The herd has completed latest testing with an official per-cow average of 16,901 pounds of milk and 64 pounds of butterfat on 85 seperate lactations.

Texas A&M University supervised production testing activities.

In another release, the national organization announced that "Hales Skokie Rosebud," a four-year-old in the herd tested for Jones Hales of Canyon has produced 22,340 pounds of milk and 804 pounds of butterfat during a 354-day testing period.

During testing periods, three animals in the Hinders herd here produced as follows: "Palo Duro Golden Jewel," a six year-old, 24,110 pounds of milk and 864 pounds of butterfat; "Palo Duro Starlot," a six-year-old, had 23,940 pounds of milk and 820 pounds of butterfat in 326 days; "Soo Land Ollie Elma," a two-year-old, had 16,480 pounds of milk and 619 pounds of butterfat in 305 days.

Horse Exhibitors Plan Youth Show

The Panhandle Quarter Horse Exhibitors Association has planned a youth show to be held at Bill Cody Indoor Arena in Amarillo starting at 8 a.m. April 30, according to Mrs. Joan Ross, secretary.

A colt, donated by Bobby Johnson, is to be given away, and first place trophies will be awarded to first-place winners in halter and performance classes. Ribbons will be given from second through sixth places.

The show will include registered and open classes.

Other officers are James Patch, president, and Vern Johnson, vice-president.

Youth officers are Miss Martha Johnson, president, and Steve Ross, vice-president. Both are students at Canyon High School.

Had a party? Or giving one? Tell The Canyon News About it. Telephone 655-2141, or stop by the News office on the west side of the square.

Condition of one of two vehicles involved in a smashing collision which occurred Sunday south of Canyon shows "total" damage. Six persons were hurt in the mishap. All were treated at Canyon's Neblett Hospital before release, and two were transferred to a Plainview hospital for further treatment.

Umbarger News

Altar Society Appoints Delegates

BY SUSAN DOLLE

AT ITS REGULAR meeting Tuesday night, St. Mary's Altar Society appointed four delegates to attend the spring deanery meeting in Nazareth April 19. Mrs. Vincent Meyer, Jr., Joe Grotegut, Marion Hicks, and A. R. Friemel will participate in the sessions planned by the Plainview Deanery of the Amarillo Diocesan Council of Catholic Women. Alternates will be Mrs. Carl Hartman, Ronnie Haschke, John Beckman, and Elroy Artho.

THE WOMEN WILL hear addresses by Bishop Larence M. DeFalco of Amarillo, Rev. James Comiskey, and Mrs. D.M. Poundstone, president of the Amarillo Diocesan Council. Mrs. Carolyn Jordan, past president of the Lubbock League of Women Voters will be the afternoon speaker when she will present ideas concerning the Texas legislature.

THE MEETING IS being hosted by the Nazareth Christian Mothers Society. Mrs. Don Dolle of Umbarger, outgoing president, will preside. Approximately 150 ladies from the area are expected to attend.

IN OTHER BUSINESS, the Altar Society authorized Mrs. Vincent Ramaekers to extend an invitation to the Canyon High School Band to hold its spring dinner and dance in the parish hall at Umbarger. The hall will be considered along with two or three other possible sites.

***

MANY PEOPLE FROM this community will hear Barefoot Sanders, Democratic Candidate for U.S. Senator, Saturday night when he speaks to the Texas Farmers Union at their spring dinner and dance. The event will be held in Amarillo at the Howard Johnson East Restaurant and Motel. Plans for the evening are being made by the Farmers Union officers including Alfred Buecker, president.

***

THE CATHOLIC LIFE Insurance Union, Branch #52 will hold its annual meeting and social this Sunday evening, April 9, in the Umbarger Parish hall. The barbecue supper is prepared for members of the fraternal insurance union and their families.

A MEMBER OF the home office of Catholic Life Insurance in San Antonio will be the guest speaker. Also attending will be Tom Acker of Nazareth who is the area representative. John Wieck, local president, will preside. Other officers include Carl Kleuskens of Hereford, Willie Wieck, and Dennis Brandt. A new slate of officers will be presented during the business meeting.

***

HOW MEN AND women differ has been described by the Ladies Home Journal executive Bernice E. Connor, as follows: "Most men think of knives and forks, but a woman thinks of silver. Men think of glasses, but women think of crystal. A woman makes a casserole. He calls it leftovers. She serves potatoes lyonnaise. He eats spuds with onions. Different words, different images. To a man, 'range' has to do with scope, ranch, firing range, or Home on the, if he's musical. To a woman, it's a beautiful new built-in oven. 'Base' to him means air base or first base, a bag somebody slid into. To a woman, it's a new makeup."

Going somewhere? Or been? The Canyon News wants to know about it--and so do its readers.

Dr. Ballou To Give Robert Welch Lecture

Dr. C.E. Ballou, Professor of Biochemistry at the University of California at Berkeley, will present the annual Robert A. Welch Foundation lecture at West Texas State University on Tuesday, April 11, at 4 p.m. in 101 University Complex South.

The talk is entitled "Surface Architecture of Yeast Cells — a biochemical expression of speciation."

Dr. Ballou, an internationally known biochemist, has been at Berkeley since 1951 and was appointed Professor in 1961. He was chairman of the department from 1964-68. He spent the year 1961-62 on a sabbatical leave as a Senior NSF Fellow at Gif-sur-Yvette and the year 1968-69 as a Guggenheim Fellow at the University of Kyoto and the Pasteur Institute.

Dr. Ballou has served on the Editorial Boards of "The Journal of Biological Chemistry" and "Biochemistry" and is a member of the American Society of Biological Chemists, the American Chemical Society, and the Chemical Society (London).

His research has been mainly in the areas of carbohydrate chemistry, the synthesis of sugar phosphates, the mechanism of action of glycolytic enzymes, the structure and biosynthesis of glycolipids and lipopolysaccharides of mycobacteria, and the structure and unochemistry of yeast cell wall polysaccharides.

Accompanying Dr. Ballou on his trip will be Dr. W.O. Milligan, Director of Research for The Robert A. Welch Foundation.

The Robert A. Welch Foundation Lectures in Chemistry were inaugurated in 1957 with the object of stimulating and encouraging chemical research. Each year the Foundation provides outstanding scientists to lecture at institutions within the state whose faculty hold research grants from the Foundation.

Girl Is Born To The Hembys

Mr. and Mrs. Bill Bell of 2600 13th Ave. are grandparents of a six-pound, 14-ounce girl.

Mrs. Bell said Stacey Lynn Hemby was born March 22 to her daughter and son-in-law, Mr. and Mrs. Ronnie Hemby of Clovis, N.M.

Mrs. Bell said she returned recently from a visit in Clovis with her new granddaughter and family.

Ronnie Hemby is serving at Clovis with the U.S. Air Force.

Candidates To Be Here

Two candidates for lieutenant governor of Texas will be in Canyon today.

Sen. Wayne Connally will arrive in Canyon at 1:30 p.m. and a coffee and reception will be held in the West Texas State University Activity Center.

Sen. Joe Christi will speak in the East Cafeteria on the campus of WTSU at 5:30 p.m.

Six Hurt In Wreck

Six persons were injured — none seriously — in a spectacular auto accident which occurred about 3:50 p.m. Sunday 3.9 miles south of Canyon on U.S. Highway 87.

The wreck victims included one Canyon man, a Hale Center family of three, and two persons from Plainview and Kress. All were given emergency treatment for lacerations, fractures and bruises and then released from the hospital, Neblett spokesmen reported.

Injured were: Terry Vogel of Canyon; Mr. and Mrs. Antonio Trevino, ages 24 and 28 respectively, and their son, Antonio Jr., 15 months, all of Hale Center; and Lena Ocanas, 15, of Kress and Ejinio Luna Jr., 22 of Plainview.

The Ocanas girl sustained head lacerations and the Luna youth suffered a fractured hip. Both were transferred to a Plainview hospital following release from Neblett.

Texas Highway Patrolman Larry McLendon, who investigated the crash, said both autos involved were totally damaged. Impact of the collision was severe, he added.

A 1967-model auto driven by Vogel collided with another 1967-model driven by Trevino south on U.S. 87. The Vogel car was making a turn northward onto U.S. 87 from a farm-to-market road when the collision occurred.

Vogel occupied one vehicle alone, and the other victims were passengers in the Trevino car.

Report Reveals Steady Increase In City Building

The City of Canyon issued six building permits, totaling $45,050 in value, during the month of March, reports E.A. Collie, building inspector.

The March figure boosts the total of permit value recorded so far this year to $144,055.

Last month's figure of $45,050 compares to $140,675 recorded during March of 1971. The first three months of last year of new construction totaled $233,950, city records show.

Permits recorded during March of this year were as follows:

— Billy G. Reid, 2615 11th Ave., a permit for a new residence at 1207 26th St., $23,000.

— C.N. Cosby, 2713 9th Ave., a permit for a new residence at 501 8th Ave., $5,000.

— Canyon News, permit for remodeling of a commercial building at 1500 5th Ave., $15,000.

— Don Sheets, permit for a storage building at 3306 Conner Drive, $950.

— W.K. Heathington, permit for a storage building at 2426 14th Ave., $400.

— Lewis Harvey, permit for a storage building at 400 Thompson Lane, $700.

Collie noted the building picture in Canyon proceeds on a "steady" level, with residential construction as the mainstay.

"Last year, we had 18 new residences," said Collie, "and I think this year we will exceed that." He said he drew his conclusion from trends and conversation among residents, and from the way money has loosened up of late.

He noted the areas of the city which now show high potential for new residential construction include Ponderosa, in the southeast; Hidden Valley Addition, south Canyon; and Pioneer Estates, east Canyon.

"I don't look for a big boom, but I do look for lots of new buildings and new residences," he added, "The buildings are sold as soon as they get them built. As long as we have steady growth, it's good for everybody.

"I believe this year will be one of our best years for new construction," he predicted.

Chairman Re-Elected

Members of the Randall County Home Demonstration Council elected officers and were reminded of three events scheduled for April when they met Mar. 27 in the Farm Bureau Building.

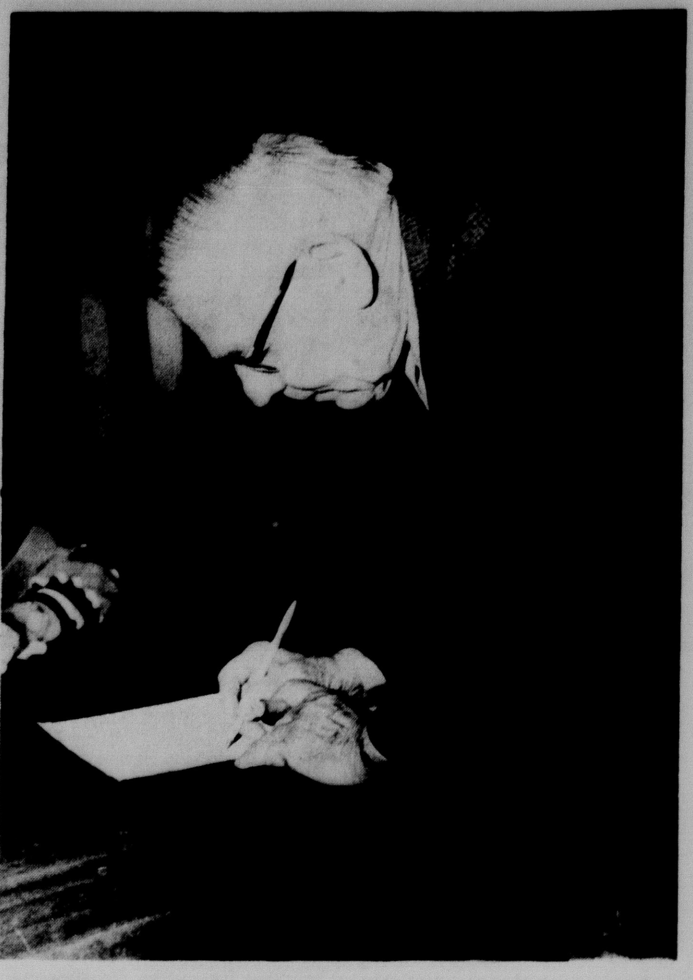
Mrs. Jim Irlbeck was elected to a second term as chairman. Mrs. Bill Mead is vice-chairman, Mrs. Clarence Howard, secretary, and Mrs. Tom Henry, treasurer.

On April 17, Mrs. Becky Hall will demonstrate cleaning and caring for a sewing machine at a leader training meeting.

Representatives from the county will be in Pampa April 20 for a district THDA meeting at First Baptist Church. Registration will be from 9:30 to 10 a.m.

On April 29, 4-H Clubbers will be on the campus of West Texas State university for method demonstration competition in all areas.

The next council meeting is to be at 2 p.m. April 24 in the Farm Bureau Building.



T.A. Black visits the Canyon Community Center to cast his vote in Tuesday's city elections, in which three incumbents were unopposed. Voting was light throughout the day.

Accreditation Officials Inspect Neblett Friday

Two representatives of a Joint Commission on Accreditation of Hospitals will inspect Neblett Memorial Hospital Friday.

What they find will determine whether the hospital will receive accreditation. Last year, the hospital was given a oneyear accreditation, said Ray Grimes, hospital administrator.

"In the past," Grimes said, "we have received two and three-year accreditations, but last year they would only give us a one-year approval.

The commission is a voluntary organization which surveys hospitals to evaluate them by standards of quality care.

Grimes also pointed out if Neblett Hospital does not receive accreditation this year, Medicare officials will conduct their own investigation of the hospital.

"It is totally desirable to have accreditation as far as patient care is concerned. It means something to the community to have your hospital accredited."

South Randall County voters last year passed a bond issue for $800,000 to provide a 50-bed hospital for Canyon. The hospital district also was formed in the same election, and board members petitioned Hill-Burton for grant funds.

On March 14 of this year, the hospital district was notified that the Texas State Department of Health has approved a $1,100,000 Hill-Burton loan for purpose of constructing a new hospital in Canyon.

Grimes said Monday a representative of the Neblett Hospital staff will travel to Austin in an attempt to obtain more information about this loan. Grimes said he had not yet determined who will make the trip.

Generally, the loan program would include a government-guaranteed loan with an interest subsidy. "When the details of this loan program are available, the district board will be able to determine if the district is eligible, and if the loan would be of assistance in the financing of a new hospital," according to a release from Neblett. "It is the feeling of the Board of Directors that with the tax bonds already voted and the Hill-Burton assistance already offered, the chances are extremely good that the South Randall County Hospital District will be able to construct a new hospital facility in the near future, without any additional burden on the taxpayers of this district."

Columnist Considers Campaign

BY PAULINE HEFLEY

PERMIT ME IF YOU WILL, to deviate from the usual light, jovial attitude to a more serious, candid vein of thought for a moment. First off, thanks, thanks so very much to those of you who took the time and made the extra efforts to go and cast a vote for me. I sincerely appreciate your support. Secondly, congratulations to Dr. Moore, Mr. Graham, and Mr. Pruett.

YOU COULD ALMOST call this week's by-line "Reflections on a Candidate's Race." I can guarantee you that if this writer had anticipated the results this year after the results of last year, there would have been no redhead's name on the ballot. I am amused at the remarks that are made, following an election, to a candidate who lost. Such remarks as: From a friend..."Well, somebody has to lose"...(Humbug on that)...From another friend..."I'll meet you for lunch and I'm not coming dressed incognito...I'm not ashamed to be seen with a loser"...From a husband..."You did real good, Polly, and if a group of people asked you, you would run again"...(All the time the defeated candidate is adamantly denying same)...From two darling daughters..."We're proud of you, mother, you didn't even cry"...from a friend..."This will help you to build character"...(Humbug again..was hoping I had enough of that stuff called character)...From a daddy..."I love you in your victories and your defeats"...From a mother..."Maybe you can win something in tennis"...(And that even appears marginal at this point in time). And, on and on we could go. Seriously, it is all over but the memory. All is not lost though, it has been an interesting experience, with so many laughs and the sheer anticipation of winning was exhilarating at times for me. But, then one is faced with the reality of defeat. Which completely drained me, only temporarily you realize, of all my energy, drive, enthusiasm and who knows what. I shall not again run for a seat on the school board. But I shall not let this defeat deter me from higher sights, I am reminded of our friend Abe Lincoln...I forget how many times he was defeated before he finally was elected for President — look that up if you are not familiar with his track record. AHa!!! Is this a discreet way of telling you that I shall someday be a candidate for the Presidency? Not so, but then a woman can always change her mind and perhaps I might exercise that prerogative later. Enough for this...News is so brief this week. I suppose I was so enamoured with my own election that I was certainly remiss in getting any news.

IN ANY EVENT, to begin with, me and Lovie and Jodi and Alexis tootled up to Springdale, Ark., to visit with Ed and Midge Hershey and kiddoes, and Charles and Margaret Hershey and kiddoes. We had a delightful time and saw some beautiful country. Also took in the Arkansas Country Opry, at Fayetteville with Johnny Stills, which was an all time first for the four of us and quite a contrast from the final performance of the Amarillo Symphony we had seen the week before with the George Shearing Quintet. And we motored over to Eureka Springs and quickly decided we must go back and spend some days there in that unusual hillside resort. And our little Alexis spent a couple of nights with Suzan Burkart — What fun. Lovie and I visited with Norma and Walter Burkart and they took us up and showed their newly acquired land on top of a mountain (never was a Grammarian, but took us up don't sound right). Anyway, young Walter Burkart was there with his folks, and many of you will be interested to know he will soon be departing for Italy in the furtherance of his tour of duty in the security end of the U.S. Navy. We take this opportunity to wish him lots of luck and we know he will represent us well. The Burkarts (all of them) send a big "Howdy" to all of you.

HAPPY ANNIVERSARY to Guy and Troyce Mulherin.

UNDERSTAND THE JOHN DODSONS took a nice trip over Easter. Those going along for the good time were John, Bonnie, Greg, Carrie, Brian, Cindy Fuller, and Grandmother Ethel Dodson of Amarillo. They tootled out to El Paso and Juarez, dropping grandmother by Socorro, New Mexico, on the way out and picking her up on the way back. Greg reports they had a real nice time.

HAPPY BIRTHDAY to Linda Ford.

WELCOME HOME TO OUR fearless leader, Luther B. Lawless. Talked to him just yesterday and he says he is doing fine and feeling good (brother, I'll bet he gets lots of mileage out of his recent surgery). Seriously, we're glad to have him back and glad he is well.

HAPPY BIRTHDAY to Kyle Balke.

NOW, YA'LL PHONE ME your news...quickly...where did you go last week, what did you do (that can be put in print), who has been to pay you and yours a visit? Just call and give me the details 376-9853 or 352-2089...Thanks.

BORROWED FROM THAT eminent philosopher of our time Charlie Brown..."Winning may not be everything, but losing ain't nothin'."...pmh

Ed Wieck, member of the Canyon School Board, presented a trophy to Jan Henson, Canyon High School student, for her participation in the Palo Duro Soil and Water Conservation District Essay Contest. The trophy was presented at the school board meeting Tuesday night.

Girl Eagles To Host Track Meet Saturday

The Canyon Girls track team will host 10 high school and two junior high girls teams in the meet here Saturday.

High school teams entering are: Friona, Dimmitt, Happy, Fritch, Dumas, Booker, Whiteface, Slaton, Hart and Gruver. Panhandle and Cooper will bring their seventh and eight grade teams.

Preliminaries will start at 9:30 a.m., while the finals will get underway at 2 p.m..

March 25 the girl thinclads competed in the Panhandle meet, finishing 11th in a field of 20 teams. Joy Williams won the 440 with a blistering 60.9 clocking and Susan Cox placed fifth in the 880 with a 2:36.4. The mile relay Lynn Davis, Alisha Nelson, Cathy Lewis, and Miss Williams Quartet ran a 4:22.3 to finish fourth.

Last weekend at Idalou, the Girl Eagles tied for fourth in a 17 team field. Miss Williams ran a 61.9 quarter to finish in the runner-up position, while the mile relay brought their previous week's time down over eight seconds to win with a 4:14 time.

Miss Nelson placed fifth in the 440 with a 64.9 time in that meet; the 880-relay team (Sheila Tomason, Rhonda Umberson, Lynn Davis and Judy McBroom) ran a 1:53.5 for a fifth place finish; Val Decker and Cindy Bullock finished third and fifth respectively with times of 2:45.5 and 2:47.8.

Miss Williams captured another first, running a 61.2 in the 440 at the March 18 Friona meet. Miss Nelson took a fifth place finish in the 440 with a 65.8. Lynn Davis was fifth in the high jump with a 4-8, while the mile relay squad reeled off a 4:23.8 to finish second.

Admission to the Saturday track meet will be 10 cents for students and 25 cents for adults in the primaries and 25 cents and 50 cents for the finals.

Buffs Enter Texas Relays

Coach Bob Kitchens and his abbreviated track team were slated to leave early this morning to compete in the Texas Relays at Austin Friday and Saturday.

Kitchens is taking only ten athletes with him to the rugged meet, which will feature many of the nation's top track squads. Two members of that team, however, suffered minor injuries in workouts Tuesday.

Sprinter-quarter miler Tracy Dickson strained a leg muscle and pole vaulter Warren Snow turned an ankle. Both were, however, expected to make the trip.

Others making the trip are Carl Brown, Randy Thomas, Lee Lewis, Gary Goodin, Steve Cone, Jim Hogan and Kirk Johnson. Brown will run the high hurdles and on the 440-yard relay team. Thomas will enter both hurdle events.

Lewis and Dickson are entries in the 440, 880 and mile relays. Cone will run on the 880 and mile relays, while Goodin will run in the 440 and 880 relays. Hogan is a mile run entry and Johnson will throw the discus.

In a three-way meet at Albuquerque last week Johnson set a new school mark in the discus with a 168-11 toss.

Netters 2nd At Tourney

West Texas State University's tennis team captured second place in the Oral Roberts University Tournament last week in Tulsa, falling 5-4 to the hosts on the final day.

Earlier, on that same road trip during the Easter break, the Buffaloes had beaten same road trip during the Easter break, the Buffaloes had beaten Abilene Christian, 6-0; Texas A&M in a great victory, 5-4; Baylor, 6-2; Austin Peay, 6-3; and North Texas State, 8-1.

The Buffaloes pushed their season record to 14-4.

"We played well during the tournament, but we are disappointed about losing to ORU as we had beaten that team earlier this year," said Kent.

The Buffaloes and their individual records are Paul Tobin 12-5, Mike Bolton, 14-4, John Phillkips 12-6, Dale Corbin, 13-3, Steve Bailey, 12-4 and Joe Carrick 9-2.

Phillips and Tobin have a 13-5 mark in doubles playing in the number one position. Bolton and Corbin are 15-3 and Bailey and Carrick had a 7-2 record.

WT Golfers Place Sixth

West Texas State's golf team placed sixth in a 21-team field last weekend in the Oklahoma Collegiate Invitational at Shawnee, carding a 910 total.

The Buffaloes of coach Vern Farquhar have made steady improvement all season and four players are averaging below 80 scores for the year.

Plainview junior Dick Weston leads the way, averaging 74.5 strokes per round for 13 rounds of tourney competition. Jerry Boeka has a 77.2 average and Clovis sophomore Eddie Kilmer is averaging 77.7 strokes per round.

Canyon's Randal Burton, the only freshman among the top four, is averaging 78.2 strokes per round.

Mayfield Sends Buffs Through Contact Drills

West Texas State University's football team, under the direction of head coach Gene Mayfield, put on pads Wednesday for the first time this spring.

The spring football drills will climax with the final scrimmage at 7:30 p.m. Saturday, April 29.

Should cold or wet weather force postponement of any of the practice sessions, some of them may take place the week following the final scrimmage.

The Buffaloes, who reported in Tuesday following 10 days for Easter vacation, will work out five days each week, Tuesday through Saturday. No scrimmage session is slated for this Saturday, but scrimmage sessions are slated for the following two Saturday afternoons.

"I was pleased with the physical condition of the players Tuesday," said Mayfield. He and his staff had marked off a 370-yard running course on the practice field area. Before the players left for their spring break they were required to make two runs through the course and each player was timed.

Nearly every player on the squad improved his time from his effort before Easter.

"Either the players did some running during the Easter break, or else they rested a great deal in order to improve those times," he said. "It was a good test of endurance."

The spring drills opened without returning starter Dewayne Sexton, a center. Sixton is planning to transfer next fall to Midwestern University in Wichita Falls, change his major to medical technology and graduate a year earlier.

Mrs. Jeannette Robbins, 1508 Eighth Ave., grows tomatoes in her bedroom. The vine, which came up in a geranium pot, has about 26 tomatoes on it and more blooms forming. She has gathered 10 of the small tomatoes. The vine is propped up with small tree limbs and she said, "I had to get more sticks last week."

R

WHAT IS HISTOPLASMOSIS?

It is a fungus infection of the lungs contracted by breathing contaminated dust. It is more likely to be found in rural areas than in urban, since this fungus affects animals also. It tends to be a comparatively mild, but chronic, sickness. Most cases offer no serious problem.

Its danger is that it can be confused with tuberculosis and some people having it are afraid to go to a physician fearing a tuberculosis diagnosis. Never have any fear when visiting a physician. The least he can do is to help you live longer and more comfortably.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

An Open Letter To The People Of Texas

Dear Voter:

I'm a candidate for attorney general of Texas because I believe it's time for a change in the office.

Crawford Martin is seeking a fourth term. It's the first time in the history of Texas an attorney general is running for a fourth term.

Campaigns should be run on the issues and I don't like to inject personalities and personal relationships into a political campaign. But, the relationship between Frank Sharp and Atty. Gen. Crawford Martin cannot be swept under the rug.

The new book about the Texas stock fraud scandal, "Texas Under a Cloud," tells about that relationship. On page 128 the book says:

"Atty. Gen. Crawford Martin, . . . got some free newspaper publicity when it was revealed in October, 1971, that he received a 'stock tip' from Frank Sharp — while Martin and his family were Sharp's ranch guests late in 1969 and again at Sharp's Houston office early in 1970.

"Sharp was trying personally to sell National Bankers Life stock to Martin, although the attorney general said that Sharp never mentioned the possibility of Sharpstown Bank loans to buy the stock.

"Martin said that he turned the stock offer down because it would have cost too much, because NBL was in 'shaky' condition, and because he did not buy 'speculative' stocks.

"He did not comment on the ethical aspects of a state official's accepting a stock tip of that sort — perhaps, because *Martin, as attorney general, had ruled in favor of Sharp on a key legal issue about Sharpstown State Bank* only two and one half years before Sharp made the stock offer to Martin.

"Martin's ruling had the effect of increasing the bank's capitalization dramatically and thus its ability to make large loans, ultimately giving Sharp the financial resources he used in the manipulations charged by the SEC."

As you know, hundreds of Texans lost their life savings because of Sharp's stock manipulations and it probably wouldn't have happened but for Atty. Gen. Martin's legal opinion.

Don't you agree, it's time for a change in the office of attorney general of Texas?

Just so you'll know what you'd be changing to, I'd like to tell you a little about John Hill. I'm a native Texan, grew up in Wink and Kilgore, was national debate champion at Kilgore Junior College and graduated from the University of Texas Law School. I served in the Navy during World War II, practiced law (much of the time in courtrooms) in Houston, and was secretary of state from 1966 to 1968.

I certainly would appreciate your support.

It is time for a change.

John Hill

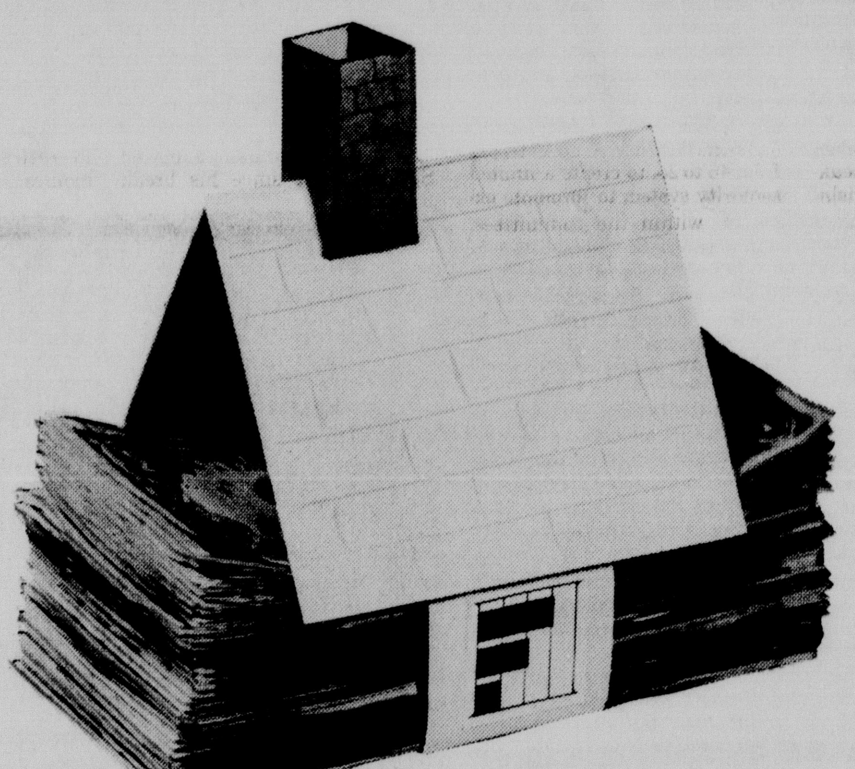
John Hill

P.S. If you want to help in our campaign, please write John Hill, 408 Brown Building, Austin, Texas 78701 or call 512-474-1991.

A New Lawyer For Texas

John Hill

Attorney General



There's a loan for your home at First Federal.

Are you ready for the home you've always wanted? Whether it's one you've carefully planned, or one from the large selection on the market, we're eager to help.

Come to First Federal for your home loan. More people have, over the last third of a century, so we've gained a lot of experience in working with families such as yours. We can help you decide on the loan plan that best meets your needs, with as little as 5% down, and up to 30 years to repay. With a First Federal conventional home loan, you can pay ahead, any amount, anytime, without penalty. Of course, we offer FHA and VA financing, too.

Don't let your housing dollars go without paying for the home you've longed for. Come to First Federal for the money. We'll help make sure your loan is as right for you as the home it pays for.

Rahlfs, Hand Win School Board Election; Railsback Elected Mayor

Happy News

BY MARY NEAL HENRY

THE HAPPY RODEO Association met Wednesday night of last week with several guests present. Special guests were George James and his assistant of Tulia. An annual financial statement was presented to the club. Officers were elected for the coming year as follows: President, Tom Henry; Vice President, Don Magness; Secretary-Treasurer, Bob McDonald; and Directors, Lewel Johnston, Carl Sims, and Frank Briscoe. Another special guest was Kim Gripp, a senior student of Hereford High School and president of the Hereford High School Rodeo Club. Kim answered all questions and stated that there are thirty high school rodeo clubs in this Tri State High Area, "hoping to make it thirty-one." Many parents and school board members were present for the meeting.

THURSDAY, the high school students met to organize a club. Many parents and sponsors were present. Rules were outlined and officers elected to serve as follows: President, Wendy Sims; Vice President, Bill Pearson; Secretary, Karen Murdock; Treasurer, Mark Hargraves; Reporter, Kevin Donnell. The kids will present this plan to the school administration and school board for their approval. And why not? Children have gone to college on rodeo standings. These students are very enthusiastic about this undertaking and they really want to see it become school sponsored.

ON SUNDAY, MAY 7, Mrs. Vivian Wesley will be honored with a reception at Mrs. Albert Null's home on 107 N. Floyd from 3 to 5 in the afternoon. Everyone is invited and no gifts please. Consider this your invitation and mark that day on your calendar. Mrs. Wesley is retiring from teaching and from being Elementary School Principal, effective May 31, 1972. She began teaching in Happy in 1942 and has taught for thirty years. She has some third generation pupils. I know of some second ones. It is comforting to have someone teach your children who taught you and whom you know to be a good teacher. We'll miss Mrs. Wesley. She plans to stay on in Happy for the present time, but will eventually move to Pierre, South Dakota, to be near her brother and his family, the Darrell Carruthers. Daddy was a good friend to the Carruthers and we were up there many years ago. They live in Hays, South Dakota, West of Pierre. The country is beautiful gentle rolling hills of grass. Mrs. Wesley in anticipation of someday moving gave me a start of the peonies that Daddy had given her from my Grandmother's yard in Royce City. There was still black mud around the roots when I planted them and I'll have to admit that a few tears fell in the reminiscing. Mrs. Wesley plans to stay busy and to have a bit of leisure to use as she chooses. She's earned it. We wish her the very best.

HAPPY JAYCEE-ETTES met on Tuesday of last week. Plans are in progress to have a joint Installation Banquet with the Jaycees. This will be a first for Happy. Al will cater the fried chicken dinner and the Jaycee-Ettes will decorate using the theme, "Service, the Key to a Better Future." The banquet will be held in the Jaycee Hall. Skip Simmons was appointed soft ball chairman. Susan Rahlfs was appointed Betty Crocker coupon chairman. Dottie Foster is chairman of national giveaways. Judy Shipman, Sara Tirey, Dottie Foster, Skip Simons, LaVenna Jackson, Della Venhaus, Joy Freeman, Lynn Ritter and Betty Stockett were present for this meeting. The check to help send a girl to Girls State was presented to Ora Mary Sims.

THE AMERICAN LEGION Auxiliary will meet April 13th in the Hospitality Room of the First State Bank to select the delegates and alternates to Girls State. Delegates will also be elected to the 4th Division Convention to be held in Lubbock, April 29 and 30th. They do thank each club that has contributed to the Girl State Project.

THIS WILL BE the second Sunday in the month. There will be bingo at the Catholic Hall.

WENDY SIMS WON the calf roping at the Dalhart High School Rodeo last week-end. He had on the belt buckle that he won Sunday. Pretty! Wendy tied his calf in 15.5. Buster Record of Dumas won third with a time of 16.8 Buster also won all-round honors and a saddle with that title. Buster comes to see us often and we are pleased for him. Dumas won the boys team trophy with 25 points and Clayton girls won with 18 points. We don't have any of those trophies in our cases, but I bet we can give them some good competition once we get started. Wendy also ranked fourth in Ribbon Roping with a 19.5. Buster Record and Kim Gripp won the team roping. Bill Blasingame and Steve Easley won fourth and Bill used to be a neighbor to the north of us.

I'LL APOLOGIZE FOR myself first for last week. That Harman-Toles ladies volleyball team won third and it was so close and they fought for it for so long that they really should receive credit. So, Congratulation, Sara Tirey, Eddie Cope, Connie Johnson, Ora Mary Sims, Sherry Walker, Mary Wilhelm and Tanya McCarley.

AND THEN I'LL apologize for the printer. When Fay read that Jim and Andy had won the high jump and those hurdles, he said he sure wished he'd been there to see that. Jim Hand won first in the discus and Andy Hand won second in the discus. Rocky Williams won sixth in the discus and sixth in the shot put. Gary Barrett won second in the high jump and second in the broad jump and third in the 120 high hurdles. The other winners made last week's column fine. Sorry about that. I believe in giving credit where credit is due.

HAPPY JAYCEES SPONSORED their eighth annual Easter Egg Hunt in Happy's Stephenson's Park last Sunday. Winner of the 0-6 years old division was Darren Johnson, young son of Mr. and Mrs. Reggie Johnson. Winner of the 6-10 year old division was Ronnie Harvey, son of Mr. and Mrs. S.B. Harvey. There were lots of prize eggs with money hidden in them and grandparents were on hand for this big event.

HAPPY JAYCEES ALSO sponsored a work forum for Region 104 on Saturday night. The eight clubs represented were Tulia, Muleshoe, Plainview, Castro County, Amarillo, Claude, Gruver, and Happy. Muleshoe won the Region Travel Trophy with a total of twenty Jaycees present. Claude won the "Out of Region" Travel Trophy with three Jaycees. The program was given by Pat George, State Vice President. He also gave the current ratings of the Texas Jaycees. A total of 65 Jaycees were present.

THE HAPPY SCHOOL Board Election was the big news of the week. O. H. Rahlfs won his seat back with 148 votes and Fay Hand won with 96 votes. These are both fine men and will have our children's best interest at heart. Wayne Pearson and Ben Boston both had 95 votes each, so you see it was close. Dick Railsback is again serving as mayor of Happy and Lloyd Venhaus and Bob Pulsipher as city commissioners.

JOHN ABBOTT, MISSIONARY to New Mexico, died Thursday when a truck fell on him. Memorial services were to be held Sunday evening; the funeral service was at Espanola Monday morning and burial at Santa Fe. John Abbott was friend to many in Happy and had spoken and showed his slides many times. Mrs. Abbott requests that memorials be money donated to finish a project that Brother Abbott had begun.

CAMERON LEE MITCHELL Forbis was recently named 'club woman of the year' by the Junior Women's Club of Wilcox, Arizona. Cameron worked on a scrapbook for this group that received 19 awards and won first in state competion. If you've ever worked on a scrapbook, you'll appreciate that feat much more. She also teaches a Sunday School Class and G.A. group, assists in civic projects, gardens, and does all those other chores and tasks that homemakers do. Cameron is married to Don Forbis and has two boys, Russel, six years old, and Heath, 4. Cameron attended Texas Technical College and later Graduated from West Texas State University. I know that Cameron was on the honor roll for a part of that time if not at all of She now substitute teaches in Wilcox, and has helped organize a new project of collecting and recycling cans, took part in the Junior's summer library program and assisted in collecting Betty Crocker Coupons for the purchase of a kidney machine for Cochise County. Congratulations, Cam!

THURSDAY A COUPLE of women just passing through town decided to drive down town and look around. They had their hair done in the Happy Beauty Salon and Mary said they really enjoyed them. They were from Illinois and on their way to California. Happy will always be one of their more outstanding memories.

MARY AND EDDIE Womack and sons, Tommy and David and their families spent the Easter weekend at Lake Brownwood. Mary was painting and visiting her friend, Rosemary Thompson, who has a shop at the Lake when in walked Vesper Sims. Vesper and Bob were down there visiting friends. Mary Womack still has an art collection at Lake Brownwood.

BLUE RIBBON WINNERS at that Foods Show last week were: Junior Milk Group, Janet Foster, Christy McCaslin, Aaron Parker, Debbie Parker and Bo Foster; Junior Meat Group, Jodi Foster; Junior Fruit and Vegetable Group, Lisa Payne, Laura Fellers, Kim McCaslin, Carolyn Moudy, Lisa Foster Junior Bread and Cereal Group, Pearl Perez, Carla Venhaus, Nancy Woods, Brenda Parker; Senior division, Catherine Parker and Debra McCarley. Red Ribbon Winners were: for Meat Group, Andrea Payne; for Milk Group, Sharla Miller, for Fruit and Vegetable group, Jeanne Parker, Dana Foster; and Bread and Cereal group, Vicki Venhaus, LaRae Sims, Becky Stubblefield, and Marta Kay Donnell. White ribbon winners were: Danny Bell in the Meat Group, and Lisa Johnson in the Bread and Cereal Group. Congratulation, All. Believe me, if you've never had a child who has prepared a dish to take to aCounty Food Show, then you don't realize the effort put forth. That really should be capital 'E'. Those big winners, Catherine Parker, Debbie McCarley, Jodi Foster, Lisa Payne and Brenda Parker will be going to the District Show this Saturday.

SUSAN, LLOYD AND Little Lloyd and Modenia and George Rahlfs have just recently returned from Tulsa, Oklahoma, where they visited Jean and her family. The baby is really growing of course, but it is hard to imagine when you don't get to see them often. On their way home, they toured the Cowboy Hall of Fame and the Davis Gun Collection and Will Rogers Memorial in Claremore.

MRS. ALVIN MOUDY, Jr. is the new school secretary.

HAPPY JAYCEES MET Monday night to hear reports of the Easter Egg Hunt and Work Forum and to proceed with Installation plans. The date has been set for April 29. Dick Foster was appointed Chairman of the Happy Celebration. They plan to again sponsor Little League and furnish some coaches. If you'd like to help with this, contact Tom Henry or Norman Freeman or George Tirey or Lloyd Rahlfs. All help appreciated.

MARVIN AND FRANCES Flowers and Byron and Kathy spent Easter in Ft. Smith Arkansaw, visitng Frances' parents.

THE C J GREENFIELDS went to Houston.

THE BOB MCDONALDS' and the Buddy Selvidges were lucky enough to get to go fishing.

SO DID THE Shipmans. Hollis and Inez and Nan Earl, Patricia, Tonya, and Jerry Doyle Geauthreax, and Jerry and Lillie Shipman of Hereford went to Ft. Cobb fishing.

THE DOUG BELLS returned to Howe to visit Randy's grandmother and an Aunt and Uncle.

THE CHARLES KENNEDYS went to Oklahoma to visit the Larry Harveys and Jerry Harveys.

CHAN AND CHARLOTTE Foster and children, Jody, Bo, and Becky traveled to Graham to visit Mr. and Mrs. B.J. Duncan who live on Lake Graham.

JIM AND GAY Fellers and their three, Rhonda, Mike, and Laurie, traveled to Arlington to see Gay's sister and family, the Charles Bartons. Then they came back to Gainsville and spent Easter with Jim's parents, Mr. and Mrs. O.F. Fellers. It is always nice to get away.

JAN AND ALBERT Irlbeck and the twins, Tori and Tara, and Don Ed and Jimmie Middleton and their two ate dinner with Mildred and Williard Middleton. Mrs. Holloway was there, too...four generations.

RUTH AND ALDEN Mann had their front yard decorated with huge Easter Bunnies. It is as big a treat at Easter to drive by as it is at Christmas time. Betty, Bob, Bob Ann, Gregg, and Jeffie were there for Easter. Jeffie said, "He wuved the Easter bunnies."

WE ENJOYED PHIL and Chris Bradley of Gruver on Friday and Saturday nights. They had doctor appointments in Amarillo and Canyon on Saturday morning and returned home Sunday morning. Bert and Annie Lemmons spent Easter Weekend in Seminole with John Lemmons family.

MRS WINNIE TACKITTof Panhandle and Betty (Larry's Sister) of Weatherford spent Easter Sunday in the Larry Tackitt home.

POE AND LINDA Cabe and Cindy Toles were home with John Frank and Novalene for the holidays. And those grandchildren. I mustn't forget them.

I KNOW THEY had to share them with Lena Bell Cabe.

THE FRANK TIREYS had the family home and that is some crew. George, Sara and Jim Tirey, Georgine and Bill Tirey, Judy, Gene, Raphe and Dandi Shipman, and Jeanne and Ronnie and Jay Wade and Roxie Johnson.

VISITING IN THE L.L. Airhart and Mr. and Mrs. Tom Airfine, but he really likes company hart from Amarillo; Modenia and George Rahlfs, and their daughter, Janet and her family, the Vitatoes.

CHARLES WRENN AND his sons, Danny and Charles, were in church Sunday morning. We really don't count Charles a visitor even if he has been away for twenty some odd years.

MR. AND MRS J.L. Waters more than filled a pew Sunday morning. Keith and Carollee and their five children were visiting. That is a nice looking family. I'd like to have kidnapped that little boy.

JOHNNY AND BETTY Miller served Sunday dinner to Loraine and Keene McDonald and their children and grandchildren, Susan and Lloyd Rahlfs and "Little" Lloyd, and Janie and her two boys and friend, Alvin Downing. Mrs. Smythe, Mary Janes's Mother is also with her.

DAL AND HIS wife were home with Betty and Eddie and Shawn Walters. Eddie is doing fine, but he really likes company to help pass the time away and I know he enjoyed the family.

FAYE AND FOSTER Parker and girls, Cathy, Brenda and Debbie held a family gathering Easter Sunday. Brenda and Debbie were baptized into the church at Wayside that morning and most of the family was present for the occasion. Enjoying the day were parents and grandparents, Lenna Parker of Canyon, and Mrs. Lowry, Faye's brother and family, Mr. and Mrs. Buddy Lowry and their 3 children, Stevie and Sabra Parker from Houston, Bertha Parker of Tucumcari, Ronnie and Teresa Woods of Lubbock and Mrs. Don Woods of Amarillo.

WE ENJOYED EATING supper with my sister, Frances Matthews, and her family in Panhandle. Mother was also there and all Frances family, Mr. and Mrs. David Matthews and Brandy, their 2 year old daughter and Mr. and Mrs. Darrell Matthews of Shamrock, Debra Kay of Amarillo, and Dean who is still at home. (He is five months older than Ken.)

THERE WERE FOURTEEN at the Brotherhood breakfast at the First Baptist Church Monday morning. In the absence of Brother Paul Heil, Dee Taylor gave a devotional.

FRANCES FLOWERS, MILDRED Devin, Joan McDonald, Willie Butler and LaNelle Todd attended the Vacation Bible School Clinic in Plainview Tuesday. Only one six weeks until school is out, butI believe this six weeks has seven weeks in it. Then we'll all be busy in Vacation Bible School.

TWENTY SIX RAINBOW girls and 9 adults attended Rainbow in Happy Monday night. Plans were made to attend church in a group next Sunday at the Presbyterian Church. This is an annual observance of the assembly to commemorate their anniversary. The girls take turns going to the several churches in Happy. Saturday they will attend a joint meeting in Hereford, and fill several stations during the meeting. Next week they will be hostesses at a coke party and overnight stay of Nancy Blount, the Grand Worthy Advisor of Texas.

I KNEW IT was coming and still I was surprised to get the Canyon Sunday News out of the mail. I was as thrilled as a child with his first toy. Enjoyed it!

See ya!
Mary Neal

Rabbi Kline To Lecture

Rabbi Alexander S. Kline, spiritual leader of Congregational Shaareth Israel in Lubbock, will conduct three seminars and an informal lecture at West Texas State University Thursday and Friday.

Thursday morning he will speak in room 101 of University Complex south at 9:30 and 11 on world affairs and Jewish philosophy.

At 8 p.m. Thursday he will speak in the Activities Center on "What Jews and Christians have in common."

Friday morning from 10-11, he will hold a seminar for art majors on Jewish art.

He received a bachelor's degree from the University of Cincinnati in 1940 and was ordained a rabbi at the Hebrew Union College in Cincinnati, receiving a Master of Arts in Hebrew Letters.

The Jewish Chautauqua Society, an organization to create better understanding of Jews and Judaism through education, sponsors the rabbi's lectures on college campuses.

Rotary Sponsors Man's Garage Sale

"A Man's Garage Sale," sponsored by the Canyon Rotary Club, will be held from 8 a.m. to 5 p.m. Saturday in the Junior Livestock Barn.

Items to be sold will include men's clothing, golf clubs, and garden equipment, according to Ples Harper, president.

Women are welcome and urged to attend, he said.

Rotary club members will donate items to the sale and any other person interested in donating items may call a Rotary Club member and the items will be picked up.

The proceeds from the sale will go the the Rotary Club for support of charitable organizations.

Stage Band Will Play For Friday Night Dance

The WT Stage Band will provide music for a dance at 8 p.m. Friday sponsored by Tau Beta Sigma and Kappa Kappa Psi, honorary band sorority and fraternity. Dancing in the WT Band Hall in the Fine Arts Building will continue till midnight.

Dave Ritter will lead the musicians in rock, jazz, soul, the Chicago sound, jazz-rock, and blues in an evening that will feature tenor sax soloist Albert (Tiny) Reposh, trumpet soloists, flutes, and drums.

Guitar, trombone, percussion, and vibes will complete the aggregation.

Tickets at $1 per person are available from any member of either organization.

Christian Comments On Special Session

Rep. Tom Christian, today, applauded the accomplishments of the Second Called Session of the 62nd Texas Legislature.

"In three short days the Texas Legislature elected a new Speaker, passed emergency legislation, and in my opinion, passed for the first time in history much needed rules reform."

"Under the capable leadership of Speaker Rayford Price the House voted to limit the powers of conference committees, to put an end to additions and deletions in legislation without the knowledge of the House, to reduce the number of committees from 46 to 25, to create a limited seniority system to promote expertise within the committees, and to record the proceedings of all committees and make them public record," Christian said.

Rep. Christian further stated, "The discharge of three committees — Appropriations, House Administration and Revenue and Taxation — will take the business of appropriations and administration out of the hands of Bill Heatly and Tommy Shannon and put it back into the hands of the full committees."

Shannon was recently convicted, along with former Speaker Gus Mutscher, of bribery conspiracy.

"The most meaningful reform comes in the rule which provides that the appropriations bill be presented to the full membership of the House at least seven days before a vote is taken," Christian said.

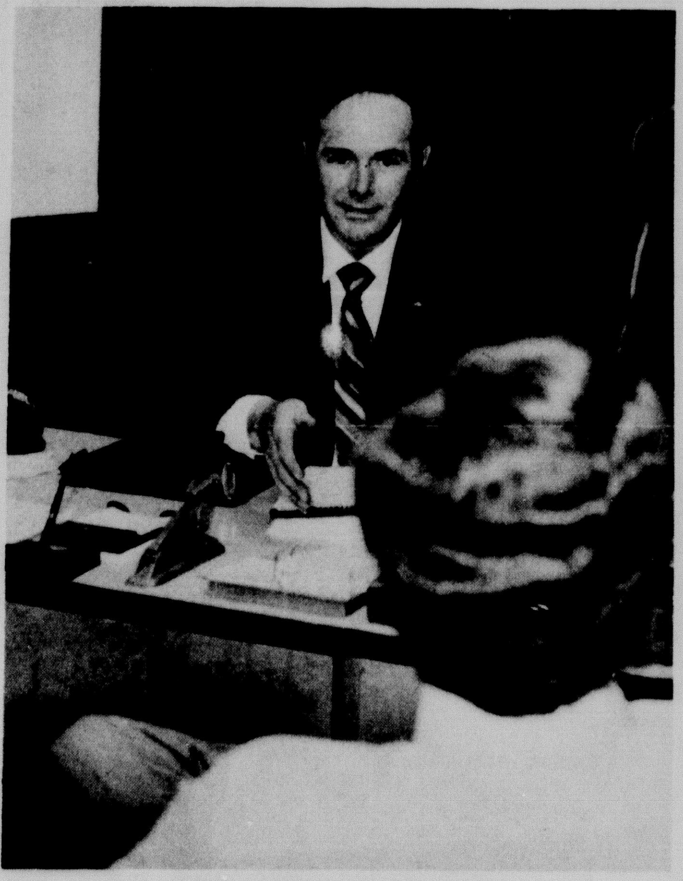
"When the Heatly-Mutscher team controlled the House, the appropriations bill was drawn in secret and not made available to the members of the House until the final minutes of a session. Members never knew what it contained until it was too late..."

"Another safeguard of the publics' right to know, is a provision that requires that public hearings be held for the Appropriations Bill with notice to be posted prior to time of the hearing," he said.

Christian said, "I am pleased with the recognition of the Republican delegation as a force to be dealt with. The votes of nine members of the GOP delegation made the difference in the victory and defeat for reform in the leadership of this legislative body. By voting as a bloc we were able to swing the election to Price, the conservative, and away from the liberal-Mutscher faction led by Rep. Dewitt Hale of Corpus Christi.

"I feel that we are moving in the direction of real reform in our Legislature. We must continue this positive action until we have restored the faith of the people of Texas in their government."

Christian, who has supported Speaker Price since his break with Mutscher, two sessions ago, was named to serve on the Escort Committee to seat the new Speaker and to remain on the rostrum for swearing-in ceremonies.



REP. TOM CHRISTIAN

League Meet Set At WTSU

Members of the Randall County Little League will hold their first organizational meeting at 7:30 p.m. Thursday in the Field House on campus at WTSU.

Little League President Richard Pruett this week urged all who are involved or interested in the annual baseball program to attend. "It is of vital importance that all players and their parents attend. Players' registration cards will be collected."

Cards, he said, have been distributed to city youngsters at schools.

Pruett emphasized that all players of League age—regardless whether they have yet been assigned to teams—should attend.

"In order to meet growing financial needs of the League," he continued, "The Board of Directors is requesting from all parents a minimum donation of $5 per player." Pruett said. Each donation is certainly not a condition parents must meet for participation, "but it is an appeal for support."

Topics of discussion at the meeting will include uniforms, major league try-out dates and future construction of new playing facilities.

Pruett added that a drive among League supporters to sell fence signs to the city merchants will begin next week. Funds derived from this drive are to be utilized in purchase of necessary Leauge equipment, such as the uniforms, balls, bats, catchers' equipment and other items.

Pruett said he has secured most of his major league coaches, but that he needs 10 minor-league coaches and 10 umpires to serve during the upcoming season.

"We will have about 230 boys participating this year," the president said.

Rickey Welch Finds Most Eggs At VFW Hunt

Rickey Welch of 1909 7th Ave. in Canyon took the prize for finding the most Easter Eggs at the hunt Sunday in Conner Park.

The Egg Hunt was sponsored by the Canyon VFW Post.

The winner of the prize for finding the least eggs is not known, according to Sarge Riley, post commander.

Winners in the one to four age group were: first, Chad Lundy of 2519 14th Ave., second, Patrick Tinsley of 1905 6th Ave., and third, David Manly of 2419 10th Ave.

In the five to nine age group, first and second places went to Tracy Britton of 3402 Thurman in Amarillo and third to Elaine Vise of 708 Foster Lane in Canyon.

In the ten to 15 age group, Tim Martin of 903 5th Ave. took first place, second place winner is unknown and third place went to Allison Clifford of 1712 4th Ave in Canyon.

Firemen Quell Kitchen Blaze

Canyon firemen extinguished a small grease fire Monday in the kitchen of the residence of Truman Freeman, 1203 9th Ave.

Firemen received the call at 12:20 and extinguished the blaze moments later. Only minor damage resulted.

Four fire units made the call.

Riding Club Sets Playday

The Buffalo Riding club has scheduled a Range II Playday for April 9 at the Palo Duro Rangers Arena.

The grand entry will begin at 9:45 a.m., according to Mrs. Leroy Lamb.

Games, including key hole, pole, barrel, flag, ribbon, and baton races, will start about 10 a.m. and continue through the day.

Women from the riding club brought home first place from the ABC Rodeo in Lubbock Mar. 18. It was their first competition of the year.

Mrs. Lamb said that the arena is the second set of improvements west of the Lubbock Highway on the Buffalo Lake Road. It is to the north of the road.

Bond Refunding Saves $73,000

BY LEWARD HOOD

In a move to save the City of Canyon $73,000 in future annual interest charges, City Commissioners Tuesday night agreed to excercise a call option and refund $455,000 in water works and sewer bonds issued in 1957.

The action came at the urging of the city's financial advisor, Bob Davis, who said "this is something that we (Columbian Securities Corp.) feel is good for the city."

The bonds originally were issued at an interest rate of 4.75 in 1957; the option call and refund action will guarantee a lower interest rate of 4.5, per cent, Davis told the commission.

The option call brings pay-off of bonds to a 1981 date, instead of the original pay-off date of 1987. Davis said the savings will result from the interest payments the city would otherwise have made during the 1981-1987 tenure.

Refunding of bonds also will bring a projected increase of $8,000 on annual payment of interest. The city will pay the increase from reserve funds through 1975, a year when debt service costs are expected to drop by $27,000, Davis said.

Speaking of current reserve funds, Mayor J. Manly Bryan remarked, "We have a good surplus, including $68,000 in the present budget for capital improvements." And of the commission's Tuesday action on refunding of bonds, he declared optimistically, "We are going to save $73,000 over the next ten years."

During discussion Davis pointed out that "Canyon is a growing community and enjoys one of the finest bond ratings possible. He said the refunding "should make it possible for the city to get at least an "A" rating on the bonds."

He suggested at least two representatives of city government travel to New York to confer with officials of Moody's Investor Service to seek the "A" rating for the city in light of the city's improved financial situation. Canyon now holds a "B-A,, rating.

Davis said it would cost Canyon taxpayers about $300 or $350 per person in trip expenses to New York. It would be well worth the investment, if city officials were to return with a "A" rating after convincing the New York bonding company's officials that Canyon deserves such a rating.

Talking to the New York officials directly, he said, should convince the bonding company of the city's sound financial condition in order to secure the higher rating.

Commissioners advised Davis they would take the matter under consideration and discuss it again at the next session of the commission. Commissioners indicated prospects for sending the two-man delegation to New York in mid-April or later were "favorable."

In other action, the commission re-appointed Dr. Edwin Low as City Health Officer. Dr. Low has served in the post for the past two years.

Two zoning requests were approved following public hearings Tuesday night. The city Planning and Zoning Commission had recommended approval of both requests, which included requests by Taylor-Foster Developers and Arch Hunsley to rezone areas on the south side of Foster Lane in Pioneer Estates, and respectively in Block 7 of Hunsley Hills. Final plat for the latter project was approved.

The request by Taylor-Foster asked a change from single-fami-

(See BOND, Page 7)

Moore Re-Elected

Dr. Dudley Moore was elected president of the school board Tuesday after being sworn in as a newly elected board member.

Dr. Moore, Walter Graham, and Richard Pruett were elected Saturday. Dr. Moore and Graham were incumbents, Pruett is a new board member.

Tom Keeling was elected vice-president, Ed Wieck, secretary, and Roscoe Richardson, associate secretary.

Pruett, Dr. Moore and Superintendent Jerry Jacobs were to meet at a later date so the workings of the school board could be explained to Pruett.

The next regular meeting of the school board was set for April 17. Board members were invited to attend a reception in honor of Mrs. Luci Johnson Nugent at 7 p.m. April 17 and to hear her speak to parents of children in special education classes.

The reception is by invitation only, according to Jacobs. The board will meet at 9 p.m. following Mrs. Nugent's speech.

During the educational portion of the board meeting, the girls and boys track programs, the golf program, the tennis program, and the baseball program were discussed by coaches of those sports.

Coach Bob Schneider said the girls track teams were competing in University Interscholastic League Competition for the first time this year.

In the seventh grade, 65 girls are running track, in the eighth grade, 60 girls and in the ninth

Schools To Change To New Three Quarter Plan

Canyon public schools will change to a new three-quarter yearly schedule in September of 1973.

Schools however will be operated just as they have been until that time, Superintendent Jerry Jacobs reported Tuesday.

New state law will make it mandatory for all Texas districts to adopt the new quarter system in 1973.

Some school systems in the state are expected to pilot test the new system this year, but Jacobs said no such test will be conducted here.

Jacobs said in 1973 Canyon schools will replace the traditional 180-day school system with a three-quarter plan which will divide the school year into three 12-week sessions of 60 days each.

"This will create a little confusion," Jacobs noted, "but it won't be as bad as some make it out to be. Our teachers will work the same number of days each year, and operation will be just about like it is now, we will just break it down to a tri-semester basis."

Jacobs said local school officials have not yet made out an exact calendar plan yet. "We will formulate our plans next year."

Tentative guidelines for school systems to follow have been approved by the State Board of Education, a release from the Texas Education Agency said. "Most Texas districts are expected to offer three quarters of instruction, at least during the first year. State funds allocated to districts under the Foundation School Program will cover only the usual 180 days of instruction plus 10 days for teacher in-service training."

Under the guidelines issued by the state board school districts may choose to operate a fourth quarter.

Jacobs said however that Canyon schools initially will in 1973 operate on the three-quarter setup.

More information concerning the upcoming changes in school-year scheduling will be available at a later date, as Canyon officials make their plans.

Thirty Day Eligibility Set For Voting

Persons who have resided in the state of Texas for 30 days are eligible to vote in any city, county, state or federal election, according to Bob Bullock, secretary of state.

Mrs. Audrey Bruse, tax assessor-collector, said persons are eligible to vote on the 31st day of residency.

The Texas Election Code still includes a one year residency requirement, Mrs. Bruse said, but the new ruling came from a U.S. Supreme Court case.

The decision of the court in

(See VOTERS, Page 7)

Light Voting In City Races

A total of 95 voters turned out Tuesday to re-elect Mayor J. Manly Bryan and two city commissioners during city elections in which all three incumbents were unopposed.

The voter turn-out reflected less than 10 per cent of the total eligible voters in the involved precincts 5, 6 and 7.

Those precincts contain 3,712 voters of record.

Six of the 95 votes were absentee votes, with 89 regular votes cast.

Mayor Bryan received 91 votes, commissioners said after votes were canvassed during a meeting of the City Commission. Two write-in ballots went to Bob Jackson and Don Max Vars.

Voters cast 95 votes for re-election of H. R. Fulton as commissioner, and 94 for commissioner Jim Christopher.

Members of the Advanced First Aid Course, being sponsored by the Canyon Fire Department, administered aid to victims Tuesday night as part of the test for the course. The fifth and final session of the course was held Tuesday. Participating in the course were members of the Canyon and Umbarger Volunteer Fire Department, nurses from Neblett Hospital, the Buffalo Lake Staff, and other interested citizens.

Contestants Chosen For News Campaign

Ten contestants have been selected to enter the $2100 subscription campaign now underway by the Canyon News.

The contestants represent all areas of Randall County and all are vying for the prize money to be given away at the end of the drive May 2.

First prize will be a check for $1,000 to the woman who sells the most subscriptions. Second prize is $500, third is $300, fourth is $200 and fifth place winner will receive $100.

In addition to the top prize money, each contestant will receive 20 per cent of each new subscription she sells.

As of last Sunday, both the Canyon News and the Canyon Sunday News will be delivered with the purchase of a subscription costing $8.40. Anyone presently having a subscription The Canyon News will automatically receive the Sunday paper free until the subscription expires.

Contestants will be contacting residents throughout Canyon and Randall, Potter and Swisher Counties, and persons wishing to give credit to a contestant should call the contestant

At Voting Seminar

Poff Blasts Moyer

By TROY MARTIN
and
BENNY TURNER

Don't send Hudson Moyer to the legislature, Rep. Bryan Poff admonished some 200 listeners at a political forum on the West Texas State University campus Tuesday night.

"If you can't send me, send one of my Republican opponents," Poff urged, "don't send that other Democrat."

As Poff spoke he gestured toward an empty chair with the name of Hudson Moyer in front of it.

"If he had been here I would have really unloaded on him," declared Poff in a later conversation. Poff is running against Moyer in the Democratic primary for the legislature, 65th District.

Moyer, whom Poff defeated in 1970, currently is involved in the legislature contingent expense fund controversy. Records show the former legislator drew $3,000 worth of postage stamps from that fund in the waning days of his 8-year tenure as a legislator from Amarillo.

Seven political hopefuls spoke at the League of Women Voters Voter Education Seminar. The WT government department also helped organize the affair.

The seven candidates included Poff, Bob Slough and Rhett Plank, Republican candidates for the 65th District seat; Rep. Ben Bynum and Greg Harms, Bynum's Republican opponent for the 67th legislative District; State Sen. Max Sherman, unopposed incumbent for the 31st Senatorial District; and Cong. Graham Purcell, candidate for the newly formed 13th congressional district.

Purcell said he hopes President Nixon's visit to China and his proposed visit to Russia will bear good fruit.

"It is good to get along with people if you can," he declared.

However, Purcell warned China and Russia will not change their ways and that it would be wishful thinking to believe they will.

"Ultimately the only way to get along with them is to keep ourselves strong enough to whip them," the Congressman from Wichita Falls declared.

On Vietnam he said he is ready to get out immediately.

"I used to be a hawk," he asserted, "But we have long since lost any chance to win there. Now I say get out."

Plank took a verbal slap at Poff saying the people of Randall, Potter and Carson counties need competent leadership in Austin. He told the crowd the Texas constitution was written in 1876 and should have been abandoned at the turn of the century.

"The legislature should not be the sole members of the constitutional convention. There should also be constitutional lawyers and college professors," Plank said. There will be an amendment on the ballot Nov. 7 in the general election which seats the legislature as the constitutional convention.

The Canyon attorney also proposed a new water plan providing water for agricultural, personal and industrial needs in

STATE REPRESENTATIVE

There was one empty seat in the rank of candidates for state legislature, 65th District. Pressing business was reported as having kept Hudson Moyer from showing up. Others from left are Rhett Plank, Bryan Poff, Bob Slough and Greg Harms. Harms, a Republican, inadvertently sat down behind a sign intended for Democrat Ben Bynum. The group made an appearance at a forum on the West Texas State University campus.

Commission Raises Insurance

Randall County Commissioners raised county employee's life insurance benefits Monday and gave their approval for employees to be approached about an annuity plan.

The county employee insurance benefits were raised from $3,000 to $5,000 on regular employees and from $3,000 to $10,000 for department heads.

Charles H. Fritch, Jr. of Mid-Continental Life Insurance Co., met with the Court and explained the new plan. The price of the insurance to the county would be lowered from .87 cents a thousand to 77 cents a thousand, Fritch said, at a total cost to the county of $377.65.

Seventeen department heads and 60 regular employees will be covered by the new benefits. The insurance will become effective May 1, Fritch said.

A motion allowing ITT-Hamilton to make a proposal for an annuity plan to county employees was also passed. Lou Stanislao, company representative, and Monty Roach, said each employee could put six per cent of their salary in the plan and the money would not be taxed until withdrawn from the plan.

The interest rate paid is guaranteed at 5 per cent for the first five years and thereafter at three and one half per cent.

The only cost of the county would be to make an additional payroll deduction from the participating employees check each month.

The court also discussed lighting plans for the district courtroom and asked Justice of the Peace W.A. (Bill) Wilson to obtain price quotations on a new lighting system. The prices are to be presented to the court Monday. The court also asked for prices on changing the lighting in the tax office annex.

The commissioners prepared a sealed bid for a tank being sold by Sherman County. The tank would be used in asphalting county roads.

Carl Baker, county road superintendent, said the cost to the

(See INSURANCE, Page 7)

For Chambers Query

WTSU Panel Named

Dr. James P. Cornette appointed Tuesday a three member panel to participate in an administrative investigation into the allegations against former WTSU Security Officer Kennith L. Chambers.

The chairman of the panel is Dr. Ronald Huffstutler, chairman of the faculty council. Other members are Gary Blanscet of Pampa, president of the student body, and Weldon Trice, assistant dean of student life for men.

Dr. Huffstutler when contacted Wednesday morning, said the panel had made no definite plans to meet as yet. He said the panel is charged with making an investigation and presenting a final report to the President.

Dr. Huffstutler said no information about the investigation would be released until the final report is made.

Dr. Cornette said, "At my invitation the following individuals have consented to serve as a representative panel to assist in the evaluation of all information received on the "Chambers matter.' "

Chambers resigned last week after three years as a member of the university police department.

A hearing on student allegations against Chambers was canceled after he resigned to accept employment with an Amarillo construction company. The hearing was to be Wednesday.

Dr. Cornette said even though the hearing was cancelled, he still has an "administrative interest in the matter and in the circumstances surrounding it."

Dr. T. Paige Carruth, vice president for student affairs at WTSU, said Tuesday he no longer has any connection with the investigation.

"The president is talking to people who have first hand knowledge of the situation and it is my understanding he has appointed a committee to investigate it," Dr. Carruth said.

Chamber Joins New Group To Boost Canyon Tourism

The Chamber of Commerce board of directors Monday voted unanimously to pledge $500 in funds and join the Panhandle Playground Association.

Aim of membership is to boost Canyon as the center of tourism in the Texas Panhandle. As Canyon is the home of West Texas State University and the Panhandle-Plains Museum, with nearby Palo Duro Canyon, it is only natural that tourists will find time well spent here, Chamber President David West pointed out.

Discussion of tourism highlighted the regular session of the board, held at the First National Bank Monday night.

The Panhandle Playground Association is an organization which will seek to advertise the significant historical sites throughout the entire area. That group, West said, will initiate a program of sign advertisement along major Panhandle tourists routes, such as I-40 to the north of Canyon.

It was pointed out during the meeting that every potential dollar tourists will spend in Canyon will yield an upturn in Canyon business, and hence more dynamic future growth.

West pointed out that he believed some 21 Panhandle cities already have joined the PPA. "This is to come, and we need to be represented," he declared just before the board gave approval.

West said the sign advertising program is similar to an earlier program which had been called the "Land of Coronado" program.

The PPA program will include publication and distribution of special, colorful brochures which are to draw attention to tourist attractions. Also, the PPA will feature an informative service which will answer inquiries about tourists attractions on a nationwide basis.

"They're reaching for a $10,000 budget," West continued. A portion of that would be spent on advertisement of Canyon's pre-eminent role in preservation of area history.

In other discussion Monday, board members discussed July 8 as tentative date for the traditional Canyon Day festivities. If that date is adopted, it

by
Dean Mitch Jones

His getting fired contributed greatly to his long, happy, and successful life; — but he never became grateful to those who fired him.

Sales Tax Up 9.29 Per Cent

The sales tax check for the quarter ending Dec. 1, 1971, totaled $16,699.60 which is 9.29 per cent larger than the same quarter in 1970, according to George Loudder, city manager.

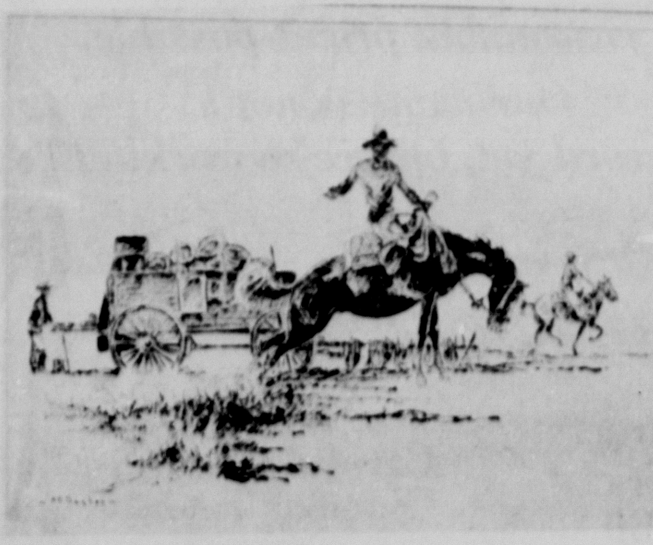
The check for the same quarter in 1970 totaled $15,251.77.

The check for July, August, and September was up 7.2 per cent over last year. The check was for $14,982.71 compared with $13,972.61 for the third quarter in 1970.

The check for the second quarter of 1971 increased 12.7 per cent over the second quarter in 1970. The second quarter check for 1971 totaled $14,815 as compared to $13,145 in 1970.

The first quarter check of 1971 totaled $14,156.

"Texas" Program Features Bugbee Sketches



The drawings of Harold Bugbee, with which he recorded ranch life in the Texas Panhandle, will be used in the 1972 souvenir program for "Texas." The covers will be reproductions of Bugbee paintings.

Pen and ink sketches by the late Harold D. Bugbee will be featured in the 1972 "TEXAS" **souvenir program**.

The announcement was made at the Wednesday noon meeting of the Panhandle Heritage Foundation by executive director Raymond Raillard.

Bugbee, who lived on the family ranch at Clarendon until his death in 1963, felt it was his purpose in life to record the complete story of the Texas Panhandle in the most authentic manner possible.

Each day he would sketch the part of Texas that he loved...and with it the life he lived.

Bugbee, Dean of the Texas Cowboys, was to gain national acceptance as a true Western artist while he was yet alive. His pen and ink drawings are considered to be historical tracings of life in the Panhandle.

Harold Bugbee was born to cultural-minded parents in Lexington, Massachusetts August 15, 1900. His Father, Charles, was one of the most accomplished clarinetists in the nation, being first chair in the Boston Grand Opera.

His mother, Grace Dow Bugbee, studied voice under Madame Long preparing for a concert career, and art under Frank Benson, Edmund Tarbell, and Phillip Hale at the Boston Museum of Art where she worked for two years. She later gave up a promising career to become a housewife.

As a youngster, Harold lived in New England where he played ice hockey, took private lessons and ballroom dancing and became skillful in the art of boxing (a trait he used frequently).

The Bugbees fulfilled a life-long dream in 1914 when they moved to the Texas Panhandle to live on a newly purchased cattle ranch. Hockey and dancing were soon pushed aside as Harold took up riding, branding, and working cattle as a new way of life.

The personable Bugbee was elected class president his second year at Clarendon High School, graduating in 1917. That fall, he began his college career at Texas A&M, where he majored in Animal Husbandry. Unable to return the following year because of a temporary illness, he enrolled in Clarendon College. There he played starting tackle on the football team and participated in numerous rodeos.

Very much interested in art, the young cowboy soon took the recommendation of Taos, N.M. artist Bert Phillips and traveled to Des Moines, Iowa where he spent two years at Cumming School of Art. Charles Atherton Cumming was school director and head of the art department at the University of Iowa.

After Cumming had taught him all that he could, Bugbee returned to the Texas Panhandle to paint the vast country he loved ..the rugged Palo Duro Canyon, the windswept plains with its longhorn cattle, wild mustangs, Col. Goodnight's buffalo, and the ranch life of the cowboys.

Bugbee would sit and sketch for hours under the shade of scrub bush or big umbrella that he had rigged up to shield the hot sun from his back.

On occasion Frank Collinson or Charles Goodnight would suggest a detail change in the artist's work. The change would be taken from their memories of "how things were"

Some of the animals Bugbee desired to paint were not still in the region, thus he would travel to the zoos in such metropolitan areas as New York, Chicago, or Denver.

On one such trip James L. Clark, director of the American Museum of Natural History, offered him a position as their staff artist. It was an offer he felt he must decline.

Once while taking a train load of cattle to Kansas City, Missouri he stopped by the Findley Art Gallery to show some of his work. That gallery was the first to exhibit the paintings of the now famous Charles M. Russell. They immediately snapped up the opportunity to' handle Bugbee's art.

The artist gained national reputation as an artist with the Young Art Gallery and the Venderhoot Gallery, both of Chicago; the Ferragil Art Gallery in New York City, and with Henson of Denver. These, coupled with his Taos connections and personal art sales in the Panhandle made the demand for his work nationwide.

His nationwide base broadened during the depression years when, in search of another market, he turned to pulp magazines in 1933. He became a frequent illustrator in such magazines as "Short Stories", "Cowboy Stories", "Western Stories", "The Quarter Horse Journal", "Country Gentlemen", "Progressive Farmer", "The Cattleman", "Field and Stream", and Ranch Romances, which carried by Troy Martin

FROM THE CANYON RIM

Everyone in Canyon should have attended the political forum on the West Texas State University campus Tuesday night.

I was most interested in the candidates for legislature, 65th District of course. Except for Hudson Moyer, they were all there.

Rumors have been floating around that Hudson will quit the race. Contacted by telephone Moyer says he is still very much in the running.

Records show Hudson drew $3,000 worth of postage stamps in the waning days of his 8-year tenure in the legislature in 1970.

Walter Knapp, a fellow legislator at the time, is under indictment in connection with transactions involving postage stamps drawn from the legislative contingent expense fund.

Knapp showed up at the forum but did not speak. In conversation he said he has received increasing support since his indictment which he brands politically motivated.

Bryan Poff, incumbent legislator, took off the gloves when he referred to Moyer. He called on his listeners to under no circumstances send Moyer back to the legislature.

"If you can't send me, send one of these good Republicans," urged Poff. "Don't send that other Democrat."

"I would have really unloaded on him (Moyer) if he had been here," Poff confided later.

The two Republicans running for the 65th legislative post are Rhett Plank and Bob Slough.

Plank in his opening talk called for some action on providing water for this part of the state and urged a new constitution.

Next to speak was Poff who sailed into Moyer briefly and then told of some of the accomplishments of the mini-session of the legislature last week.

He said he voted for Rayford Price for speaker helping to get rid of convicted Gus Mutscher.

He referred to the group voting for DeWitt Hale as the Mutscher crowd. Three seats down from him sat Ben Bynum, another state representative from Amarillo, who fell into that category.

Bynum did not take up the argument when it came his turn to speak.

Greg Harms, WTSU student who is a candidate from the 67th District, did well in his opener boosting the two party system but then stubbed his toe during the question and answer session.

In answer to a question dealing with welfare, Harms went a long way around to say that he'd rather see even small children do almost anything before going that route for a living.

Harms told of a visit to Mexico City during which he saw even little children on the street "selling things" to make a living. Harms in effect said he thought this was preferable to welfare.

Congressman Graham Purcell put him down hard saying society should take care of little children rather than having them sell just anything on the street to make a living.

"We all know some of the things they are selling," said the congressman.

For the second time in the evening I found myself in agreement with Purcell.

Anyone who has visited Mexico City knows that small children sell all sorts of contraband including narcotics as well as sometimes their mothers and sisters.

Bob Slough did an excellent job in his opener. He said the people are tired of what they are getting from the Democratic Party in state government.

"The people are sick of what they see going on in Austin," he declared.

He poked fun at the special session saying it was like a dairy farmer keeping a filthy milk barn and then rushing in to clean it up a bit just ahead of the inspector.

***

I agreed completely with Purcell when he said it is time for us to get out of Vietnam because our last chance for victory is gone.

Only more grief awaits us there and is multiplied every day we stay.

I also was in accord when he said that regardless of overtures, the basic goals of Russia and China have not changed.

He spoke gospel when he said the only way to deal with them is to keep ourselves strong enough to whip them if it ever comes to that.

***

I can't conceive of Purcell and George McGovern being in the same political party.

If McGovern were nominated, which is not outside the realm of possibility what would a man of Purcell's convictions — pledged to support the nominee — do?

***

Governor Preston Smith is slipping and no one is more aware of this than the people in his inner circle.

A Dallas Morning News poll showed Preston running fourth behind Sissy Farenthold. Smith people say this is not an accurate assessment but they admit he is running third behind Barnes and Briscoe.

It's the Sharpstown scandal and do whatever they will neither Barnes nor Smith can explain it away. It's a funny thing, a million words can be written — each one a justification — and the people still will believe what they want to believe.

This is the dilemma of both Barnes and the governor.

As a man on the street said to me only this week: "I don't care whether either one of them had anything to actually do with it, they were both there."

Undoubtedly this attitude will haunt the governor and the lieutenant governor in the May primary.

In the meantime, things seem to be going well for Briscoe.

No less than The Dallas Morning News gave the lie to a story that Briscoe helped to bilk the Eagle Pass School District — a story being circulated by Barnes people having originated with H.M. Baggarly who is a Barnes supporter.

The Dallas newspaper checked out a story carried two weeks earlier by The Canyon News and found it correct in every detail.

BSP Elects

Mrs. Jack Sharp was chosen president of Chi Upsilon Chapter of Beta Sigma Phi in a meeting Mar. 22 in the home of Mrs. L.H. Benham.

Mrs. George Stevens was named vice-president; Mrs. Melvin Tucek, recording secretary; Mrs. Lewel Johnston, corresponding secretary; Mrs. Jerry Costley, extension officer, and Mrs. Benham treasurer.

Mrs. Sharp appointed Mrs. Carl Sims, Civil Defense officer and Mrs. Meade Michael, historian.

Representatives to the sorority's city council are Mrs. Sharp, Mrs. Sims, and Mrs. Michael, alternate.

A Girl of the Year, Pledge of the Year, and Husband of the Year were also chosen and will be named at the Founders Day anquet April 29.

The social committee announced plans for a salad supper to be held April 19.

Letter To The Editor

Dear Troy:

What is your reaction to the usage of school stationery, "Not printed or distributed at the taxpayer's expense", for political purposes?

TSTA members in this area recently received the enclosed materials from Mr. W.L. Mann, Superintendent, at Springlake Earth. The article by H.M. Baggerley was included with Mrs. Mann's letter and does not seem to be verified upon investigation.

Sincerely,
LaNelle B. Winn
Vocational Counselor

Tidbits
here and there

BY CAROL CRAIN

A NEIMAN MARCUS Jewelry consultant related to a friend that the lady bugs and animals made into tiny jeweled pins may be worn as accent pieces at the wrist, at the shoulder, or on the upper sleeve of a dress.

My friend was wearing her bejeweled fellow about one inch above the sleeve's hem.

***

SALLY NESTER, bride elect of John Brantley, was honored at an announcement tea Saturday afternoon in the Nester home.

The couple are planning a June 10 wedding here.

****

PANHANDLE ODYSSEY 2000 has sent out at least that number of invitations to area community leaders.

Tickets for the April 21 affair are $7.50 per person with reservation deadline April 17.

Activities set for the evening include a reception at 6:30 p.m. at the Amarillo Civic Center, a dinner at 7:15 p.m., and a dance at 8 p.m.

Several Canyon residents will make arrangements to attend I would imagine.

***

WTSU PROFESSOR Dr. Thomas D. MacOwen's daughter, Sue, was one of twenty students in the state to receive an honorable mention in the DAR Good Citizen contest.

Sue represented Amarillo High School in the Miss Irish Rose Contest in Shamrock recently.

***

NO MATTER WHAT is scheduled in this town it seems that there is destined to be a conflict.

April 11 two outstanding speakers will be vying for an audience.

***

THE PHOENIX CLUB dinner will host artist Kenneth Wyatt as a speaker at their event slated at 7:30 p.m. in the WTSU Dining Hall.

Club members support the university by paying $60 per year into the ex-student coffers.

Highlights of the evening will include the presentation of the Faculty Excellence Award and with it $1,000 and the announcement of the WTSU Student Man of the Year.

I pause to wonder what the Women's Lib faction will think of this latter limitation. Perhaps, since AWS names the Woman of the Year the Exes board feels that only the masculline honor need be given here. (This depends on the honor requirements of the two, I suppose.)

***

ALSO SLATED ON the 11th is the Women's Division of the Canyon Chamber of Commerce meeting and salad supper at the community center.

The former political writer and editor of the editorial page for the Globe-News, Louise Evans, will be the guest speaker.

She will speak about state and local politics, an area in which she is well versed, to say the least.

***

MRS. WAYNE CONNALLY will be honored at a coffee tomorrow at the Amarillo Club by Mmes. Jim Jenkins, Charles Schmidt, Guyon Sanders, and L. P. Gilvin.

Mrs. Connally's husband is running for the lt. governor's seat and is the brother of Texas' former governor (now Sec. of Treasury) John Connally.

Invitations to the affair were mailed out this week.

***

INTERESTED IN THE ARTS? Don't forget that free chili supper at the new Amarillo Art Center Saturday from 5 to 8 p.m.

It's an opportunity to sample some of the world champion's chili plus see the center's first art show.

All of the WTSU art faculty members will be showing their works, I understand.

***

THELMA EVANS, wife of WTSU Board of Regent B. Raymond Evans, and first VP of the WTSU Exes Board received an honor in her hometown of Tulia last week.

The beautiful and gracious Mrs. Evans was given the Diana Award at the ESA "Fashions From the Heart" style show.

This was the first time in the twenty year history of the Tulia Chapter that the award has been given.

Thelma was chosen to receive the coveted award "because of her outstanding work in the community." In addition to being a member and past president of the Progressive Study Club, she has served as Co-Ordinator of Youth at the First Baptist Church where she supervises 185 youths and 30 workers. She was instrumental in establishing the youth center, "The Establishment". She works with the Sattellite School and entertains these pupils in her home at a Christmas party each year.

In addition, the tireless worker is the only woman selected to serve on the High Plains Baptist Hospital board. She is active as a member of the Delta Zeta Alumnae here as well as her bridge club and bowling league in Tulia.

Thelma has traveled in Europe as well as the United States; most recent was the Evans' trip to Spain.

***

SPEAKING OF TRAVELING, those Hawaii-bound Canyonites are now home.

Final tabulations on the travel list were Mrs. Audrey Sanders, Mrs. Dorothy Smith, Mrs. Mary Weeks, Mrs. Grace Knighton, Miss Kathryn Harris, Mr. and Mrs. H.W. Burrus, Mrs. A.K. Goodman, Mrs. Mary Greiner, Dr. and Mrs. Jack Walker, Rebecca Haley, Scott Johnson, Johnny Johnson, Mrs. Inez Cataldi, Mrs. Gladys Haines, Mrs. Mae Johnson, Mr. and Mrs. Art Roberts, Robert Valdez, David Acker, and Ricky Leatherman.

***

ALONG THE AZALEA TRAILS South to Florida the past 18 days or so were Mrs. Betty Rockwell, Mrs. Dorothy Olson, the Ray Metcalfs, and Mrs. Juanita Gruner.

The tour was all arranged by Continental Trailways' Dick Bynum of Amarillo. I heard very favorable compliments were given to him in regard to the tour.

***

TAKING A MEXICAN HOLIDAY were Mmes. Lenna Parker, Frances Foster, Tommie Pierce, Larry Holman, and Milton Morris.

The troup traveled by train, plane, and motor vehicle. They spent four of their ten days at Mazatlan, enjoying the secluded beaches, and dining on the fresh seafood.

***

THERE WERE MORE out-of-town than in town, during the holidays, I think. If took a trip, the readers are interested, so give me a call for next week's column.

***

KNOW OF ANY WORTHY causes for Betty Crocker coupons? If so, there are probably townswomen who would gladly give these up to help someone else get a kidney machine or other device.

Let me know and I'll run the info here.

***

UNDER THE I FORGET Dept. Mrs. Myrtle Knorpp mentioned last week that a couple who had won a date on the "Dating Game" were at Angel Fire for their ski vacation-type date...only there wasn't any snow.

They were having a good time anyway, I understand.

***

VIP RECIPE FIND: While I'm waiting on some letters to get back from some other VIP's within the state, I'll run one more from Mrs. Ben Barnes Recipe booklet.

"When I was growing up any meal became special when mother made popovers", she relates.

Popovers

2 eggs
1 c. milk
1 c. sifted flour
½ t. salt

Into bowl - add 2 eggs; 1 c. milk, flour, salt. Mix with spoon, just until eggs are well blended. Disregard the lumps. Fill 6 well greased 5 ounce glass custard cups ¾ full. Set in muffin tin for easy handling. Place in a cold oven. Set at 450 degrees. Do not open the oven for 30 minutes. Popovers should be tall and buttery brown. Remove from oven. Puncture on 4 sides of neck to let the steam out. Return to oven for 10 minutes, with the heat off to get crusty delicious. To reheat the popovers, place on the cookie sheet at 350 degrees for about 5 minutes.

Letter to the Editor

Dear Sir:

This is a letter regarding a Canyon resident and businessman. The person of whom I am speaking is Mr. J.D. Stephens who is the owner and operator of University Trophies and Engraving in Canyon. The story is as follows:

Last Friday, Saturday, and Sunday; March 24, 25, and 26; the Order of the Arrow of the Boy Scouts of America held its annual Area IX-A Conclave on the campus of West Texas State University. On Saturday morning some of my friends and I had some free time at the Conclave and so went downtown to look around in some of the stores. I entered Mr. Stephen's store where I purchased a couple of things. When I arrived back at the place where we were camping, I reached for my wallet and discovered it missing. It contained such things as my drivers license, identification cards, photographs, etc., as well as my spending money for the weekend. I immediately began to backtrack to every place I had been in hopes of finding it. It was then that I re-entered Mr. Stephen's store where we conducted a thorough search for the missing wallet but still no luck. After trying and searching in several other places, I just gave it up for lost. I then returned to the campus and was eating lunch when one of my good friends came in carrying the missing wallet. I was very happy and very relieved to find it and when I inquired about the finder I was given Mr. Stephen's card. Everything was in the wallet just like it had been when I had lost it. Mr. Stephens had looked and looked until he found it who knows where and brought it to the campus to be returned to me.

The reason that I wrote this letter is because I think that someone of Mr. Stephen's integrity deserved recognition for such an outstanding and considerate act. If your paper has some means of recognizing such people then I strongly recommend that this man be one. In days like today when there is so much dishonesty and trickery going on in the world, it is really something to find a man as honest and outstanding as Mr. Stephens. If there were more people in the world like him it would certainly be a much nicer place to live.

Sincerely,
Patrick W. Robertson

Damascus House Residents Are Guests

BY TOOTIE BYBEE

HELLO ONCE AGAIN FROM out this way to you all. Are you all still in one piece after the kiddoes' long holiday??? I'm not!!! Enjoy those kiddoes being out of school, but it sure is hard on the ole nerves. Hope you all had a very nice Easter and maybe spring really will get here at last.

SHIRLEY AND HOWARD Jones had a bunch in for Easter dinner. All the staff and residents of Damascus House spent the holidays with them. There were fourteen there all together. The directors, Harry Marshall and John Webber, and families were present also. A very enjoyable time was had by all and what a nice thing to do for a very wonderful and worthwhile organization.

THE I.J. TOWS spent the Easter vacation week at Lake Amistad down by Del Rio. They met some of Ann's folks there and they all had a real nice week together. They all went over into Mexico on a shopping trip and brought back some pretties. They swam and looked for arrow heads and just had a real great time.

THE TRACY COOPERS headed down to Albuquerque, New Mexico, to check on Tracy's sister who had surgery this past week. She is doing real well at this time. Funny, they came back pulling a lovely new boat. It is Tracy's brother's boat and they have moved to Albuquerque and told Tracy just to take the boat on home and use it til they wanted it. Now that is is a sweet brother, no less. Rick is ready to water ski and Tracy to fish, so we all know where we will find them this summer.

BARBARA EVANS LEFT Wednesday and spent the weekend at Brownfield with her folks. Her mom is in the hospital there and spent a good deal of the week in Intensive Care trying to get over a bout of the flu which has left her temporarily paralyzed. She was doing a lot better this Monday, and we all hope she will be up and around in a matter of short time.

THOSE LITTLE BLUE BIRDS have been buzzing around again this week. Barbara Moreland and myself took them into Shakey's Pizza Parlor for a tour and they all made their own pizzas. This was their Easter Party, and they all just had a great time together.

BLANCHE HUDSON LEFT LAST Friday and went to her parents home in Hayden, New Mexico for the holidays. She also visited her in-laws in Melrose, New Mexico. Husband Mike was gone on business for the Quarter Horse Journal but was able to fly into Clovis and meet them and they all had Easter dinner together.

JO ANN ROSS DROPPED BY Monday afternoon and brought me the announcement about the Panhandle Exhibitors Quarter Horse Show, All Youth, Sunday, April 30, beginning at 8 a.m. in the Bill Cody Indoor arena in Amarillo. The judge will be Ralph Guest of Adrian. Jean is the show secretary and you can address any correspondence to her at this address: P.O. Box 7593, Amarillo, Texas 79109 and the telephone is 806-355-8241 or 622-1800.

WHILE SHE WAS HERE, she told me, she made a quick trip to central Texas to pick up her two sons, Steve and Russell, who had flown down to Austin to do some fishing. She said the bluebonnets were in bloom and were just beautiful. She said that was really the reason she went to pick the boys up — to see the lovely bluebonnets. They were fishing at Lake Buchanan around Austin.

MIKE WHITEHEAD'S LITTLE sister spent days with her during the holidays from school. Said Julie and Shelley had a real nice time together. Roger has been real busy working on the addition to the house. He is on a three-week vacation and should really be able to get a whole lot done.

THE VAN LANDINGHAMS have been, busy the last couple of weekends. Weekend before last they went with the Gene Webbs and Zetsche from Hereford and Wells from Amarillo to the Mountains. The Webbs have a cabin around Pecos and they hiked, played in the snow and, of course, scouted around in their four wheel drive vehicles. Sounds like they all just had a ball together. The Van Landinghams then spent the Easter holidays at June's brother's home, the Wayne Wallaces up on Washington Street. June's parents were there also from Mobeetie, Texas.

THE MALSONS HAD GUESTS this weekend from Amarillo. Her sister and husband, Mr. and Mrs. Jack Green, came out and spent the afternoon.

SWEET LITTLE OLE LORI Lee Laird came and visited with us after school Monday and I just have to admit she has the prettiest lunch pail I have ever seen and no wonder. That talented Mrs. Barron had painted the loveliest mountain scene on the front and back of Lori Lee's lunch pail. Just beautiful. It's a shame one can't frame a lunch pail or I would just about take it away from her and do so.

SAY, BY THE BYE, did you get your Girl Scout Cookies??? Boy, are they ever good and delicious and just murder on all of us weight watchers. Just have to say this even if it has already been in the paper once, congratulations to my two little friends, Cindy Todd and Tracie Bufkin for doing such a great job of selling cookies and being among the top sellers. Good Girls!!!

HAVE ANY OF YOU noticed those two precious colts of the Burdettes playing around in the pasture. They are just about as cute as they can be.

NOTICED THE BOYS ACROSS from the Burdettes had their old lawn just scraped up and whole brand new lawn put in; that is really nice.

I WANTED TO SAY I sure enjoyed my Easter holidays. Saw my brother, Bill Sharp from Tulsa, and visited with his two precious darlings, Shelley and Scarlette. Also, visited with my brother and his wife, Jimmy and Janice, and mother brother and family, Joe and Felicious and baby Jody. Also, with my inlaws, Billy and Jolette and baby Karen, and Claude and Betty Foster. Really enjoyed seeing my mom, too. Also visited with my husband's mom and dad, B.M. and Viola Bybee. I LOVE HOLIDAYS. I LOVE BIG FAMILIES! ESPECIALLY MINE.

OUR "FEATURED FAMILY" is a very special one this week as they had a brand new addition to their family this past Friday. Gene and Joyce Minor who live on Mescalero Trail between the Van Landinghams and Burdettes. Their new arrival is precious Marcy Alayne Minor born Saturday morning, March 25, at 8:34 a.m. and weighed 6 lbs. and 14 ounces and was 20 inches long. And is her daddy's pride and joy. Oh yes, her mom's too. She's a doll.

NOW, A LITTLE ABOUT mom and dad. Gene was born in Hickory, Oklahoma, and raised in California. Attended East Central State College and later received his Master in Education from W.T. He taught three years at Austin Jr. High in Amarillo and then served two years in the service. He is new Student Center Coordinator at West Texas State University. Joyce was born and raised at Ada, Oklahoma, and has her degree in Business Education from West Texas. She taught at Amarillo High and pioneered a new course of study there in Business Education. They have lived here in our little oasis now a year at Christmas. Both are precious people and I like them just a lot, especially Marcy.

HERE IS A RECIPE THAT CAME from Michael Whitehead's mother, Mrs. Pete Odom, in Amarillo and my family just loves it, so thought I'd just send it right along to you. It is called:

Fu Man Chew
Makes about 10 servings:
1 c. chopped onions
1 c. sliced celery

Put 2 tablespoons oil in a big skillet and saute these two things for five minutes, then add:

2 lbs. of crumbled ground beef.

When the beef is browned, add: 2 cans undiluted cream of mushroom soup; 1 c. uncooked rice, 1 can bean sprouts with liquid, 1 flat can of water chestnuts, drained and sliced, 4 tbsp. soy sauce, salt and pepper.

If you are making this in the morning, stop right there and finish it later.

If not, continue like this, pour it into a big casserole dish and bake it, covered for 30 minutes at 350. Then add:

1 pkg. frozen pea pods (thawed enough to separate) stir them in and top it all with 1 can of chow-mein noodles. Bake it, uncovered for another 30 mintues, at 350.

BELIEVE ME, THIS IS great to serve when you have a bunch in as it is really almost a complete meal. All you need is a green salad with it and you're about done.

WELL, SO LONG ONCE again, and hope all your times are good ones and remember you are your neighbors, neighbor, so be a good one.

OH, YES, ONE LAST word, (don't you believe it) To Mrs. Mills at Gene Howe: There are teachers and then there are TEACHERS and you're tops and you are GOOD PEOPLE. From me to you, thanks for the patience and good will. Thanks for truly loving and caring.

Three Arraigned -Felony Charges

William Keith Heathington, 21, of 905½ 5th Ave. in Canyon, and Dennis Tollett, 18, of Canyon, were arraigned Monday on charges of burglary of a coin operated machine.

Bond for each was set at $1,000 by Justice of the Peace W.A. (Bill) Wilson.

The two are charged with the March 24 burglary of the A&W Root Beer Drive Inn in Canyon. Taken in the burglary were $45 in cash and 30 packages of cigarettes valued at $15, according to Lt. Tom Rolen of the Canyon police department.

Shelly Trent Young, 17, of 1119 S. Polk, Apt. 301, in Amarillo, was arraigned on a charge of theft of $50 and bond was set at $500. Young is charged with the theft of a 1963 Chevrolet.

French Students Will Compete

Seven students of French from Canyon High School will compete in dramatic skits, poetry and prose recitations and dramatic readings at West Texas State University Saturday.

Hereford and Amarillo schools will also enter.

Canyon will be represented by Yvonne Dooley, Yvonne Coates, Michael Lee Raillard, Jerri Alicia Sisk, Teresa Engler, Lois Kelln, and Terry Jo Reynolds.

Phi Delta Phi, honorary French organization at WTSU, is sponsoring the competition. Winners will receive certificates.

News Brief

Mrs. Bertie Butler and son Homer, of Bard, New Mexico, and Mrs. Anna Petty and daughters, Pamela and Melodie, of Albuquerque, N.M., visited in the home of Mrs. W.R. Franklin over the weekend. Mrs. Franklin and her guests also visited Palo Duro Canyon.

Air Force Team To Visit WTSU

An Air Force Selection team headed by Capt. Charles Cope and TSGT Ken Fortenberry, will visit West Texas State University Thursday and Friday to interview prospective Air Force officers, according to the recruiting office in Lubbock.

The team will be located at the placement office and book store from 9 a.m. to 3 p.m.

Palisades Palaver

Holiday Travelers Home Safe

BY VICKI HOOKER

EASTER HOLIDAYS FINALLY CAME to an end, much to the dismay of the Palisades school-goers. And it showed in their faces as they stepped out Monday morning to fight the wind and try and find the school bus amidst the dirt and grime that was blowing ferociously across the roads. From all indications, everyone I talked to enjoyed the vacation, and everyone that travelled had safe trips. That much we can be thankful for, since some families in a neighboring town we re not so fortunate as to have their loved ones present on Easter Sunday. I think we should each pause for a moment and say a silent prayer for those families that lost loved ones in the Saturday night accident in Dimmitt. And I would hope that law enforcement officials there will come up with something more appropriate than the fact that five of the ten lives lost that night were lost in the name of justice.

MOST OF OUR residents stayed home over the holiday week end, but Jairrel and Nell Moore and their family traveled about 250 miles to Ulysses, Kansas, for a family reunion. After spending Saturday night with Jairrel's sister, Mrs. Harlene Smith who lives near Perryton, the Moores traveled on to Kansas Sunday and spent a very enjoyable day with Jairrel's family. Thirty-four members of the family met at Jairrel's nephew's home there. Nell said the weather was ideal and all the kids really enjoyed playing tennis, ping-pong and many other games in and around the cabin which is adjacent to Jairrel's nephew's home. We are glad they made it home safely, and they said they were very tired and glad to be back home.

SPEAKING OF BEING BACK home, Bob Walker returned to us last Thursday night after spending four weeks in a school in Dallas. By about the third week, Bob said he was getting pretty homesick, and to make matters worse, the school was extra difficult! We are all glad he's home again, though, (especially Joe Delle) and hope he won't have to go anywhere now for a long time. In fact, he'd better stay in the Palisades where there are no curbs! (Sorry, Bob, just had to pick on you a little!)

SOME OF YOU MAY HAVE noticed a new mobile at Lum and Lena Edwards? Yes, they still live there, and no, they don't have company. They took a little trip weekend before last to Ruidoso to see Lum's nephew and brought back a 1969 Ford Van, which he is making into a camping rig. While helping him set up a bed in the back of it, Lena heard something crack. She later found out she has a slipped cartilage in her rib cage, but she says feels fine as long as she doesn't breathe!

LUM'S OLD VAN? Well, he at first thought he'd be making a work truck out of it, but then he decided he didn't want to work!

TALKED TO JERRI THOMPSON and she said that John's sister who was in the hospital last week is home and doing fine. The Thompson s shared Easter Sunday with daughter-in-law, Garlene Thompson and her two children from Omaha, Nebraska, and daughter, Paula Davidson and her family from Amarillo. The big event of the day was of course, an Easter egg hunt for the children.

WE WERE VERY SORRY TO HEAR that Joanne Tucker's father, Mr. T.A Stephens, is in Northwest Texas Hospital with a serious heart ailment. Joanne has been spending most of her time there with her mother helping to keep a watch on Mr. Stephens. He has been in for about three weeks now, and certainly hope he recovers soon.

PHIL AND ELLIE BOOTHE and family are featured this week. The Boothes have four children; Dwight, 15, Susie, 13, Shari, 12, and Robert, 5. All four are very active.

DWIGHT IS IN THE Canyon High School Eagle Band and was very active in raising money for the band's trip to Vienna. Unfortunately, the band will not go to Vienna, but rather will spend several days in May at Six Flags Over Georgia where there will also be a band festival.

BOTH SUSIE AND SHARI are trampolene enthusiasts and they were on the same basketball team this year which went to the finals in regional play-offs. Susie also enjoys track and will begin entering meets this month.

ROBERT ATTENDS THE SMALL Fry School in Amarillo and he, too, enjoys the trampolene. At the school he learns all sorts of acrobatics, and it won't be long till he will probably give his sisters a little competition in the sports field.

PHIL IS IN BUSINESS with his father as a painting contractor. Ellie enjoys a job as administrative secretary to the Executive Director of the Texas Panhandle Community Action Agency. (Even Ellie has to say that one slowly!) The TPCAA serves 26 counties and some of its principal programs are Head Start, Neighborhood Youth Corps. Planned Parenthood, Manpower Emergency Food and Medical Services, free immunization, and the GED program for those who dropped out of high school and want to obtain a diploma. Ellie has a very interesting but also a very responsible job there, and between working and housekeeping, she attends a shorthand class at Amarillo College once a week.

THE BOOTHES ATTEND Trinity Baptist Church in Amarillo where Ellie teaches a Sunday School class. She said they have been wanting to attend services in Tanglewood, but their church has a wonderful youth department, and she hates for her children to miss it.

PHIL AND ELLIE used to square dance with the Harmony Hoedowners, but it got to be too time-consuming so they stopped. But as you can see, they are still a busy family, and we're glad they're our neighbors!

I FELT I NEEDED to mention this and any of you who know the people involved at all should get some enjoyment out of it. It all started about a month or so ago when Stan Hooker brought home a demestic hooded rat. At that time he was small and relatively harmless, but Stan's mother, June, disliked him nonetheless. The rat began to grow and even though Stan tried to keep him confined, he would somehow get out and scamper through the house, which absolutely terrified June. (Didn't do me any good either!) When the rat would escape, the cat, Puff, would play with it, but never once attempted to kill it.

ONE SATURDAY MORNING the rat got out and was nowhere to be found. After futile search, Stan decided to go down and see Jamie Walker. Meanwhile, June was making her bed. When she was nearly finished she noticed a lump under the spread. As she attempted to smoothe it, she felt something very soft under the covers and right away she knew what it was. "Stan-n-n-n-n!" she screamed. He and Jamie came racing up and recovered the rat.

ALL WAS WELL until Stan decided to get a baby rat to match the big rat. Now he keeps the two in an empty aquarium in his room and still the cat never makes a move to harm them.

OVER THE HOLIDAYS STAN and Tony Mitchell decided they'd go go into the chicken business. So Stan invested in three baby chicks. This was Wednesday and by Thursday two of them were dead; only the bones of one remained. By Sunday the other one died mysteriously. So much for Stan and Tony's egg business! Now it's Stan's theory that the cat killed the chicks, but aren't chickens supposed to be enemies of dogs and coyotes, and rats enemies of cats?

WELL IT SEEMS TO ME there is something strange about that set-up, but then no one ever said that June and Charlie's house was a dull place.

HAPPY ANNIVERSARIES TO Bill and Joanne Tucker on the 3rd, Mr. and Mrs. Guy Mulherin on the 4th, Mr. and Mrs. Larry Lynn on the 5th, Lena and Lum Edwards on the 9th, and JoDelle and Bob Walker on the 11th. Happy belated birthday to Gene Webb on the 3rd, and happy birthdays to Dwight Boothe and Susan Inman on the 8th.

DON'T FORGET BOARD meeting on Monday, the 10th, at Joyce McDonald's, 7:30 p.m. Hope to see you all there.

DO YOUR BIT for pollution this week. Put a muffler on your motorcycle!

The Canyon News

The Canyon News, founded in 1896, is an independent newspaper dedicated to the best interest of the community, state and nation.

A subscription is $5.25 a year in Randall and surrounding counties and $6.30 a year elsewhere.

The Canyon News is published weekly at its offices, 412 15th Street, Canyon, Texas. Second class postage is paid in Canyon. Zip Code 79015.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be corrected upon being brought to the attention of the editor.

New Business Opens In Area

A new business serving the cattle and agricultural industries in Randall County will open east of Canyon in about 10 days.

"W. A. (Pat) Patton announced this week he is constructing a custom Cattle Dipping vat facility two miles east of the city, near Washington's intersection with State Highway 217.

The business, he said, will for the first time offer a cattle-dipping facility which is open to the public. Opening of the business is especially timely, in the light of the serious hazard posed by scabies, a disease of cattle whose germs lie dormant during hot weather and flourish in winter.

Dipping of cattle in germ-killing chemicals destroys dormant scabies germs. As of June 6, law will demand all cattle going into or coming out of the county be dipped, in a state wide effort to head off a scabies problem next winter.

Cattle must be dipped if they are headed to packing plants.

Patton said crews began work on the dipping vat two weeks ago. The facility will be open to the public immediately upon completion in 10 days. It will cost about 40 cents per head to dip at the public facility, Patton pointed out. And dipping operations will be conducted daily.

"We will have holding pens where folks can leave cattle overnight, and they will be fed and watered," Patton said. "And later, we plan to put in a working chute where we can brand, dehorn, or vaccinate.

Patton explained other similar facilities are available in the county but not on a public or commercial basis.

The business man pointed out attendants will be ready to serve all comers, following opening. Interested persons can telephone Patton at 655-2052 to schedule appointments or to obtain further information. An alternate number will be 488-3474.

Babe Ruth Tryouts Set For Friday

The Babe Ruth League baseball tryouts will be held at 5 p.m. Friday.

The tryouts, to be held at the Little League Park, are for boys 13, 14 and 15, according to president of the Babe Ruth League, Bill Cooper.

League play will begin May 6.

Minors Have New Daughter

Mr. and Mrs. Gene Minor, 117 Mescalero Trail, have announced the birth of a daughter, Marcy Alayne, Mar. 25 in Amarillo.

She weighed 6 pounds 14 ounces and was 20 inches long.

Minor is coordinator at the Student Activities Center for West Texas State University.

NOTICE OF PUBLIC HEARING

Notice is hereby given to all persons owning, claiming, or interested in property abutting upon the street projects listed below that the City Commission of the City of Canyon has determined that a public necessity exists for the permanent improvement of the streets listed by raising, grading and filling the same and by constructing thereon paving, and curb and gutters on the street projects, together with the necessary incidentals and appurtenances in accordance with the plans and specifications therefore prepared by the City Engineer.

The cost of the improvements on each street project shall be assessed against the adjoining property and the owners thereof in accordance with what is known as the "Front-Foot Plan" in proportion as the frontage of the property of each owner is to the whole frontage improved.

The streets ordered improved by the City Commission of the City of Canyon are listed below by name and under each is the estimated total cost of all improvements on such streets, together with the estimated amount per foot proposed to be assessed against the owner of the abutting property, as follows:

1. 9th Avenue from 5th Street to 8th Street

a. Estimated total cost of the improvements — $14,477.26.

b. Estimated amount per foot proposed to be assessed against the owners of the abutting property — $6.27.

2. 20th Street from 12th Ave. to 13th Ave.

a. Estimated total cost of the improvements — $3,763.80

b. Estimated amount per foot proposed to be assessed against the owners of the abutting property — $6.27

Notice is hereby given to the owners of abutting property and all persons interested in said improvements that a public hearing will be held before the City Commission in the City of Canyon in the Canyon Community Center, 300 16th Street, Canyon, Texas, at 7:00 p.m. on Thursday, April 20, 1972, at which time all of said owners, or their agents or attorneys or other interested persons are notified to appear and be heard on the question of benefits to said abutting property by reason of said improvements and the amount to be assessed against each owner and his abutting property or any other matter or thing in connection therewith, which hearing may be adjourned from day to day until fully accomplished.

The City Commission shall have the power to correct any inaccuracy, error or invalidity and supply or makeup any deficiency, to determine the amount of the assessments and all other matters relating thereto.

Signed this the 27th of March, 1972.

Glen R. Metcalf
City Clerk

LEGAL

CITATION BY PUBLICATION

THE STATE OF TEXAS TO: **LEONARD JOSEPH MOSS. Defendant, Greeting:**

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filling a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 15th day of May A.D. 1972, to Plaintiff's Petition filed in said court, on the 19th day of November A.D. 1971, in this cause, numbered 11,514-A on the docket of said court and styled In the Matter of the Marriage of Glenda Lowana Moss, Petitioner, and Leonard Joseph Moss, Respondent.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce and custody of minor child as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 31st day of March A.D. 1972.

Attest: LaQuitta Polvadore
Clerk,
47th District Court
Randall County, Texas.

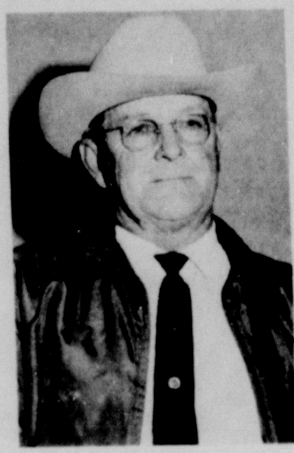
RAYMOND BATENHORST



I WILL APPRECIATE YOUR VOTE AND INFLUENCE

IN MY CAMPAIGN FOR COMMISSIONER PRECINCT 3

Bugbee...

(Continued from Page 1)

his art for some 18 years.

He was featured artist for nearly thirty books including J. Evetts Haley's "Charles Goodnight: Cowboy and Plainsman", J. Frank Dobie's "The Mustangs", and books by fifteen other notable authors.

Bugbee was also commissioned to illustrate a number of historic editions of area newspapers. He sketched illustrations for 28 issues of the Panhandle-Plains Historical Review, and such trade and company publications as Shamrock Oil and Gas Company's "The Shamrock".

During the summers of 1937 and 1938 Bugbee and Alexander W. Mack were employed by West Texas State University in addition to their regular staff. The artists conducted classes in the panoramic Palo Duro Canyon.

In 1951 Bugbee joined the staff at the Panhandle-Plains Historical Museum as Curator of Art. He took the position on a part-time basis so that he could continue to supply his customers with paintings.

During his stay at the museum Bugbee headed the society's committee of Fine Arts, scheduled displays in the fine arts hall, and painted a number of murals on the walls.

The museum collection of his works currently numbers over 200 and include murals, oils and pen and inks.

Part of the museum collection may be seen during the "TEXAS" season.

Museum director C. Boone McClure wrote in 1957 that Bugbee "insists that his wants, his needs, and his accomplishments are simple. Only his great modesty can explain his contention concerning accomplishments. More than any other artist, he is the artist of the Texas Panhandle."

Upon Bugbee's death in 1963 his wife Olive became art curator of the museum.

Harold D. Bugbee will become the seventh artist of note to be featured in the "TEXAS" souvenir program.

Each year the programs become more and more popular as collectors items as they serve as a portfolio of the artist's works.

(Continued from Page 1)

Dunn V. Blumstein has invalidated state laws which require more than 30 days residency. The Texas law has now been enjoined by a federal court in the case of Whatley V. Bullock which was decided on March 31.

Persons entering the state may register immediately upon their arrival, Bullock said.

The deadline for registering to vote in the May 6 primary was Wednesday.

Insurance. . .

(Continued from Page 1)

county to contract road work as $582.42 per mile and Baker said with the purchase of $14,000 of equipment the county could do the asphalting for $220.40 per mile. Baker estimated the county could recover the original investment in three years.

Commissioner John Fulgenzi questioned whether government could do the work as cheaply as private enterprise. "I hate to wake up one morning and find out we've got all this equipment and it is costing us more than we could contract it for," Fulgenzi said.

Jim Fletcher said he didn't think there was a chance this would happen. Fletcher pointed out the county already has the employees and part of the equipment and could work on the roads when the road crews are not able to do other work.

Commissioners indicated if the county should buy the tank from Sherman County Randall County would be in the paving business.

The court authorized County Clerk LeRoy Hutton to employee two additional employees at $1.60 an hour immediately to help with elections and three more employees as they are needed.

Hutton reported absentee voting begins April 17 and ends May 3.

The court also authorized County Agent John Brazzil to hire a secretary at $1.60 per hour to fill-in for his regular secretary while she is on vacation.

News Brief

A.L. Triplett attended the funeral of Ed Robinson in Claude's Methodist Church Monday.

Kindergarten, Nursery School Registration Open

Fall registration for nursery school and kindergarten at First Baptist Church is now open, and forms are available in the church office.

Mrs. Wallace Johnston will teach 3-year-olds on Tuesday and Thursday mornings. Registration fee is $5 and monthly tuition is $8.75.

Mrs. Ken Baker is to teach 4-year-olds on Monday, Wednesday and Friday mornings. Tuition is $13 monthly with a $5 registration fee.

The kindergarten is to be taught by Mrs. Ronnie Waide Monday through Friday mornings with a tuition fee of $20 a month and a charge of $5.50 for registration.

Hours for each group are from 8:30 to 11:30 a.m.

Regents To Meet Today In Dallas

The Board of Regents of West Texas State University planned a special meeting at 3 p.m. today in the Petroleum Club in Dallas.

The meeting was called to approve the sale of $58.35 million in constitutional tax bonds of 12 state universities. West Texas State's share of the bond issues is $1.34 million.

The board also will be asked to approve employment of faculty and staff for the 1972-73 year as well as contracts with contractors for certain remodeling of the auditorium in the Old Administration Building.

Chamber...

(Continued from Page 1)

would follow the annual July 4 patriotic celebration and thus feature a full week of colorful activity. An alternative date, members said, should be April 21 and 22.

The board obviously favored the July 8 date, and agreement was expected to come from the board of the Randall County Sheriff's Posse.

The proposed week-long celebration would include fireworks, a parade and barbecue, and possibly a dress-Western theme and beard-growing contest.

The celebration would also be similar to other big Panhandle celebrations, such as the XIT, held at Dalhart, and hopefully would draw huge crowds, as does the XIT.

West also urged all C-C board members to attend the All-Sports Banquet, slated for 7:30 p.m. April 24 at the East Dining Hall at WTSU.

Finally, the C-C board briefly discussed the desirability of attracting Amarillo residents to Canyon, to shop and to build homes. The board also emphasized in discussion the importance of future C-C support of "Buy-in-Canyon" programs and of attempts to bring conventions to Canyon as it proves feasible in coming years.

Board member John Childs reported that 55 new individual memberships in the C-C have been recruited since a drive began Feb. 1. In addition, 28 new firm memberships have been secured.

Bond...

ly 1 to single-family 2 zone classification. SF-1 designation provides 10,000 square footage in length, and 75 feet in width, as compared to 7,000 square footage in length, and 60 feet in width for SF-2. Twelve lots are slated for development.

Hunsley's request involved a change from SF-1 designation to multi-family designation. No action on the plat was taken Tuesday, only approval of the rezoning. Hunsley plans condominium housing units.

Final action came when the commission agreed to change regular meeting dates from the first and third Thursdays of each month to the first and third Mondays of each month.

Next meeting of the commission will be held at 7 p.m. April 17.

All commissioners were present at Tuesday's session.

Board...

(Continued from Page 1)

grade 53 girls. Twenty nine girls are participating in the third period athletic program in high school and 18 of them are running track.

Schneider said the main problem with the track program was lack of equipment and a track for the junior high students.

Schneider said growth in the track program would have to come from the junior high level as high school girls are not yet track oriented.

Coach Phil Ehly said the boys track program had the same problems with equipment as the girls program. Twenty eight boys are participating in the high school track program with twenty running in track meets.

The coach said the boys program did not have a great deal of talent but fair depth. "The kids put out," Ehly said. He said there is no interest lagging in the sport but the Canyon teams do not have much speed and this is an exceptional year for Canyon's opponents.

In the junior high boys track program, 22 boys are running in the 9th grade, 56 in the seventh grade, and 47 in the eighth grade.

The problem with these teams is the lack of uniforms, the coach said, and he felt uniforms would instill more pride in the teams.

Coach B.B. Kendrick explained the boys golf program to the board. Twelve boys are playing golf in high school and 14 in junior high.

Kendrick said little time was spent on physical conditioning in the golf program and more time on individual skills and improvement. He said golf, more than any other sport, would be used by a student after he left school.

Jacobs announced at the board meeting he expected the UIL to approve a girls golf program next year.

The tennis program has 25 participants this year compared to seven last year. Twenty of the 25 this year are sophomores. The coach said the teams use the facilities at West Texas State University.

The tennis program is growing and with the caliber of junior high players, the coach said tennis should be a good varsity sport in Canyon.

Roy Winters, baseball coach, said the equipment for the baseball program was good and the team will begin district play next week.

He announced a student-faculty ballgame Friday night and invited board members to play for the faculty. He also said the team needed practice with left-handed pitchers.

The baseball team has 20 players this year which is an increase over last year.

Winters said in the past two years, the team won one ballgame and had to come back from a losing situation. The team has won two this year playing mostly 4-A competition.

The baseball program is organized into the Babe Ruth League, the junior varsity, and the varsity.

Ed Wieck presented a trophy from the Palo Duro Soil and Water Conservation District to Jan Henson for an essay she wrote on conservation. Miss Henson is the grandaughter of board member, Walter Graham.

Jacobs presented a revised code of ethics for board members from the American Association to School Boards to all the members of the board.

Seminar...

(Continued from Page 1)

the future.

Slough, Plank's opponent said, "I believe the people of Texas are looking around and are sick of what they are seeing in Austin, Texas. I think the people of Texas are going to clear the air.

Slough said the Texas legislature in their special session recently were trying to clean house before the inspector got there. But the inspector has already been there.

"It is ridiculous that a person should be limited by party lines in this day and time," said Slough. "We need an open primary to let the people of Texas vote for the candidate of their choice."

Harms, who will not be running in Randall County said that he felt the people of Texas want to see a two party system.

"I am young and relatively inexperienced, but I think it is time to put young people in offices of responsibility. This year people who previously have taken pot luck at the polls are going to take a closer look at the ingredients of the pot," asserted the 22-year-old, West Texas student.

Bynum, who will face Harms in the November election, but is unopposed in the May primaries said he felt there was an awakening in the Panhandle and that no longer could people in other parts of the Texas consider us separate state of the Panhandle.

"Last week in the three day war, (special session) the legislature started the road to real reform. For the first time the house and the senate enacted joint rules and limited the power of the conference committees. We limited the power of the speaker and reduced the number of committees from 46 to 25. We threw out a lot of the old timber," said Bynum.

"As long as we have a constitution that says the house can meet only once every two years for five months we are going to have the Sharpstown bills. We must have time to properly consider these bills. I urge you to support amendment number four to put the Texas government in the 70's.

Sherman siad that recently he had read a government report that said the small towns were dying." I'll do everything I can to rejuvenate the small towns in Texas," Sherman pledged.

He along with all other candidates present urged that Texas adopt a new constitution.

State Day

Zeta Tau Alphas from Canyon's alumnae and college chapters will be in Amarillo April 15 for the sorority's State Day at the Amarillo Country Club.

Mrs. Keith Jones and Mrs. Stan Elliott, president-elect of the alumnae chapter, are on the host committee.

Sherman Acres Area

Sherman Acres Residents Travel Over Easter

BY MARY JO GRIFFIN

THIS PAST WEEK HAS been quite a busy one around this neighborhood. We all enjoyed the school vacation and Easter holidays so much. So many of our people went places and others had guests in their homes.

MRS. HERBERT HALL (BETTY) and children, Dale, Randy, Stacy and Brenda went to Woodward, Oklahoma to visit Betty's sister, Mrs. Bill Luckett and family. They all went to the Alabaster Caverns near Woodward for a day out with picnic lunch and lots of hiking and climbing.

MR. AND MRS. JIM Warner were in Clarendon over Easter weekend with Mrs. Warner's parents, Mr. and Mrs. J.F. Rampy.

WE HAVE A couple of little boys with birthdays this week. They are April 8, Harvey Sims and his nephew Kelly Howington, April 9. Happy birthday to the two of you.

GUESTS IN THE TOM Delashaw home for Easter weekend were their daughter and granddaughter Mrs. Monte Farr and Jill of Folsom, New Mexico and a grandson, Sam Elkins who is in school in San Marcus. Others came during the day Sunday.

VISITING IN THE JIM Huneycutt home over the weekend were Jim's sister and husband Mamie and Bill Watson from Durango, Colorado and their daughter Debbie Watson who is a student at SMU in Dallas. Also guests of Jay and James Huneycutt were Steve and Greg Ford of Canyon. The boys all went to the Easter egg hunt in Conner Park.

MR. AND MRS. JAMES Anderson and family entertained 36 relatives for Easter Sunday dinner in their home. Mr. and Mrs. Verlin Beasley and Mrs. E.E. Beasley all of Raymondville, Missouri came for the occasion and to celebrate five generations in the family. The direct line in the five generations are Mrs. E.E. Beasley, Mrs. Otto Langston, Mrs. Willie Wesley, Mrs. Cecil Ray Mason and baby Wesley Mason. They report a real good time visiting.

MR. AND MRS. MURRAY LEITH and family visited Sunday in the home of Wanda's parents, Mr. and Mrs. Earnest Luedecke in Pampa.

WE SEE THAT PATRICIA Tilger is home this week with her parents. She is teaching second grade at Amherst and is out for the Easter vacation.

NELLIE BAGWELL AND children Randell, Susan and Kendall were visiting in the Panhandle last week. They were out here several times with different ones from Amarillo and Borger. Everett came to get them Sunday.

THE SHERMAN JONES family had a birthday party for Lee Don during the weekend while Marsha is home to help celebrate.

MRS. JOHN GASTON AND BOYS John Thomas and Michael were visiting during the week in Albuquerque, New Mexico with Oona's mother, Mrs. Michael Panici and other relatives. John was working in the southern part of the state and went fishing near Corpus Christi over the weekend. They all came home on Monday this week.

MR. AND MRS. WAYNE HOOD and children Steve and Christine had their Easter vacation in the Houston-Galveston vicinity. They toured the Astrodome and other interesting places and returned home Monday.

GUESTS RECENTLY IN THE James Brashears home were James' sister and family Mr. and Mrs. Jack Aaron from Shamrock, and other guests Sunday were Charlene's sister, Mr. and Mrs. Donald Davis from Canadian. Also her mother Mrs. Vera Clement of Amarillo.

MR. AND MRS. BILLY GRIFFIN and girls were in Lamb county to attend the Weaver family reunion at the home of Mr. and Mrs. Lige Griffin. Also we visited with my mother, Mrs. Herbert Roberson and were at the family gathering. She and a granddaughter Tonya Roberson are here to spend this week.

MRS. HERBERT HUTCHINS (Charlene) and children visited last week near Sayre, Oklahoma with her mother Mrs. Charlie Baker. They came home Saturday and went to Wellington to visit with Herbert's parents Mr. and Mrs. Vernon Hutchins.

MR. AND MRS. JOHN Rider and family were in Dacoma, Oklahoma, Audrey's home town over the weekend to attend the Dacoma High School Alumni celebration. Audrey's graduating class had a special gathering. They also attended church there Easter Sunday and had lunch with friends.

MR. AND MRS. CARLOS WILHITE and family travelled down to Childress to visit with Mary's mother Mrs. W.J. Clements last week. The children stayed with their grandmother while Carlos and Mary went on to Fort Worth. Mrs. Clement came home with them to visit for a while.

MRS. LARRY NASH (Betty) and children went to southwest Texas during the school vacation. They met Larry there and went to Pecos and saw sights including Judge Roy Bean's Cabin and then went on to Carlsbad Caverns. They report a real good time.

IF I MISSED YOU this week do give me a call and I'll get it in next time. Thank you for your time and interest to fill our column.

Cycle Flips; Youth Hurt

A young motorcycle rider was slightly injured in a mishap in an alley near 404 7th Ave. last Saturday.

The rider, identified by police as Carter Harvey of 2421 11th Ave., sustained a bruised arm when the cycle he was riding overturned and fell on him while he was driving over a wooden ramp, which gave way.

Young Harvey was hospitalized for two nights following the accident. Officials of Neblett Hospital said he was released Sunday following treatment.

Baseballers Win Five Of Eight On Tulsa Journey

West Texas State University's baseball team pushed its season record to 14-6 last week by winning five of eight games in the University of Tulsa Baseball Review.

No winner was determined in the review. Teams just met in Tulsa and played as many games as they wished in an eight-day period. Tulsa had nine wins, while West Texas played the next highest number of games and finished with a 5-3 record.

West Texas fell twice to Tulsa and once to Southwestern, Okla., in the tourney. The Buffaloes beat Southwestern, Arkansas twice, John Brown University and South Dakota State.

Mark Stanley, who pitched a two-hitter against Tulsa in losing 2-0, has a 2-1 pitching mark with a 1.23 earned run average. David Sharp is 2-0 with a 2.62 ERA, Charles Crouch as a 2-0 mark and a 0.74 ERA, David Lewis is 2-2 with a 2.97 ERA and Kenny Grounds stands 2-1 with a 3.82 ERA.

Jim Albracht, who has shared right field duties with Ground, leads the Buffaloes in hitting with a .436 average. Other high marks are Kerry Morgan .409, Lanny Phillips, .395, Allen Runyan, .358, Ground, .347, Rick Hamerick, .308 and Rick Rusten, .302.

Canyon Herd Ends Testing

The Holstein herd owned by Louis G. Hinders of Canyon has attained a new annual herd production average for milk and butterfat, report officials of the National Holstein Headquarters in Brattleboro, Vt.

The herd has completed latest testing with an official per-cow average of 16,901 pounds of milk and 64 pounds of butterfat on 85 seperate lactations.

Texas A&M University supervised production testing activities.

In another release, the national organization announced that "Hales Skokie Rosebud," a four-year-old in the herd tested for Jones Hales of Canyon has produced 22,340 pounds of milk and 804 pounds of butterfat during a 354-day testing period.

During testing periods, three animals in the Hinders herd here produced as follows: "Palo Duro Golden Jewel," a six year-old, 24,110 pounds of milk and 864 pounds of butterfat; "Palo Duro Starlot," a six-year-old, had 23,940 pounds of milk and 820 pounds of butterfat in 326 days; "Soo Land Ollie Elma," a two-year-old, had 16,480 pounds of milk and 619 pounds of butterfat in 305 days.

Horse Exhibitors Plan Youth Show

The Panhandle Quarter Horse Exhibitors Association has planned a youth show to be held at Bill Cody Indoor Arena in Amarillo starting at 8 a.m. April 30, according to Mrs. Joan Ross, secretary.

A colt, donated by Bobby Johnson, is to be given away, and first place trophies will be awarded to first-place winners in halter and performance classes. Ribbons will be given from second through sixth places.

The show will include registered and open classes.

Other officers are James Patch, president, and Vern Johnson, vice-president.

Youth officers are Miss Martha Johnson, president, and Steve Ross, vice-president. Both are students at Canyon High School.

Altar Society Appoints Delegates

BY SUSAN DOLLE

AT ITS REGULAR meeting Tuesday night, St. Mary's Altar Society appointed four delegates to attend the spring deanery meeting in Nazareth April 19. Mrs. Vincent Meyer, Jr., Joe Grotegut, Marion Hicks, and A. R. Friemel will participate in the sessions planned by the Plainview Deanery of the Amarillo Diocesan Council of Catholic Women. Alternates will be Mrs. Carl Hartman, Ronnie Haschke, John Beckman, and Elroy Artho.

THE WOMEN WILL hear addresses by Bishop Larence M. DeFalco of Amarillo, Rev. James Comiskey, and Mrs. D.M. Poundstone, president of the Amarillo Diocesan Council. Mrs. Carolyn Jordan, past president of the Lubbock League of Women Voters will be the afternoon speaker when she will present ideas concerning the Texas legislature.

THE MEETING IS being hosted by the Nazareth Christian Mothers Society. Mrs. Don Dolle of Umbarger, outgoing president, will preside. Approximately 150 ladies from the area are expected to attend.

IN OTHER BUSINESS, the Altar Society authorized Mrs. Vincent Ramaekers to extend an invitation to the Canyon High School Band to hold its spring dinner and dance in the parish hall at Umbarger. The hall will be considered along with two or three other possible sites.

***

MANY PEOPLE FROM this community will hear Barefoot Sanders, Democratic Candidate for U.S. Senator, Saturday night when he speaks to the Texas Farmers Union at their spring dinner and dance. The event will be held in Amarillo at the Howard Johnson East Restaurant and Motel. Plans for the evening are being made by the Farmers Union officers including Alfred Buecker, president.

***

THE CATHOLIC LIFE Insurance Union, Branch #52 will hold its annual meeting and social this Sunday evening, April 9, in the Umbarger Parish hall. The barbecue supper is prepared for members of the fraternal insurance union and their families.

A MEMBER OF the home office of Catholic Life Insurance in San Antonio will be the guest speaker. Also attending will be Tom Acker of Nazareth who is the area representative. John Wieck, local president, will preside. Other officers include Carl Kleuskens of Hereford, Willie Wieck, and Dennis Brandt. A new slate of officers will be presented during the business meeting.

***

HOW MEN AND women differ has been described by the Ladies Home Journal executive Bernice E. Connor, as follows: "Most men think of knives and forks, but a woman thinks of silver. Men think of glasses, but women think of crystal. A woman makes a casserole. He calls it leftovers. She serves potatoes lyonnaise. He eats spuds with onions. Different words, different images. To a man, 'range' has to do with scope, ranch, firing range, or Home on the, if he's musical. To a woman, it's a beautiful new built-in oven. 'Base' to him means air base or first base, a bag somebody slid into. To a woman, it's a new makeup."

Going somewhere? Or been? The Canyon News wants to know about it--and so do its readers.

Dr. Ballou To Give Robert Welch Lecture

Dr. C.E. Ballou, Professor of Biochemistry at the University of California at Berkeley, will present the annual Robert A. Welch Foundation lecture at West Texas State University on Tuesday, April 11, at 4 p.m. in 101 University Complex South.

The talk is entitled "Surface Architecture of Yeast Cells — a biochemical expression of speciation."

Dr. Ballou, an internationally known biochemist, has been at Berkeley since 1951 and was appointed Professor in 1961. He was chairman of the department from 1964-68. He spent the year 1961-62 on a sabbatical leave as a Senior NSF Fellow at Gif-sur-Yvette and the year 1968-69 as a Guggenheim Fellow at the University of Kyoto and the Pasteur Institute.

Dr. Ballou has served on the Editorial Boards of "The Journal of Biological Chemistry" and "Biochemistry" and is a member of the American Society of Biological Chemists, the American Chemical Society, and the Chemical Society (London).

His research has been mainly in the areas of carbohydrate chemistry, the synthesis of sugar phosphates, the mechanism of action of glycolytic enzymes, the structure and biosynthesis of glycolipids and lipopolysaccharides of mycobacteria, and the structure and unochemistry of yeast cell wall polysaccharides.

Accompanying Dr. Ballou on his trip will be Dr. W.O. Milligan, Director of Research for The Robert A. Welch Foundation.

The Robert A. Welch Foundation Lectures in Chemistry were inaugurated in 1957 with the object of stimulating and encouraging chemical research. Each year the Foundation provides outstanding scientists to lecture at institutions within the state whose faculty hold research grants from the Foundation.

Girl Is Born To The Hembys

Mr. and Mrs. Bill Bell of 2600 13th Ave. are grandparents of a six-pound, 14-ounce girl.

Mrs. Bell said Stacey Lynn Hemby was born March 22 to her daughter and son-in-law, Mr. and Mrs. Ronnie Hemby of Clovis, N.M.

Mrs. Bell said she returned recently from a visit in Clovis with her new granddaughter and family.

Ronnie Hemby is serving at Clovis with the U.S. Air Force.

Candidates To Be Here

Two candidates for lieutenant governor of Texas will be in Canyon today.

Sen. Wayne Connally will arrive in Canyon at 1:30 p.m. and a coffee and reception will be held in the West Texas State University Activity Center.

Sen. Joe Christi will speak in the East Cafeteria on the campus of WTSU at 5:30 p.m.

Six Hurt In Wreck

Six persons were injured — none seriously — in a spectacular auto accident which occurred about 3:50 p.m. Sunday 3.9 miles south of Canyon on U.S. Highway 87.

The wreck victims included one Canyon man, a Hale Center family of three, and two persons from Plainview and Kress. All were given emergency treatment for lacerations, fractures and bruises and then released from the hospital, Neblett spokesmen reported.

Injured were: Terry Vogel of Canyon; Mr. and Mrs. Antonio Trevino, ages 24 and 28 respectively, and their son, Antonio Jr., 15 months, all of Hale Center; and Lena Ocanas, 15, of Kress and Ejinio Luna Jr., 22 of Plainview.

The Ocanas girl sustained head lacerations and the Luna youth suffered a fractured hip. Both were transferred to a Plainview hospital following release from Neblett.

Texas Highway Patrolman Larry McLendon, who investigated the crash, said both autos involved were totally damaged. Impact of the collision was severe, he added.

A 1967-model auto driven by Vogel collided with another 1967-model driven by Trevino south on U.S. 87. The Vogel car was making a turn northward onto U.S. 87 from a farm-to-market road when the collision occurred.

Vogel occupied one vehicle alone, and the other victims were passengers in the Trevino car.

Report Reveals Steady Increase In City Building

The City of Canyon issued six building permits, totaling $45,050 in value, during the month of March, reports E.A. Collie, building inspector.

The March figure boosts the total of permit value recorded so far this year to $144,055.

Last month's figure of $45,050 compares to $140,675 recorded during March of 1971. The first three months of last year of new construction totaled $233,950, city records show.

Permits recorded during March of this year were as follows:

— Billy G. Reid, 2615 11th Ave., a permit for a new residence at 1207 26th St., $23,000.

— C.N. Cosby, 2713 9th Ave., a permit for a new residence at 501 8th Ave., $5,000.

— Canyon News, permit for remodeling of a commercial building at 1500 5th Ave., $15,000.

— Don Sheets, permit for a storage building at 3306 Conner Drive, $950.

— W.K. Heathington, permit for a storage building at 2426 14th Ave., $400.

— Lewis Harvey, permit for a storage building at 400 Thompson Lane, $700.

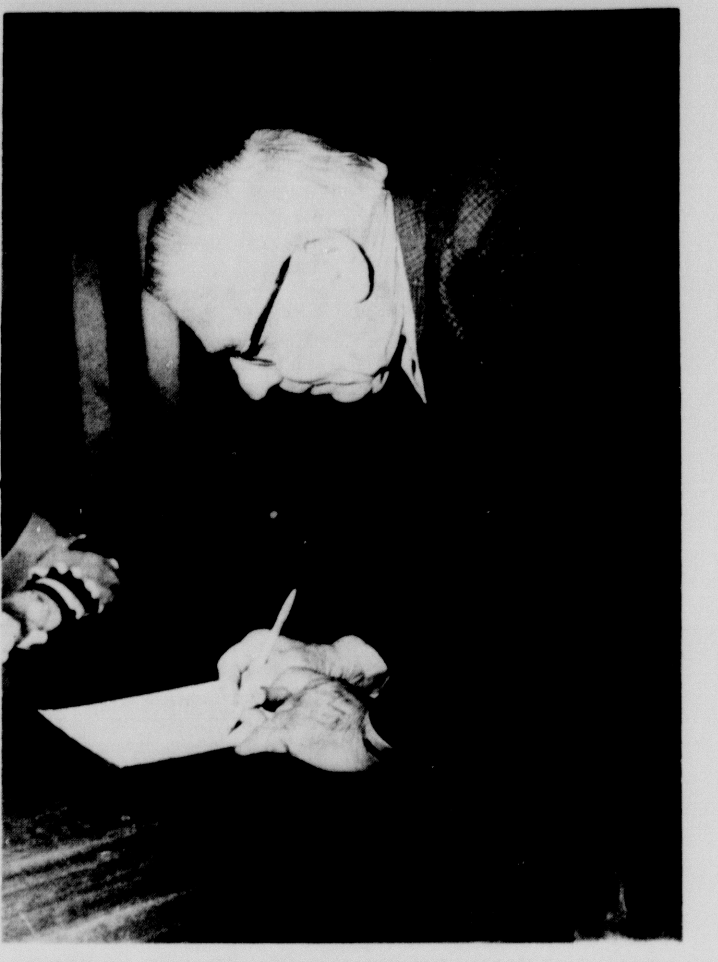
Collie noted the building picture in Canyon proceeds on a "steady" level, with residential construction as the mainstay.

"Last year, we had 18 new residences," said Collie, "and I think this year we will exceed that." He said he drew his conclusion from trends and conversation among residents, and from the way money has loosened up of late.

He noted the areas of the city which now show high potential for new residential construction include Ponderosa, in the southeast; Hidden Valley Addition, south Canyon; and Pioneer Estates, east Canyon.

"I don't look for a big boom, but I do look for lots of new buildings and new residences," he added, "The buildings are sold as soon as they get them built. As long as we have steady growth, it's good for everybody.

"I believe this year will be one of our best years for new construction," he predicted.



T.A. Black visits the Canyon Community Center to cast his vote in Tuesday's city elections, in which three incumbents were unopposed. Voting was light throughout the day.

Accreditation Officials Inspect Neblett Friday

Two representatives of a Joint Commission on Accreditation of Hospitals will inspect Neblett Memorial Hospital Friday.

What they find will determine whether the hospital will receive accreditation. Last year, the hospital was given a oneyear accreditation, said Ray Grimes, hospital administrator.

"In the past," Grimes said, "we have received two and three-year accreditations, but last year they would only give us a one-year approval.

The commission is a voluntary organization which surveys hospitals to evaluate them by standards of quality care.

Grimes also pointed out if Neblett Hospital does not receive accreditation this year, Medicare officials will conduct their own investigation of the hospital.

"It is totally desirable to have accreditation as far as patient care is concerned. It means something to the community to have your hospital accredited."

South Randall County voters last year passed a bond issue for $800,000 to provide a 50-bed hospital for Canyon. The hospital district also was formed in the same election, and board members petitioned Hill-Burton for grant funds.

On March 14 of this year, the hospital district was notified that the Texas State Department of Health has approved a $1,100,000 Hill-Burton loan for purpose of constructing a new hospital in Canyon.

Grimes said Monday a representative of the Neblett Hospital staff will travel to Austin in an attempt to obtain more information about this loan. Grimes said he had not yet determined who will make the trip.

Generally, the loan program would include a government-guaranteed loan with an interest subsidy. "When the details of this loan program are available, the district board will be able to determine if the district is eligible, and if the loan would be of assistance in the financing of a new hospital," according to a release from Neblett. "It is the feeling of the Board of Directors that with the tax bonds already voted and the Hill-Burton assistance already offered, the chances are extremely good that the South Randall County Hospital District will be able to construct a new hospital facility in the near future, without any additional burden on the taxpayers of this district."

Chairman Re-Elected

Members of the Randall County Home Demonstration Council elected officers and were reminded of three events scheduled for April when they met Mar. 27 in the Farm Bureau Building.

Mrs. Jim Irlbeck was elected to a second term as chairman. Mrs. Bill Mead is vice-chairman, Mrs. Clarence Howard, secretary, and Mrs. Tom Henry, treasurer.

On April 17, Mrs. Becky Hall will demonstrate cleaning and caring for a sewing machine at a leader training meeting.

Representatives from the county will be in Pampa April 20 for a district THDA meeting at First Baptist Church. Registration will be from 9:30 to 10 a.m.

On April 29, 4-H Clubbers will be on the campus of West Texas State university for method demonstration competition in all areas.

The next council meeting is to be at 2 p.m. April 24 in the Farm Bureau Building.

Columnist Considers Campaign

BY PAULINE HEFLEY

PERMIT ME IF YOU WILL, to deviate from the usual light, jovial attitude to a more serious, candid vein of thought for a moment. First off, thanks, thanks so very much to those of you who took the time and made the extra efforts to go and cast a vote for me. I sincerely appreciate your support. Secondly, congratulations to Dr. Moore, Mr. Graham, and Mr. Pruett.

YOU COULD ALMOST call this week's by-line "Reflections on a Candidate's Race." I can guarantee you that if this writer had anticipated the results this year after the results of last year, there would have been no redhead's name on the ballot. I am amused at the remarks that are made, following an election, to a candidate who lost. Such remarks as: From a friend..."Well, somebody has to lose"...(Humbug on that)...From another friend..."I'll meet you for lunch and I'm not coming dressed incognito...I'm not ashamed to be seen with a loser"...From a husband..."You did real good, Polly, and if a group of people asked you, you would run again"...(All the time the defeated candidate is adamantly denying same)...From two darling daughters..."We're proud of you, mother, you didn't even cry"...from a friend..."This will help you to build character"...(Humbug again..was hoping I had enough of that stuff called character)...From a daddy..."I love you in your victories and your defeats"...From a mother..."Maybe you can win something in tennis"...(And that even appears marginal at this point in time). And, on and on we could go. Seriously, it is all over but the memory. All is not lost though, it has been an interesting experience, with so many laughs and the sheer anticipation of winning was exhilarating at times for me. But, then one is faced with the reality of defeat. Which completely drained me, only temporarily you realize, of all my energy, drive, enthusiasm and who knows what. I shall not again run for a seat on the school board. But I shall not let this defeat deter me from higher sights, I am reminded of our friend Abe Lincoln...I forget how many times he was defeated before he finally was elected for President — look that up if you are not familiar with his track record. AHa!!! Is this a discreet way of telling you that I shall someday be a candidate for the Presidency? Not so, but then a woman can always change her mind and perhaps I might exercise that prerogative later. Enough for this...News is so brief this week. I suppose I was so enamoured with my own election that I was certainly remiss in getting any news.

IN ANY EVENT, to begin with, me and Lovie and Jodi and Alexis tootled up to Springdale, Ark., to visit with Ed and Midge Hershey and kiddoes, and Charles and Margaret Hershey and kiddoes. We had a delightful time and saw some beautiful country. Also took in the Arkansas Country Opry, at Fayetteville with Johnny Stills, which was an all time first for the four of us and quite a contrast from the final performance of the Amarillo Symphony we had seen the week before with the George Shearing Quintet. And we motored over to Eureka Springs and quickly decided we must go back and spend some days there in that unusual hillside resort. And our little Alexis spent a couple of nights with Suzan Burkart — What fun. Lovie and I visited with Norma and Walter Burkart and they took us up and showed their newly acquired land on top of a mountain (never was a Grammarian, but took us up don't sound right). Anyway, young Walter Burkart was there with his folks, and many of you will be interested to know he will soon be departing for Italy in the furtherance of his tour of duty in the security end of the U.S. Navy. We take this opportunity to wish him lots of luck and we know he will represent us well. The Burkarts (all of them) send a big "Howdy" to all of you.

HAPPY ANNIVERSARY to Guy and Troyce Mulherin.

UNDERSTAND THE JOHN DODSONS took a nice trip over Easter. Those going along for the good time were John, Bonnie, Greg, Carrie, Brian, Cindy Fuller, and Grandmother Ethel Dodson of Amarillo. They tootled out to El Paso and Juarez, dropping grandmother by Socorro, New Mexico, on the way out and picking her up on the way back. Greg reports they had a real nice time.

HAPPY BIRTHDAY to Linda Ford.

WELCOME HOME TO OUR fearless leader, Luther B. Lawless. Talked to him just yesterday and he says he is doing fine and feeling good (brother, I'll bet he gets lots of mileage out of his recent surgery). Seriously, we're glad to have him back and glad he is well.

HAPPY BIRTHDAY to Kyle Balke.

NOW, YA'LL PHONE ME your news...quickly...where did you go last week, what did you do (that can be put in print), who has been to pay you and yours a visit? Just call and give me the details 376-9853 or 352-2089...Thanks.

BORROWED FROM THAT eminent philosopher of our time Charlie Brown..."Winning may not be everything, but losing ain't nothin'."...pmh

You can sell most anything with a want ad. Call 655-2141.

Ed Wieck, member of the Canyon School Board, presented a trophy to Jan Henson, Canyon High School student, for her participation in the Palo Duro Soil and Water Conservation District Essay Contest. The trophy was presented at the school board meeting Tuesday night.

Girl Eagles To Host Track Meet Saturday

The Canyon Girls track team will host 10 high school and two junior high girls teams in the meet here Saturday.

High school teams entering are: Friona, Dimmitt, Happy, Fritch, Dumas, Booker, Whiteface, Slaton, Hart and Gruver. Panhandle and Cooper will bring their seventh and eight grade teams.

Preliminaries will start at 9:30 a.m., while the finals will get underway at 2 p.m..

March 25 the girl thinclads competed in the Panhandle meet, finishing 11th in a field of 20 teams. Joy Williams won the 440 with a blistering 60.9 clocking and Susan Cox placed fifth in the 880 with a 2:36.4. The mile relay Lynn Davis, Alisha Nelson, Cathy Lewis, and Miss Williams Quartet ran a 4:22.3 to finish fourth.

Last weekend at Idalou, the Girl Eagles tied for fourth in a 17 team field. Miss Williams ran a 61.9 quarter to finish in the runner-up position, while the mile relay brought their previous week's time down over eight seconds to win with a 4:14 time.

Miss Nelson placed fifth in the 440 with a 64.9 time in that meet; the 880-relay team (Sheila Tomason, Rhonda Umberson, Lynn Davis and Judy McBroom) ran a 1:53.5 for a fifth place finish; Val Decker and Cindy Bullock finished third and fifth respectively with times of 2:45.5 and 2:47.8.

Miss Williams captured another first, running a 61.2 in the 440 at the March 18 Friona meet. Miss Nelson took a fifth place finish in the 440 with a 65.8. Lynn Davis was fifth in the high jump with a 4-8, while the mile relay squad reeled off a 4:23.8 to finish second.

Admission to the Saturday track meet will be 10 cents for students and 25 cents for adults in the primaries and 25 cents and 50 cents for the finals.

Buffs Enter Texas Relays

Coach Bob Kitchens and his abbreviated track team were slated to leave early this morning to compete in the Texas Relays at Austin Friday and Saturday.

Kitchens is taking only ten athletes with him to the rugged meet, which will feature many of the nation's top track squads. Two members of that team, however, suffered minor injuries in workouts Tuesday.

Sprinter-quarter miler Tracy Dickson strained a leg muscle and pole vaulter Warren Snow turned an ankle. Both were, however, expected to make the trip.

Others making the trip are Carl Brown, Randy Thomas, Lee Lewis, Gary Goodin, Steve Cone, Jim Hogan and Kirk Johnson. Brown will run the high hurdles and on the 440-yard relay team. Thomas will enter both hurdle events.

Lewis and Dickson are entries in the 440, 880 and mile relays. Cone will run on the 880 and mile relays, while Goodin will run in the 440 and 880 relays. Hogan is a mile run entry and Johnson will throw the discus.

In a three-way meet at Albuquerque last week Johnson set a new school mark in the discus with a 168-11 toss.

Netters 2nd At Tourney

West Texas State University's tennis team captured second place in the Oral Roberts University Tournament last week in Tulsa, falling 5-4 to the hosts on the final day.

Earlier, on that same road trip during the Easter break, the Buffaloes had beaten same road trip during the Easter break, the Buffaloes had beaten Abilene Christian, 6-0; Texas A&M in a great victory, 5-4; Baylor, 6-2; Austin Peay, 6-3; and North Texas State, 8-1.

The Buffaloes pushed their season record to 14-4.

"We played well during the tournament, but we are disappointed about losing to ORU as we had beaten that team earlier this year," said Kent.

The Buffaloes and their individual records are Paul Tobin 12-5, Mike Bolton, 14-4, John Phillkips 12-6, Dale Corbin, 13-3, Steve Bailey, 12-4 and Joe Carrick 9-2.

Phillips and Tobin have a 13-5 mark in doubles playing in the number one position. Bolton and Corbin are 15-3 and Bailey and Carrick had a 7-2 record.

WT Golfers Place Sixth

West Texas State's golf team placed sixth in a 21-team field last weekend in the Oklahoma Collegiate Invitational at Shawnee, carding a 910 total.

The Buffaloes of coach Vern Farquhar have made steady improvement all season and four players are averaging below 80 scores for the year.

Plainview junior Dick Weston leads the way, averaging 74.5 strokes per round for 13 rounds of tourney competition. Jerry Boeka has a 77.2 average and Clovis sophomore Eddie Kilmer is averaging 77.7 strokes per round.

Canyon's Randal Burton, the only freshman among the top four, is averaging 78.2 strokes per round.

Mayfield Sends Buffs Through Contact Drills

West Texas State University's football team, under the direction of head coach Gene Mayfield, put on pads Wednesday for the first time this spring.

The spring football drills will climax with the final scrimmage at 7:30 p.m. Saturday, April 29.

Should cold or wet weather force postponement of any of the practice sessions, some of them may take place the week fillowing the final scrimmage.

The Buffaloes, who reported in Tuesday following 10 days for Easter vacation, will work out five days each week, Tuesday through Saturday. No scrimmage session is slated for this Saturday, but scrimmage sessions are slated for the following two Saturday afternoons.

"I was pleased with the physical condition of the players Tuesday," said Mayfield. He and his staff had marked off a 370-yard running course on the practice field area. Before the players left for their spring break they were required to make two runs through the course and each player was timed.

Nearly every player on the squad improved his time from his effort before Easter.

"Either the players did some running during the Easter break, or else they rested a great deal in order to improve those times," he said. "It was a good test of endurance."

The spring drills opened without returning starter Dewayne Sexton, a center. Sixton is planning to transfer next fall to Midwestern University in Wichita Falls, change his major to medical technology and graduate a year earlier.

Mrs. Jeannette Robbins, 1508 Eighth Ave., grows tomatoes in her bedroom. The vine, which came up in a geranium pot, has about 26 tomatoes on it and more blooms forming. She has gathered 10 of the small tomatoes. The vine is propped up with small tree limbs and she said, "I had to get more sticks last week."

℞

WHAT IS HISTOPLASMOSIS?

It is a fungus infection of the lungs contracted by breathing contaminated dust. It is more likely to be found in rural areas than in urban, since this fungus affects animals also. It tends to be a comparatively mild, but chronic, sickness. Most cases offer no serious problem.

Its danger is that it can be confused with tuberculosis and some people having it are afraid to go to a physician fearing a tuberculosis diagnosis. Never have any fear when visiting a physician. The least he can do is to help you live longer and more comfortably.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

An Open Letter To The People Of Texas

Dear Voter:

I'm a candidate for attorney general of Texas because I believe it's time for a change in the office.

Crawford Martin is seeking a fourth term. It's the first time in the history of Texas an attorney general is running for a fourth term.

Campaigns should be run on the issues and I don't like to inject personalities and personal relationships into a political campaign. But, the relationship between Frank Sharp and Atty. Gen. Crawford Martin cannot be swept under the rug.

The new book about the Texas stock fraud scandal, "Texas Under a Cloud," tells about that relationship. On page 128 the book says:

"Atty. Gen. Crawford Martin, . . . got some free newspaper publicity when it was revealed in October, 1971, that he received a 'stock tip' from Frank Sharp — while Martin and his family were Sharp's ranch guests late in 1969 and again at Sharp's Houston office early in 1970.

"Sharp was trying personally to sell National Bankers Life stock to Martin, although the attorney general said that Sharp never mentioned the possibility of Sharpstown Bank loans to buy the stock.

"Martin said that he turned the stock offer down because it would have cost too much, because NBL was in 'shaky' condition, and because he did not buy 'speculative' stocks.

"He did not comment on the ethical aspects of a state official's accepting a stock tip of that sort — perhaps, because *Martin, as attorney general, had ruled in favor of Sharp on a key legal issue about Sharpstown State Bank* only two and one half years before Sharp made the stock offer to Martin.

"Martin's ruling had the effect of increasing the bank's capitalization dramatically and thus its ability to make large loans, ultimately giving Sharp the financial resources he used in the manipulations charged by the SEC."

As you know, hundreds of Texans lost their life savings because of Sharp's stock manipulations and it probably wouldn't have happened but for Atty. Gen. Martin's legal opinion.

Don't you agree, it's time for a change in the office of attorney general of Texas?

Just so you'll know what you'd be changing to, I'd like to tell you a little about John Hill. I'm a native Texan, grew up in Wink and Kilgore, was national debate champion at Kilgore Junior College and graduated from the University of Texas Law School. I served in the Navy during World War II, practiced law (much of the time in courtrooms) in Houston, and was secretary of state from 1966 to 1968.

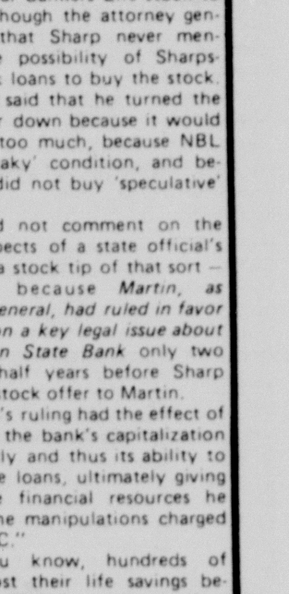
I certainly would appreciate your support.

It is time for a change.

John Hill

John Hill

P.S. If you want to help in our campaign, please write John Hill, 408 Brown Building, Austin, Texas 78701 or call 512-474-1991.

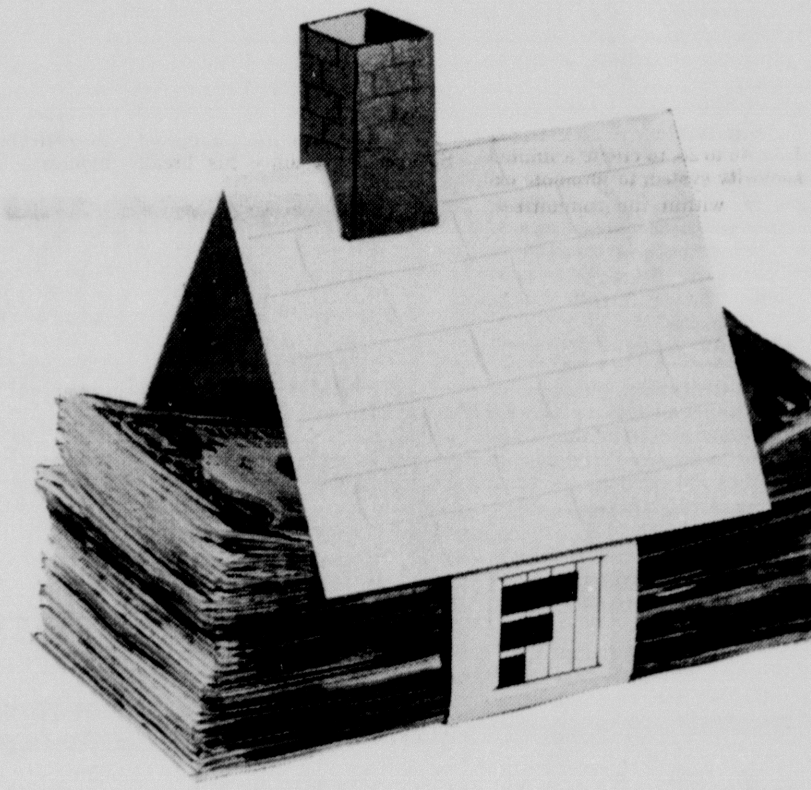


A New Lawyer For Texas

John Hill

Attorney General

There's a loan for your home at First Federal.



Are you ready for the home you've always wanted? Whether it's one you've carefully planned, or one from the large selection on the market, we're eager to help.

Come to First Federal for your home loan. More people have, over the last third of a century, so we've gained a lot of experience in working with families such as yours. We can help you decide on the loan plan that best meets your needs, with as little as 5% down, and up to 30 years to repay. With a First Federal conventional home loan, you can pay ahead, any amount, anytime, without penalty. Of course, we offer FHA and VA financing, too.

Don't let your housing dollars go without paying for the home you've longed for. Come to First Federal for the money. We'll help make sure your loan is as right for you as the home it pays for.

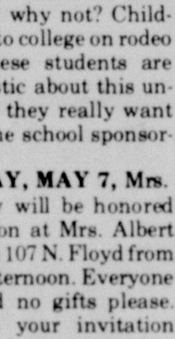
Rahlfs, Hand Win School Board Election; Railsback Elected Mayor

BY MARY NEAL HENRY

THE HAPPY RODEO Association met Wednesday night of last week with several guests present. Special guests were George James and his assistant of Tulia. An annual financial statement was presented to the club. Officers were elected for the coming year as follows: President, Tom Henry; Vice President, Don Magness; Secretary-Treasurer, Bob McDonald; and Directors, Lewel Johnston, Carl Sims, and Frank Briscoe. Another special guest was Kim Gripp, a senior student of Hereford High School and president of the Hereford High School Rodeo Club. Kim answered all questions and stated that there are thirty high school rodeo clubs in this Tri State High Area, "hoping to make it thirty-one." Many parents and school board members were present for the meeting.



THURSDAY, the high school students met to organize a club. Many parents and sponsors were present. Rules were outlined and officers elected to serve as follows: President, Wendy Sims; Vice President, Bill Pearson; Secretary, Karen Murdock; Treasurer, Mark Hargraves; Reporter, Kevin Donnell. The kids will present this plan to the school administration and school board for their approval. And why not? Children have gone to college on rodeo standings. These students are very enthusiastic about this undertaking and they really want to see it become school sponsored.

ON SUNDAY, MAY 7, Mrs. Vivian Wesley will be honored with a reception at Mrs. Albert Null's home on 107 N. Floyd from 3 to 5 in the afternoon. Everyone is invited and no gifts please. Consider this your invitation and mark that day on your calendar. Mrs. Wesley is retiring from teaching and from being Elementary School Principal, effective May 31, 1972. She began teaching in Happy in 1942 and has taught for thirty years. She has some third generation pupils. I know of some second ones. It is comforting to have someone teach your children who taught you and whom you know to be a good teacher. We'll miss Mrs. Wesley. She plans to stay on in Happy for the present time, but will eventually move to Pierre, South Dakota, to be near her brother and his family, the Darrell Carruthers. Daddy was a good friend to the Carruthers and we were up there many years ago. They live in Hays, South Dakota, West of Pierre. The country is beautiful gentle rolling hills of grass. Mrs. Wesley in anticipation of someday moving gave me a start of the peonies that Daddy had given her from my Grandmother's yard in Royce City. There was still black mud around the roots when I planted them and I'll have to admit that a few tears fell in the reminiscing. Mrs. Wesley plans to stay busy and to have a bit of leisure to use as she chooses. She's earned it. We wish her the very best.

HAPPY JAYCEE-ETTES met on Tuesday of last week. Plans are in progress to have a joint Installation Banquet with the Jaycees. This will be a first for Happy. Al will cater the fried chicken dinner and the Jaycee-Ettes will decorate using the theme, "Service, the Key to a Better Future." The banquet will be held in the Jaycee Hall. Skip Simmons was appointed soft ball chairman. Susan Rahlfs was appointed Betty Crocker coupon chairman. Dottie Foster is chairman of national giveaways. Judy Shipman, Sara Tirey, Dottie Foster, Skip Simons, LaVenna Jackson, Della Venhaus, Joy Freeman, Lynn Ritter and Betty Stockett were present for this meeting. The check to help send a girl to Girls State was presented to Ora Mary Sims.

THE AMERICAN LEGION Auxiliary will meet April 13th in the Hospitality Room of the First State Bank to select the delegates and alternates to Girls State. Delegates will also be elected to the 4th Division Convention to be held in Lubbock, April 29 and 30th. They do thank each club that has contributed to the Girl State Project.

THIS WILL BE the second Sunday in the month. There will be bingo at the Catholic Hall.

WENDY SIMS WON the calf roping at the Dalhart High School Rodeo last week-end. He had on the belt buckle that he won Sunday. Pretty! Wendy tied his calf in 15.5. Buster Record of Dumas won third with a time of 16.8 Buster also won all-round honors and a saddle with that title. Buster comes to see us often and we are pleased for him. Dumas won the boys team trophy with 25 points and Clayton girls won with 18 points. We don't have any of those trophies in our cases, but I bet we can give them some good competition once we get started. Wendy also ranked fourth in Ribbon Roping with a 19.5. Buster Record and Kim Gripp won the team roping. Bill Blasingame and Steve Easley won fourth and Bill used to be a neighbor to the north of us.

I'LL APOLOGIZE FOR myself first for last week. That Harman-Toles ladies volleyball team won third and it was so close and they fought for it for so long that they really should receive credit. So, Congratulation, Sara Tirey, Eddie Cope, Connie Johnson, Ora Mary Sims, Sherry Walker, Mary Wilhelm and Tanya McCarley.

AND THEN I'LL apologize for the printer. When Fay read that Jim and Andy had won the high jump and those hurdles, he said he sure wished he'd been there to see that. Jim Hand won first in the discus and Andy Hand won second in the discus. Rocky Williams won sixth in the discus and sixth in the shot put. Gary Barrett won second in the high jump and second in the broad jump and third in the 120 high hurdles. The other winners made last week's column fine. Sorry about that. I believe in giving credit where credit is due.

HAPPY JAYCEES SPONSORED their eighth annual Easter Egg Hunt in Happy's Stephenson's Park last Sunday. Winner of the 0-6 years old division was Darren Johnson, young son of Mr. and Mrs. Reggie Johnson. Winner of the 6-10 year old division was Ronnie Harvey, son of Mr. and Mrs. S.B. Harvey. There were lots of prize eggs with money hidden in them and grandparents were on hand for this big event.

HAPPY JAYCEES ALSO sponsored a work forum for Region 104 on Saturday night. The eight clubs represented were Tulia, Muleshoe, Plainview, Castro County, Amarillo, Claude, Gruver, and Happy. Muleshoe won the Region Travel Trophy with a total of twenty Jaycees present. Claude won the "Out of Region" Travel Trophy with three Jaycees. The program was given by Pat George, State Vice President. He also gave the current ratings of the Texas Jaycees. A total of 65 Jaycees were present.

THE HAPPY SCHOOL Board Election was the big news of the week. O. H. Rahlfs won his seat back with 148 votes and Fay Hand won with 96 votes. These are both fine men and will have our children's best interest at heart. Wayne Pearson and Ben Boston both had 95 votes each, so you see it was close. Dick Railsback is again serving as mayor of Happy and Lloyd Venhaus and Bob Pulsipher as city commissioners.

JOHN ABBOTT, MISSIONARY to New Mexico, died Thursday when a truck fell on him. Memorial services were to be held Sunday evening; the funeral service was at Espanola Monday morning and burial at Santa Fe. John Abbott was friend to many in Happy and had spoken and showed his slides many times. Mrs. Abbott requests that memorials be money donated to finish a project that Brother Abbott had begun.

CAMERON LEE MITCHELL Forbis was recently named 'club woman of the year' by the Junior Women's Club of Wilcox, Arizona. Cameron worked on a scrapbook for this group that received 19 awards and won first in state competion. If you've ever worked on a scrapbook, you'll appreciate that feat much more. She also teaches a Sunday School Class and G.A. group, assists in civic projects, gardens, and does all those other chores and tasks that homemakers do. Cameron is married to Don Forbis and has two boys, Russel, six years old, and Heath, 4. Cameron attended Texas Technical College and later Graduated from West Texas State University. I know that Cameron was on the honor roll for a part of that time if not at all of She now substitute teaches in Wilcox, and has helped organize a new project of collecting and recycling cans, took part in the Junior's summer library program and assisted in collecting Betty Crocker Coupons for the purchase of a kidney machine for Cochise County. Congratulations, Cam!

THURSDAY A COUPLE of women just passing through town decided to drive down town and look around. They had their hair done in the Happy Beauty Salon and Mary said they really enjoyed them. They were from Illinois and on their way to California. Happy will always be one of their more outstanding memories.

MARY AND EDDIE Womack and sons, Tommy and David and their families spent the Easter weekend at Lake Brownwood. Mary was painting and visiting her friend, Rosemary Thompson, who has a shop at the Lake when in walked Vesper Sims. Vesper and Bob were down there visiting friends. Mary Womack still has an art collection at Lake Brownwood.

BLUE RIBBON WINNERS at that Foods Show last week were: Junior Milk Group, Janet Foster, Christy McCaslin, Aaron Parker, Debbie Parker and Bo Foster; Junior Meat Group, Jodi Foster; Junior Fruit and Vegetable Group, Lisa Payne, Laura Fellers, Kim McCaslin, Carolyn Moudy, Lisa Foster Junior Bread and Cereal Group, Pearl Perez, Carla Venhaus, Nancy Woods, Brenda Parker; Senior division, Catherine Parker and Debra McCarley. Red Ribbon Winners were: for Meat Group, Andrea Payne; for Milk Group, Sharla Miller, for Fruit and Vegetable group, Jeanne Parker, Dana Foster; and Bread and Cereal group, Vicki Venhaus, LaRae Sims, Becky Stubblefield, and Marta Kay Donnell. White ribbon winners were: Danny Bell in the Meat Group, and Lisa Johnson in the Bread and Cereal Group. Congratulation, All. Believe me, if you've never had a child who has prepared a dish to take to aCounty Food Show, then you don't realize the effort put forth. That really should be capital 'E'. Those big winners, Catherine Parker, Debbie McCarley, Jodi Foster, Lisa Payne and Brenda Parker will be going to the District Show this Saturday.

SUSAN, LLOYD AND Little Lloyd and Modenia and George Rahlfs have just recently returned from Tulsa, Oklahoma, where they visited Jean and her family. The baby is really growing of course, but it is hard to imagine when you don't get to see them often. On their way home, they toured the Cowboy Hall of Fame and the Davis Gun Collection and Will Rogers Memorial in Claremore.

MRS. ALVIN MOUDY, Jr. is the new school secretary.

HAPPY JAYCEES MET Monday night to hear reports of the Easter Egg Hunt and Work Forum and to proceed with Installation plans. The date has been set for April 29. Dick Foster was appointed Chairman of the Happy Celebration. They plan to again sponsor Little League and furnish some coaches. If you'd like to help with this, contact Tom Henry or Norman Freeman or George Tirey or Lloyd Rahlfs. All help appreciated.

MARVIN AND FRANCES Flowers and Byron and Kathy spent Easter in Ft. Smith Arkansaw, visitng Frances' parents.

THE C J GREENFIELDS went to Houston.

THE BOB MCDONALDS' and the Buddy Selvidges were lucky enough to get to go fishing.

SO DID THE Shipmans. Hollis and Inez and Nan Earl, Patricia, Tonya, and Jerry Doyle Geauthreax, and Jerry and Lillie Shipman of Hereford went to Ft. Cobb fishing.

THE DOUG BELLS returned to Howe to visit Randy's grandmother and an Aunt and Uncle.

THE CHARLES KENNEDYS went to Oklahoma to visit the Larry Harveys and Jerry Harveys.

CHAN AND CHARLOTTE Foster and children, Jody, Bo, and Becky traveled to Graham to visit Mr. and Mrs. B.J. Duncan who live on Lake Graham.

JIM AND GAY Fellers and their three, Rhonda, Mike, and Laurie, traveled to Arlington to see Gay's sister and family, the Charles Bartons. Then they came back to Gainsville and spent Easter with Jim's parents, Mr. and Mrs. O.F. Fellers. It is always nice to get away.

JAN AND ALBERT Irlbeck and the twins, Tori and Tara, and Don Ed and Jimmie Middleton and their two ate dinner with Mildred and Williard Middleton. Mrs. Holloway was there, too...four generations.

RUTH AND ALDEN Mann had their front yard decorated with huge Easter Bunnies. It is as big a treat at Easter to drive by as it is at Christmas time. Betty, Bob, Bob Ann, Gregg, and Jeffie were there for Easter. Jeffie said, "He wuved the Easter bunnies."

WE ENJOYED PHIL and Chris Bradley of Gruver on Friday and Saturday nights. They had doctor appointments in Amarillo and Canyon on Saturday morning and returned home Sunday morning. Bert and Annie Lemmons spent Easter Weekend in Seminole with John Lemmons family.

MRS WINNIE TACKITT of Panhandle and Betty (Larry's Sister) of Weatherford spent Easter Sunday in the Larry Tackitt home.

POE AND LINDA Cabe and Cindy Toles were home with John Frank and Novalene for the holidays. And those grandchildren. I mustn't forget them.

I KNOW THEY had to share them with Lena Bell Cabe.

THE FRANK TIREYS had the family home and that is some crew. George, Sara and Jim Tirey, Georgine and Bill Tirey, Judy, Gene, Raphe and Dandi Shipman, and Jeanne and Ronnie and Jay Wade and Roxie Johnson.

VISITING IN THE L.L. Airhart and Mr. and Mrs. Tom Airfine, but he really likes company hart from Amarillo; Modenia and George Rahlfs, and their daughter, Janet and her family, the Vitatoes.

CHARLES WRENN AND his sons, Danny and Charles, were in church Sunday morning. We really don't count Charles a visitor even if he has been away for twenty some odd years.

MR. AND MRS J.L. Waters more than filled a pew Sunday morning. Keith and Carollee and their five children were visiting. That is a nice looking family. I'd like to have kidnapped that little boy.

JOHNNY AND BETTY Miller served Sunday dinner to Loraine and Keene McDonald and their children and grandchildren, Susan and Lloyd Rahlfs and "Little" Lloyd, and Janie and her two boys and friend, Alvin Downing. Mrs. Smythe, Mary Janes's Mother is also with her.

DAL AND HIS wife were home with Betty and Eddie and Shawn Walters. Eddie is doing fine, but he really likes company to help pass the time away and I know he enjoyed the family.

FAYE AND FOSTER Parker and girls, Cathy, Brenda and Debbie held a family gathering Easter Sunday. Brenda and Debbie were baptized into the church at Wayside that morning and most of the family was present for the occasion. Enjoying the day were parents and grandparents, Lenna Parker of Canyon, and Mrs. Lowry, Faye's brother and family, Mr. and Mrs. Buddy Lowry and their 3 children, Stevie and Sabra Parker from Houston, Bertha Parker of Tucumcari, Ronnie and Teresa Woods of Lubbock and Mrs. Don Woods of Amarillo.

WE ENJOYED EATING supper with my sister, Frances Matthews, and her family in Panhandle. Mother was also there and all Frances family, Mr. and Mrs. David Matthews and Brandy, their 2 year old daughter and Mr. and Mrs. Darrell Matthews of Shamrock, Debra Kay of Amarillo, and Dean who is still at home. (He is five months older than Ken.)

THERE WERE FOURTEEN at the Brotherhood breakfast at the First Baptist Church Monday morning. In the absence of Brother Paul Heil, Dee Taylor gave a devotional.

FRANCES FLOWERS, MILDRED Devin, Joan McDonald, Willie Butler and LaNelle Todd attended the Vacation Bible School Clinic in Plainview Tuesday. Only one six weeks until school is out, butI believe this six weeks has seven weeks in it. Then we'll all be busy in Vacation Bible School.

TWENTY SIX RAINBOW girls and 9 adults attended Rainbow in Happy Monday night. Plans were made to attend church in a group next Sunday at the Presbyterian Church. This is an annual observance of the assembly to commemorate their anniversary. The girls take turns going to the several churches in Happy. Saturday they will attend a joint meeting in Hereford, and fill several stations during the meeting. Next week they will be hostesses at a coke party and overnight stay of Nancy Blount, the Grand Worthy Advisor of Texas.

I KNEW IT was coming and still I was surprised to get the Canyon Sunday News out of the mail. I was as thrilled as a child with his first toy. Enjoyed it!

See ya!
Mary Neal

Rabbi Kline To Lecture

Rabbi Alexander S. Kline, spiritual leader of Congregational Shaareth Israel in Lubbock, will conduct three seminars and an informal lecture at West Texas State University Thursday and Friday.

Thursday morning he will speak in room 101 of University Complex south at 9:30 and 11 on world affairs and Jewish philosophy.

At 8 p.m. Thursday he will speak in the Activities Center on "What Jews and Christians have in common."

Friday morning from 10-11, he will hold a seminar for art majors on Jewish art.

He received a bachelor's degree from the University of Cincinnati in 1940 and was ordained a rabbi at the Hebrew Union College in Cincinnati, receiving a Master of Arts in Hebrew Letters.

The Jewish Chautauqua Society, an organization to create better understanding of Jews and Judaism through education, sponsors the rabbi's lectures on college campuses.

Rotary Sponsors Man's Garage Sale

"A Man's Garage Sale," sponsored by the Canyon Rotary Club, will be held from 8 a.m. to 5 p.m. Saturday in the Junior Livestock Barn.

Items to be sold will include men's clothing, golf clubs, and garden equipment, according to Ples Harper, president.

Women are welcome and urged to attend, he said.

Rotary club members will donate items to the sale and any other person interested in donating items may call a Rotary Club member and the items will be picked up.

The proceeds from the sale will go the the Rotary Club for support of charitable organizations

Stage Band Will Play For Friday Night Dance

The WT Stage Band will provide music for a dance at 8 p.m. Friday sponsored by Tau Beta Sigma and Kappa Kappa Psi, honorary band sorority and fraternity. Dancing in the WT Band Hall in the Fine Arts Building will continue till midnight.

Dave Ritter will lead the musicians in rock, jazz, soul, the Chicago sound, jazz-rock, and blues in an evening that will feature tenor sax soloist Albert (Tiny) Reposh, trumpet soloists, flutes, and drums.

Guitar, trombone, percussion, and vibes will complete the aggregation.

Tickets at $1 per person are available from any member of either organization.

League Meet Set At WTSU

Members of the Randall County Little League will hold their first organizational meeting at 7:30 p.m. Thursday in the Field House on campus at WTSU.

Little League President Richard Pruett this week urged all who are involved or interested in the annual baseball program to attend. "It is of vital importance that all players and their parents attend. Players' registration cards will be collected."

Cards, he said, have been distributed to city youngsters at schools.

Pruett emphasized that all players of League age—regardless whether they have yet been assigned to teams—should attend.

"In order to meet growing financial needs of the League," he continued, "The Board of Directors is requesting from all parents a minimum donation of $5 per player." Pruett said. Each donation is certainly not a condition parents must meet for participation, "but it is an appeal for support."

Topics of discussion at the meeting will include uniforms, major league try-out dates and future construction of new playing facilities.

Pruett added that a drive among League supporters to sell fence signs to the city merchants will begin next week. Funds derived from this drive are to be utilized in purchase of necessary Leauge equipment, such as the uniforms, balls, bats, catchers' equipment and other items.

Pruett said he has secured most of his major league coaches, but that he needs 10 minor-league coaches and 10 umpires to serve during the upcoming season.

"We will have about 230 boys participating this year," the president said.

Rickey Welch Finds Most Eggs At VFW Hunt

Rickey Welch of 1909 7th Ave. in Canyon took the prize for finding the most Easter Eggs at the hunt Sunday in Conner Park.

The Egg Hunt was sponsored by the Canyon VFW Post.

The winner of the prize for finding the least eggs is not known, according to Sarge Riley, post commander.

Winners in the one to four age group were: first, Chad Lundy of 2519 14th Ave., second, Patrick Tinsley of 1905 6th Ave., and third, David Manly of 2419 10th Ave.

In the five to nine age group, first and second places went to Tracy Britton of 3402 Thurman in Amarillo and third to Elaine Vise of 708 Foster Lane in Canyon.

In the ten to 15 age group, Tim Martin of 903 5th Ave. took first place, second place winner is unknown and third place went to Allison Clifford of 1712 4th Ave in Canyon.

Firemen Quell Kitchen Blaze

Canyon firemen extinguished a small grease fire Monday in the kitchen of the residence of Truman Freeman, 1203 9th Ave.

Firemen received the call at 12:20 and extinguished the blaze moments later. Only minor damage resulted.

Four fire units made the call.

Christian Comments On Special Session

Rep. Tom Christian, today, applauded the accomplishments of the Second Called Session of the 62nd Texas Legislature.

"In three short days the Texas Legislature elected a new Speaker, passed emergency legislation, and in my opinion, passed for the first time in history much needed rules reform."

"Under the capable leadership of Speaker Rayford Price the House voted to limit the powers of conference committees, to put an end to additions and deletions in legislation without the knowledge of the House, to reduce the number of committees from 46 to 25, to create a limited seniority system to promote expertise within the committees, and to record the proceedings of all committees and make them public record," Christian said.

Rep. Christian further stated, "The discharge of three committees — Appropriations, House Administration and Revenue and Taxation — will take the business of appropriations and administration out of the hands of Bill Heatly and Tommy Shannon and put it back into the hands of the full committees."

Shannon was recently convicted, along with former Speaker Gus Mutscher, of bribery conspiracy.

"The most meaningful reform comes in the rule which provides that the appropriations bill be presented to the full membership of the House at least seven days before a vote is taken," Christian said.

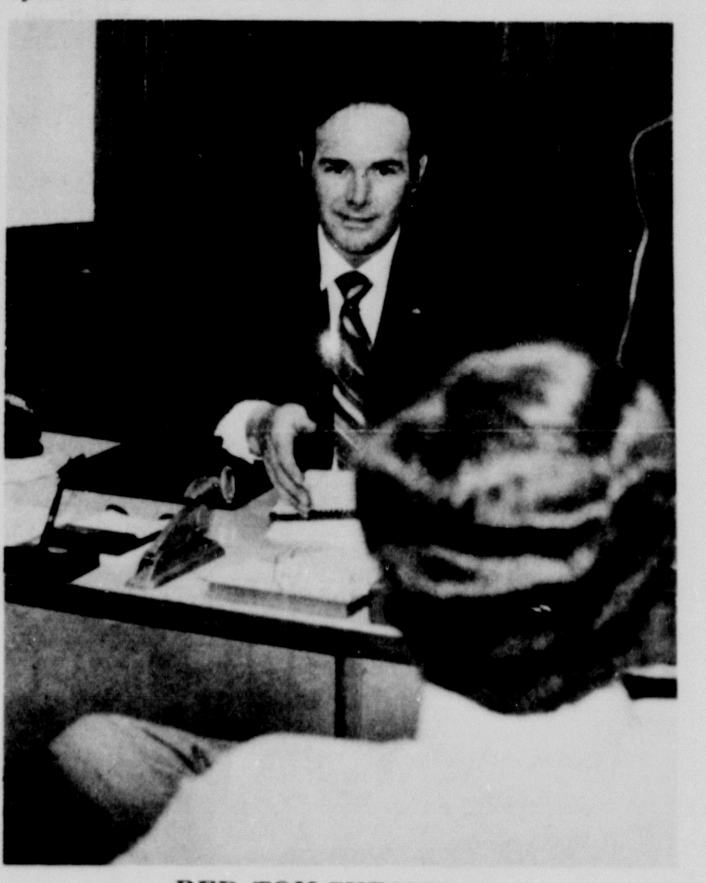
"When the Heatly-Mutscher team controlled the House, the appropriations bill was drawn in secret and not made available to the members of the House until the final minutes of a session. Members never knew what it contained until it was too late..."

"Another safeguard of the publics' right to know, is a provision that requires that public hearings be held for the Appropriations Bill with notice to be posted prior to time of the hearing," he said.

Christian said, "I am pleased with the recognition of the Republican delegation as a force to be dealt with. The votes of nine members of the GOP delegation made the difference in the victory and defeat for reform in the leadership of this legislative body. By voting as a bloc we were able to swing the election to Price, the conservative, and away from the liberal-Mutscher faction led by Rep. Dewitt Hale of Corpus Christi.

"I feel that we are moving in the direction of real reform in our Legislature. We must continue this positive action until we have restored the faith of the people of Texas in their government."

Christian, who has supported Speaker Price since his break with Mutscher, two sessions ago, was named to serve on the Escort Committee to seat the new Speaker and to remain on the rostrum for swearing-in ceremonies.



REP. TOM CHRISTIAN

Riding Club Sets Playday

The Buffalo Riding club has scheduled a Range II Playday for April 9 at the Palo Duro Rangers Arena.

The grand entry will begin at 9:45 a.m., according to Mrs. Leroy Lamb.

Games, including key hole, pole, barrel, flag, ribbon, and baton races, will start about 10 a.m. and continue through the day.

Women from the riding club brought home first place from the ABC Rodeo in Lubbock Mar. 18. It was their first competition of the year.

Mrs. Lamb said that the arena is the second set of improvements west of the Lubbock Highway on the Buffalo Lake Road. It is to the north of the road.
